Rabassa's Latin American Literature María Constanza Guzmán, 2011-03-14 This book is a critical study of the work of Gregory Rabassa translator of such canonical novels as Gabriel García Márquez's *Cien años de soledad* José Lezama Lima's *Paradiso* and Julio Cortázar's *Rayuela*. During the past five decades Rabassa has translated over fifty Latin American novels and to this day he is one of the most prominent English translators of literature from Spanish and Portuguese. Rabassa's role was pivotal in the internationalization of several Latin American writers; it led to the formation of a canon and significantly to the most prevalent image of Latin American literature in the world. Even though Rabassa's legacy has been widely recognized, the extent of his work's influence and the complexity of the sociocultural circumstances surrounding his practice have remained largely unexamined. In *Gregory Rabassa's Latin American Literature: A Translator's Visible Legacy* María Constanza Guzmán examines the translator's conceptions about language, contextualizes his work in terms of the structures and conditions that have surrounded his practice, and investigates the role his translations have played in constructing collective narratives of Latin American literature in the global imaginary. By revisiting and historicizing the translator's practice, this book reveals the scale of Rabassa's legacy. The translator emerges as an active subject in the inter-American literary exchange, an agent bound to history and to the forces involved in the production of culture. *The Craft of Translation* John Biguenet, Rainer Schulte, 1989-08-15 These essays offer insights into the understanding and craft of translation. The contributors not only describe the complexity of translating literature but also suggest the implications of the act of translation for critics, scholars, teachers, and students. The demands of translation, according to these writers, require both comprehensive scholarship in preparing to translate a text and broad creativity in recreating the text in a new language. Translation thus becomes a model for the most exacting reading and the most serious scholarship. Some of the contributors lay bare the rigorous methods of literary translation in comparisons of various translations of the same piece; some discuss the problems of translating a specific passage; others speak about the lessons learned over the course of a career in translation. As these essays make clear, translators work in the space between languages and in so doing provide insights into the ways in which a culture makes the world verbal. From publisher's description. *Encyclopedia of Latin American Literature* Verity Smith, 1997-03-26 A comprehensive encyclopedic guide to the author's works and topics crucial to the literature of Central and South America and the Caribbean, the *Encyclopedia of Latin American Literature* includes over 400 entries written by experts in the field of Latin American studies. Most entries are of 1500 words, but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries of the colonial period and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating the traditional canon, the encyclopedia also stresses the contribution made by women authors and by contemporary writers. Outstanding Reference Source. A History of Literature in the Caribbean A. James Arnold, Julio Rodríguez-Luis, J. Michael Dash, 1994-09-06 This history for the first time charts the literature of the entire Caribbean the islands as well as continental littoral as one cultural region It breaks new ground in establishing a common grid for reading literatures that have been kept

separate by their linguistic frontiers Readers will have access to the best current scholarship on the evolution of popular and literate cultures in the various regions since their earliest emergence The History of Literature in the Caribbean brings together the most distinguished team of literary Caribbeanists ever assembled cutting across ideological commitments and critical methods Differences in point of view between individual contributors are left intact here as the sign of the colonial inheritance of the region Introductions and conclusions to the various sections of the History written by the respective subeditors set them in proper perspective The unique synoptic aspect of the History lies in its comprehensiveness and its range which are unequaled Contributors A James Arnold Julio Rodriguez Luis H Lopez Morales Maria Elena Rodriguez Castro Silvio Torres Saillant Seymour Menton Ian I Smart Efrain Barradas Raquel Chang Rodriguez Carlos Alonso Ivan A Schulman W L Siemens William Luis Gustavo Pellon Emilio Bejel Sandra M Cypess Peter Earle Adriana Mndez Rodenas J Michael Dash Ulrich Fleischmann Maximilien Laroche Rgis Antoine Lon Franois Hoffmann Randolph Hezekiah Bridget Jones F I Case Marie Denise Shelton Beverly Ormerod J Michael Dash Jack Corzani Anthea Morrison Juris Silenieks Frantz Fanon Vere Knight

Dance Between Two Cultures William Luis, 2001 Offers insights on Latino Caribbean writers born or raised in the United States who are at the vanguard of a literary movement that has captured both critical and popular interest In this groundbreaking study William Luis analyzes the most salient and representative narrative and poetic works of the newest literary movement to emerge in Spanish American and U S literatures The book is divided into three sections each focused on representative Puerto Rican American Cuban American and Dominican American authors Luis traces the writers origins and influences from the nineteenth century to the present focusing especially on the contemporary works of Oscar Hijuelos Julia Alvarez Cristina Garcia and Piri Thomas among others While engaging in close readings of the texts Luis places them in a broader social historical political and racial perspective to expose the tension between text and context As a group Latino Caribbeans write an ethnic literature in English that is born of their struggle to forge an identity separate from both the influences of their parents culture and those of the United States For these writers their parents country of origin is a distant memory They have developed a culture of resistance and a language that mediates between their parents identity and the culture that they themselves live in Latino Caribbeans are engaged in a metaphorical dance with Anglo Americans as the dominant culture Just as that dance represents a coming together of separate influences to make a unique art form so do both Hispanic and North American cultures combine to bring a new literature into being This new body of literature helps us to understand not only the adjustments Latino Caribbean cultures have had to make within the larger U S environment but also how the dominant culture has been affected by their presence

Caribbean Literature and the Public Sphere Raphael Dalleo, 2011 Bringing together the most exciting recent archival work in anglophone francophone and hispanophone Caribbean studies Raphael Dalleo constructs a new literary history of the region that is both comprehensive and innovative He examines how changes in political economic and social structures have produced different sets of possibilities for writers

to imagine their relationship to the institutions of the public sphere In the process he provides a new context for rereading such major writers as Mary Seacole Jos Mart Jacques Roumain Claude McKay Marie Chauvet and George Lamming while also drawing lesser known figures into the story Dalleo s comparative approach will be important to Caribbeanists from all of the region s linguistic traditions and his book contributes even more broadly to debates in Latin American and postcolonial studies about postmodernity and globalization

San Juan Edgardo Rodríguez Juliá, 2007-07-16 San Juan Memoir of a City conducts readers through Puerto Rico s capital guided by one of its most graceful and reflective writers Edgardo Rodríguez Juli No mere sightseeing tour this is culture through immersion a circuit of San Juan s historical and intellectual vistas as well as its architecture In the allusive cityscape he recreates Rodríguez Juli invokes the ghosts of his childhood of San Juan s elder literati and of characters from his own novels On the most tangible level the city is a place of cabarets and cockfighting clubs fl neurons and beach bums smoke filled bars and honking automobiles Poised between a colonial past and a commercial future the San Juan he portrays feels at times perilously close to the pitfalls of modernization Tenement houses and fading mansions yield to strip malls and Tastee Freezes asphalt hems in jacarandas and palm trees In Puerto Rico he muses life is not simply cruel it is also busy erasing our tracks Through this book available here in English for the first time Rodríguez Juli resists that erasure thoughtfully etching a palimpsest that preserves images of the city where he grew up and rejoicing in the one where he still lives Best Books for Regional General Audiences selected by the American Association of School Librarians and the Public Library Association
