Sermon Preached At S Martin In The Field:

Lives of Certain Fathers of the Church in the Fourth Century ... (By the author of "Tales of Kirkbeck" [i.e. H. L. Farrer, afterwards Lear].) Edited by ... Wm. J. E. Bennett ,1851 **Athenæ Oxonienses. An Exact History of All the Writers and Bishops who Have Their Education in the University of Oxford. To which are Added the Fasti, Or Annals of the Said University. By Anthony A Wood, M. A. of Merton College. A New Edition, with Additions, and a Continuation by Philip Bliss, Fellow of St. John's College. Vol. 1.[4.] ,1817** *Conforming to the Word* Daniel W. Doerksen,1997 This book remedies the lack of scholarly attention given to the conforming Church of England under James I 1603 25 The Jacobean church was not a lax hiatus between the Elizabethan and the Laudian but a vibrant positive force for writers like George Herbert and John Donne Shown by recent historians to be clearly Protestant in its leadership it maintained a middle way that included at its center both moderate and conforming puritans as well as Calvinist bishops An examination of their writings reveals differences between Arminian custodians of order like Hooker and Andrewes and Calvinist preaching pastors like Donne and Herbert This book also explores significant resonances between Herbert and Richard Sibbes a fully conforming puritan whose writings Herbert likely knew *Dictionary of national biography, ed. by L. Bennett,1851 *Preaching in Eighteenth-century London* Jennifer Farooq,2013 This book looks at the role of preaching culture in eighteenth century England Beyond the confines of churches preaching was heard at political anniversaries and elections thanksgiving and fast days and society and charity meetings all of which were major occasions on the English political and social calendars Dozens of sermons were published each year and the popularity of sermons both from the pulpit and in print make them crucial for understanding the role of religion in eighteenth century society To provide a broad perspective on preaching culture this book focuses on print and manuscript evidence for preaching in London The book also explores the impact of sermons on society by looking at contemporary perceptions of preaching trends in the publication of sermons the process of the publication and the distribution of sermons and the reception of sermons **The British Critic** ,1814 *The British Critic, and Quarterly Theological Review* ,1814 *British Critic, Quarterly Theological Review, and Ecclesiastical Record* ,1814 **Chapters on deacons, by the author of 'Hymns and scenes of childhood'**. Jane Eliza Leeson,1849 **Glorious Temples or Babylonian Whores** Anne-Françoise Morel,2019-06-07 In *Glorious Temples or Babylonian Whores* Anne Fran oise Morel offers an account of the intellectual and cultural history of places of worship in Stuart England Official documents issued by the Church of England rarely addressed issues regarding the status function use and design of churches but consecration sermons turn time and again to the conditions and qualities befitting a place of worship in Post Reformation England Placing the church building directly in the midst of the heated discussions on the polity and ceremonies of the Church of England this book recovers a

vital lost area of architectural discourse It demonstrates that the religious principles of church building were enhanced by and contributed to scientific developments in fields outside the realm of religion such as epistemology the theory of sense perception aesthetics rhetoric antiquarianism and architecture
