Macroeconomic Policy Growth And Poverty Reduction:

Macroeconomic Policy, Growth and Poverty Reduction Terry McKinley, 2001-05-17 In the late twentieth century structural adjustment policies became the West's received wisdom as a solution to the economic problems of the South. Based on detailed empirical research, the contributors to this volume take a more heterodox and even critical approach. Indeed, many of the issues raised here are now being assimilated into a new Post Washington Consensus. The range of geographical coverage matched with the coherence of the approaches taken by the contributors allows striking comparisons to be made.

Is Growth Enough? Macroeconomic Policy and Poverty Reduction Dhaneshwar Ghura, Carlos Leite, Charalambos G. Tsangarides, 2002-07 The paper investigates the existence of super pro poor policies, that is, policies that directly influence the income of the poor after accounting for the effect of growth. It uses a dynamic panel estimator to capture both across and within country effects and a Bayesian type robustness check to account for model uncertainty. The findings confirm that growth raises the income of the poor, although this relationship is less than one to one. The analysis also identifies four super pro poor conditions that are influenced by policy inflation, government size, educational achievement, and financial development.

Macroeconomic Policy and Poverty Reduction Brian Ames, 2001-08-20 This pamphlet excerpts a chapter on macroeconomic policy from the Poverty Reduction Policy Sourcebook, a guide prepared by the World Bank and IMF to assist countries in developing and strengthening their poverty reduction strategies. It probes the relationship between macroeconomic policy matters such as growth and inflation and the fight against poverty and explains how sound monetary and fiscal policies, key tools of the macroeconomist, can help to spur growth and ease poverty.

Macroeconomic Policies and Poverty Ashoka Mody, Catherine Pattillo, 2004-08-02 In this volume, world renowned contributors including Martin Ravallion, Michael Kremer, and Robert Townsend deal with the institutional characteristics of poverty resulting from the time pattern of aid, the nature of financial systems, and the political economy of budgetary decisions. Going beyond the traditional literature on poverty, this original book deals with themes of broad interest to both scholars and policymakers in a clear yet technically sophisticated manner. Departing from conventional methods employed in poverty studies, these innovative essays enquire into the institutional characteristics of poverty and, using current case studies, they examine the crucial idea that periods of crises seriously affect poverty.

Macroeconomic Policy and Poverty Reduction Brian Ames, Ward Brown, Shanta Devarajan, Alejandro Izquierdo, 2001-01-01 This pamphlet excerpts a chapter on macroeconomic policy from the Poverty Reduction Policy Sourcebook, a guide prepared by the World Bank and the IMF to assist countries in developing and strengthening their poverty reduction strategies. It probes the relationship between macroeconomic policy matters such as growth and inflation and the fight against poverty, explains how sound monetary and fiscal policies, key tools of the macroeconomist, can help to spur growth and ease poverty.

Bangladesh's Macroeconomic Policy Monzur Hossain, 2020-02-21 This book provides valuable insights on issues pertaining to current macroeconomic policy debates and

challenges in Bangladesh It evaluates various macroeconomic policies and reflects on a future direction in terms of four central themes i Macroeconomic Policy Growth and Poverty ii Monetary and Fiscal Policy iii International Trade and Finance and iv Finance and Growth Given its scope the book will serve as a useful resource for academics and macroeconomic practitioners whose work involves developing countries

Is Growth Enough? Macroeconomic Policy and Poverty Reduction Dhaneshwar Ghura,2014 The paper investigates the existence of super pro poor policies that is policies that directly influence the income of the poor after accounting for the effect of growth It uses a dynamic panel estimator to capture both across and within country effects and a Bayesian type robustness check to account for model uncertainty The findings confirm that growth raises the income of the poor although this relationship is less than one to one The analysis also identifies four super pro poor conditions that are influenced by policy inflation government size educational achievement and financial development

Macroeconomic Policy Reforms and Agriculture Romeo M. Bautista,2002-01-01 This report investigates the income and equity effects of macroeconomic policy reforms in Zimbabwe emphasizing linkages between macroeconomic policies and agricultural performance and agriculture s influence on aggregate income and its distribution Analyses focus on reform of the foreign trade regime public expenditure and tax policy along with the potential benefits of combining these structural changes with various land reform scenarios The study uses a CGE model that provides a policy simulation laboratory in which exogenous policy changes are analyzed for their economywide income and equity effects The report highlights the need for policy complementarities in Zimbabwe that can contribute to equitable growth It should be of interest not only to those concerned with recent economic developments in Zimbabwe but also to those concerned with the broader issues of macroeconomic reform and its ultimate effects

Macroeconomic Policy Formation in Africa - General Issues Karl Wohlmuth,Achim Gutowski,Magda Kandil,Tobias Knedlik,Osmund O. Uzor,2014 This book examines new macroeconomic policy frameworks for Africa and it discusses the role of policies for generating sustainable and inclusive growth The responses of the macroeconomic policymakers in Africa to the Euro crisis and to the recent globalization trends are reviewed and analyzed The book also analyzes the economics of the Arab Spring countries by focusing on the socioeconomic conditions and the economic policy factors that have led to the Arab Spring events Highlighted are the cases of Egypt and Tunisia and the new strategic and policy frameworks in these countries after the democratic changes An agenda for comprehensive reforms is presented Series African Development Perspectives Yearbook Vol 16

Overcoming Inequality in Latin America Ricardo Gottschalk,Patricia Justino,2007-04-11 Latin America is faced with the challenge of achieving the Millennium Developmental Goal to halve poverty in the region by 2015 Historically this region has experienced persistently high levels of inequality and poverty the causes and consequences of which are analytically examined here Adopting a multidimensional approach this informative book focuses on the mechanisms that lead to higher inequality and emphasizes the role of macroeconomics trade rules capital flows and the political electoral process It analyzes how inequality

has hindered development how it interacts with a nation's economic, social and political processes and how inequality constrains these processes in ways that weakens the prospect of establishing and sustaining a dynamic, wealthy and creative society. An international team of specialist contributors investigate and explain these crucial issues. Examining the key economic policies and reforms which have exacerbated the region's extremely high inequality levels throughout this book, they prescribe an alternative range of policy suggestions to help alleviate inequality and provide the foundations for more equitable development.

Cape Verde Business Law Handbook Volume 1 Strategic Information and Basic Laws IBP USA, 2013-08
Cape Verde Business Law Handbook Strategic Information and Basic Laws *Development Macroeconomics* Subrata Ghatak, Paul Levine, 2009-03-09
The project brings together a number of relevant papers on Macroeconomics of Economic Development from many eminent economists from USA, UK, India and China who are closely associated with the works of Late Professor Anita Ghatak.

Growth and Change in Neoliberal Capitalism Alfredo Saad-Filho, 2020-10-20
Growth and Change in Neoliberal Capitalism brings together selected essays written by Alfredo Saad Filho, one of the most prominent Marxist political economists today. This book offers a rich analysis of long-term economic development in the current stage of capitalism: the new relations of dependence between countries; the prospects for poor countries; and the progressive alternatives to neoliberalism. The volume also provides a detailed set of studies of the political economy of Brazil, tracking its achievements, tragedies, contradictions and limitations.

Pro-Poor Macroeconomics G. Cornia, 2006-09-29
This book tackles the disagreements that affect those looking to establish the macroeconomic policies needed to halve poverty over the next ten years. It presents a pro-poor macroeconomic policy allowing countries to recapture policy space, help promote growth, reduce inequality and diminish poverty in a sustainable way.

Macroeconomic Policy and Steady Growth in China Zhang Xiaojing, 2021-09-19
Since the appearance of macroeconomics in the 1940s, economists have created many theoretical frameworks to explain the origin and mechanism of economic fluctuations. However, few of these have managed to gain explanatory power over reality, nor can they solve real-life problems. This book proposes a new macroeconomic paradigm that makes breakthroughs in these areas. Based on a balance sheet approach and macro-financial linkage analysis, this book carries out a comprehensive analysis of the trends within China's macroeconomy in 2020. The author argues that the COVID-19 pandemic created a great degree of uncertainty; therefore, supply-side structural reform and improved total factor productivity have been promoted to ensure a policy of steady growth. Given the declining economic growth rate in percentage terms, China has needed to adapt to a moderate increase in the leverage ratio while applying more effective fiscal policies to achieve a dynamic balance between stable growth and risk prevention. Scholars and students of economics and finance, especially Chinese economics, will find this book a useful reference.

Annual World Bank Conference on Development Economics 2003 World Bank, Boris Pleskovič, Nicholas Stern, 2003
This annual conference is a global gathering of the world's leading scholars and development practitioners. Among the attendees are participants from

developing countries universities think tanks NGOs and international financial institutions These papers concentrate on issues like trade and poverty Africa s future rural or industrial development education and empowerment and investment climate and productivity Development Challenges and Solutions After the Arab Spring Ali Kadri,2016-01-26 Since the events of 2011 most Arab countries have slipped into a state of war and living conditions for the majority of the working population have not changed for the better This edited collection examines the socioeconomic conditions and contests the received policy framework to demonstrate that workable alternatives do exist **Macroeconomic Policy for Growth and Poverty Reduction** Degol Hailu,2011 A fundamental shift in macroeconomic policy thinking is taking place This shift opens a space for implementing policies that promote growth and reduce poverty in developing countries In this paper policies for post conflict and resource rich economies are outlined Fiscal policy would focus on revenue mobilization scaling up public investment and preventing over heating Monetary policies would revive the financial sector prevent inflationary pressures and stimulate private sector investment Exchange rate policies should focus on achieving slow depreciation and maintaining international competitiveness These policies should not be considered in isolation from each other but in coordination

Encyclopedia of World Poverty Mehmet Odekon,2006 Provides extensive and current information as well as insight into the contemporary debate on poverty and contains over 800 original articles written by more than 125 renowned scholars

Brazil ,2003 This volume presents a set of policy notes prepared by the World Bank s Brazil Team with partners during 2002
