Casstevens, 2015-09-01 Located in the western piedmont of North Carolina Yadkin County was hardly a hotbed of rebellion at the start of the Civil War Many of the 1 200 men from Yadkin who served in the Confederate Army did so with distinction but a number deserted Some of these holed up in the Bond School House and when the militia attempted to arrest them four were killed and several others were wounded This is a comprehensive accounting of how the county responded to the Civil War and the effect it had on Yadkin s citizens civilian and military alike *Southern Communities* Steven E. Nash, Bruce E. Stewart, 2019-07-15 Community is an evolving and complex concept that historians have applied to localities counties and the South as a whole in order to ground larger issues in the day to day lives of all segments of society These social networks sometimes unite and sometimes divide people they can mirror or transcend political boundaries and they may exist solely within the cultures of like minded people This volume explores the nature of southern communities during the long nineteenth century The contributors build on the work of scholars who have allowed us to see community not simply as a place but instead as an idea in a constant state of definition and redefinition They reaffirm that there never has been a singular southern community As editors Steven E Nash and Bruce E Stewart reveal southerners have constructed an array of communities across the region and beyond Nor do the contributors idealize these communities Far from being places of cooperation and harmony southern communities were often rife with competition and discord Indeed conflict has constituted a vital part of southern communal development Taken together the essays in this volume remind us how community focused studies can bring us closer to answering those questions posed to Quentin Compson in Absalom Absalom Tell us about the South What s it like there What do they do there Why do they live there Why do they live at all *The Untold Story of Frankie Silver* Perry Deane Young, 2012-05-04 Three days before Christmas in 1831 Frankie Silver killed her husband Charles Silver with an axe and burned his body in the fireplace Author Perry Deane Young whose ancestors were involved in the case began collecting material about it as a teenager As a college student he was astounded to learn that most of what he had been told was actually false Abused by her husband Frankie killed in self defense The laws of that time would not allow her to take the stand and explain what happened She was unjustly hanged in July of 1833 Young proves the real crime is the way this poor woman has been misrepresented by balladeers and historians all these years Perry Deane Young provides important historical background to this fascinating story Young is able to build suspense even for a story many of his readers may already know By personalizing both Frankie Silvers story and his own search for it Young has given readers an interesting and well written book about history and the way it is created Lynn Moss Sanders in Appalachian Journal Most of my life Ive heard stories about a pretty mountain lady who was hanged for nothing more serious than murdering her husband Here and I can say at last after one and a half centuries is the true account thoroughly researched and beautifully presented Its a highroad journey into this Appalachian mystery John Ehle author of The Land Breakers The Road The Journey of August King
