Falling For The Bad Boy Glenna Maynard, He ll rock more than her heart My only goal as soon as I graduate is leaving this small town and everyone in it behind but then he happens Kai Cooper is broody and mysterious He s everything I said I didn t want A bad boy musician on the road to stardom A complication I never saw coming He s got secrets that not only rock my heart they shatter my world and change everything This is a new adult high school romance about first time love and falling for the bad boy with a good heart Good Humor, Bad Taste Giseline Kuipers,2011-12-22 Good Humor Bad Taste is the first extensive sociological study of the relationship between humor and social background Using a combination of interview materials survey data and historical materials the book explores the relationship between humor and gender age regional background and especially humor and social class in the Netherlands The final chapter focuses on national differences exploring the differences between the American and the Dutch sense of humor again using a combination of interview and survey materials The starting point for this exploration of differences in sense of humor is one specific humorous genre the joke The joke is not a very prestigious genre in the Netherlands even less so than in the US It is precisely this lack of status that made it a good starting point for asking questions about humor and taste Interviewees generally had very pronounced opinions about the genre calling jokes their favorite kind humor but also completely devoid of humor and a form of intellectual poverty Good Humor Bad Taste attempts to explain why jokes are good humor to some bad taste to others The focus on this one genre enables Good Humor Bad Taste to have a very wide scope The book not only
