**Sermons from Literature** William H. Moore, 2001-06-06 *Sermons from Literature* illustrates the close relationships that exist between the literary reading experience and the religious experience Through illustrative essays about readerly response to diverse works by Angelou Dante Dickey Drayton Herbert Hopkins and Shakespeare Moore proposes new stylistic tactics in literary criticism This book will be of great interest to University scholars and college teachers interested in theory and the profession of English and anyone concerned about crossing disciplinary borders *From Pulpit to Fiction* Allen Permar Smith, 2007 This book examines the authority and power of a sermonic text through its ctive qualities The author argues that a sermonic text functions in the manner of a work of ction and creates an event and space that forces a decision upon the reader The text creates a place where the Kingdom of God is about to happen and is happening Consequently the reader is forced to make a decision Will he or she go and do likewise or reject the Kingdom of God In this way a sermonic text acts like a work of ction and invites a reader into its space and event If the reader of the sermonic text chooses temporally to enter the event of the text the reader has the potential to participate in its dynamics and is forced to make a decision either to believe or not believe Like a work of ction it does not require those external guarantees of authority that are found in the community of faith its doctrines creeds and ecclesiology Rather the authority of the sermonic text is intrinsic as in a work of fiction and stands on its own The discussion is interdisciplinary drawing upon literary theory cultural theory and theology

*Popular reading in English c. 1400-1600* Elisabeth Salter, 2017-10-03 This book is about reading practice and experience in late medieval and early modern England It focuses on the kinds of literatures that were more readily available to the widest spectrum of the population Four case studies from many possibilities have been selected each examining a particular type of popular literature under the headings religious moral practical and fictional A key concern of the book is how we might use particular types of evidence in order to understand more about reading practice and experience so issues of method and approach are discussed fully in the opening chapter One distinctive element of this book is that it attempts to uncover evidence for the reading practices and experiences

of real rather than ideal readers using evidence that is found within the material of a book or manuscript itself or within the structure of a specific genre of literature Salter attempts to negotiate a path through a set of methodological and interpretive issues in order to arrive at a better understanding of how people may have read and what they may have read This in turn leads on to how we may interpret the evidence that manuscripts and early printed books provide for the ways that medieval and early modern people engaged with reading This book will be of interest to academics and research students who study the history of reading popular culture literacy manuscript and print culture as well as to those interested more generally in medieval and early modern society and culture Teaching and Christian Imagination David I. Smith, Susan M.

Felch, 2016-01-15 This book offers an energizing Christian vision for the art of teaching The authors experienced teachers themselves encourage teacher readers to reanimate their work by imagining it differently David Smith and Susan Felch along with Barbara Carvill Kurt Schaefer Timothy Steele and John Witvliet creatively use three metaphors journeys and pilgrimages gardens and wilderness buildings and walls to illuminate a fresh vision of teaching and learning Stretching beyond familiar clichés they infuse these metaphors with rich biblical echoes and theological resonances that will inform and inspire Christian teachers everywhere **Reference Catalogue of Current Literature**, 1906 Readers Theatre Comes to Church Gordon

C. Bennett, 2002-06-17 This is an updated and expanded edition of the first book on how to use Readers Theatre for worship teaching and evangelism A definitive and helpful manual for pastors and Christian Education Directors Included are five chapters on principles procedures and resources along with 10 sample scripts Excellent reference for retreat conference class and workshop planning **Reading, Learning, Teaching Clyde Edgerton** Yvonne Mason, 2009 This is an

introduction to the literature of contemporary American writer Clyde Edgerton A North Carolina native Edgerton has been compared to Mark Twain for his easy humorous style which is based in oral tradition Like Twain and other humorous writers Edgerton's work often contains both biting satire and exploration of very large questions about the human condition The book contains an overview of each of his novels and his memoir in addition to offering critical commentary on theme craft and structure Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning Teachers will find specific companion pieces of literature for introducing Edgerton's vivid and challenging work This book presents the case for including more of Clyde Edgerton's work in our secondary and college English language arts

classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching *Normal Instructor and Teachers World*, 1922 The Story of Narrative Preaching Mike Graves, 2015-03-02 Forty years ago the one thing that could be said about sermons was they were biblical Unfortunately they were sometimes tedious too Narrative preaching aimed to fix that advocating for a dynamic experience of the text over against a static lecture Preaching could be like the parables of Jesus intriguing and compelling The Story of Narrative Preaching is the story of seven students who are enrolled in Professor Freeman's preaching course Once a new trend narrative preaching is now older than most of them As

Professor Freeman notes two things went wrong with narrative styles over time the church became biblically and theologically illiterate and the promised stress on experience didn't always measure up to the weight of the gospel Readers are invited to sit in on the class to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers Flannery O'Connor Alice Walker and others to see what they might teach us about narratives of depth In the end we discover what may be the most important word in preaching *Distance in Preaching* Michael Brothers, 2014-09-22 Based on several years of teaching and careful observation in preaching classes this book by Michael Brothers explores the benefits of distance in preaching and listening to sermons Having noticed that sermon listeners generally want to be given room for their own interpretations and experiences Brothers argues that critical and aesthetic distance as a hermeneutical tool is vital to hearing the gospel today and should be intentionally employed in sermon construction and delivery He explains this distance in the field of homiletics equips teachers and students of preaching to evaluate the function of distance in sermons and encourages preachers to practice the use of distance in their preaching
