Madame De Stael Freedom Today:

Madame de Staël and Freedom Today Roberta J. Forsberg, Herman Clarence Nixon, 1959 **Madame de Staël and Freedom Today**, 1963 **An Extraordinary Woman** Germaine de Staël, 1987-08-18 An Extraordinary Woman Women Founders of the Social Sciences Lynn McDonald, 2013-12-01 Ground breaking and original this book debunks the myth that empirical social science has been dominated by its male founders and methodologists The author re analyses the critical role British French and American women played in creating the field from the 16th through the early 20th centuries Included are Mary Astell Mary Wollstonecraft Harriet Martineau Beatrice Webb Catharine Macauley Florence Nightingale Madame de Staël and Jane Addams **Archive**, 2002 **French News**, 1963 **Reason's Muse** Geneviève Fraisse, 1994-05-28 The French Revolution proclaimed the equality of all human beings yet women remained less than equal in the new society The exclusion of women at the birth of modern democracy required considerable justification and by tracing the course of this reasoning through early nineteenth century texts Genevieve Fraisse maps a moment of crisis in the history of sexual difference Through an analysis of literary religious legal philosophical and medical texts Fraisse links a range of positions on women's proper role in society to specific historical and rhetorical circumstances She shows how the Revolution marked a sharp break in the way women were represented in language as traditional bantering about the war of the sexes gave way to serious discussions of the political and social meanings of sexual difference Following this discussion on three different planes the economical the political and the biological Fraisse looks at the exclusion of women against the backdrop of democracy's inevitable lie the affirmation of an equality so abstract it was impossible to concretely apply This study of the place of sexual equality in the founding moment of democracy offers insight into a persistent question whether female emancipation is to be found through the achievement of equality with men or in the celebration of female difference

Mme de Staël and Political Liberalism in France Chinatsu Takeda, 2018-07-31 This book sheds light on the unique aspects of communal liberalism in Mme de Staël's writings and considers her contribution to nineteenth century French liberal political thought Focusing notably on the *Considérations sur les principaux virements de la Révolution française* it examines the originality of Staël's liberal philosophy Rather than contrasting liberalism with either multiculturalism or republicanism the book argues that Staël's communal liberalism challenges the conventions of nineteenth century political thought notably through her assertion of the need to institutionalize an organic intermediary connecting the two spheres an idea later advanced by thinkers such as Jürgen Habermas Offering a critical reappraisal of Staël's multifaceted work this book assesses the political impact of her work arguing that the political influence of the *Considérations* permeates the liberal historiography of the French Revolution up to the present day *Catalogue of Books in the Free Library. Lending Department. Compiled by F. P. Perkins* Devon and Exeter Albert Memorial Museum and Free Library (EXETER), 1874

Free Trade and its Enemies in France, 1814-1851 David Todd, 2015-04-30 In the aftermath of the French Revolution

advocates of protection against foreign competition prevailed in a fierce controversy over international trade This groundbreaking study is the first to examine this protectionist turn in full Faced with a reaffirmation of mercantile jealousy under the Bourbon Restoration Benjamin Constant Jean Baptiste Say and regional publicists advocated the adoption of the liberty of commerce in order to consolidate the new liberal order But after the Revolution of 1830 a new generation of liberal thinkers endeavoured to reconcile the jealousy of trade with the discourse of commercial society and political liberty New justifications for protection oscillated between an industrialist reinvention of jealousy and an aspiration to self sufficiency as a means of attenuating the rise of urban pauperism A strident denunciation of British power and social imbalances served to defuse the internal tensions of the protectionist discourse and facilitated its dissemination across the French political spectrum **Catalogue of the Free Public Library of New Haven** Free Public Library of New Haven,1889

Alphabetical Finding List of the Free Public Library of Jersey City, New Jersey, August 1, 1891 Free Public Library of Jersey City,1891 **Supplement No.2 to the Alphabetical Finding List of the Free Public Library of Jersey City, N.J. Jan. 1893** Free Public Library of Jersey City,1891 **Supplement No. 1 to the Alphabetical Finding List of the Free Public Library of Jersey City. Oct. 1, 1891** Free Public Library of Jersey City,1891 **Manchester Public Free Libraries. Index-Catalogue of the Rochdale Road Lending Branch** Public Free Libraries (MANCHESTER),1872

Adam Smith and the Wealth of Nations Daniel Diatkine,2021-10-08 This book examines the work of Adam Smith and his interest in the science of the legislator Smith s criticism of the mercantile system and the political dimension of capitalism is discussed alongside insight into what institutions he saw as necessary to transform the mercantile system into a system of natural freedom Through insights into Smith s analysis of the political threats of capital accumulation and the growth of inequality the point at which he discovered capitalism is highlighted This book aims to explore Smith s belief set out in *The Wealth of Nations* that the mercantile system was a viable if dangerous economic model It is relevant to students and researchers interested in the history of economic thought **Finding List of the Books Contained in the Hazelton and Stockton Free Public Libraries** Stockton, Calif. Free Public Library,1898 **English Prose Fiction in the Free Public Library, Newark** Newark Public Library,1900 **Scotland and France in the Enlightenment** Deidre Dawson,Pierre Morère,2004 The Scottish and French Enlightenments are arguably the two intellectual movements of the eighteenth century that were most influential in shaping the modern age The essays in *Scotland and France in the Enlightenment* explore a wide range of topics of historical relevance to eighteenth century scholars while engaging students with broad interdisciplinary interests in the humanities and social sciences The ways in which Scottish philosophy influenced French painting how the *Encyclopaedia Britannica* presented the French Revolution the impact of Macpherson s *Ossian* on the development of French Romanticism the moral education of children the relation between reflection and perception in the arts and in moral life humankind s relationship to other animals and the links between violence and imagination fear and sanity are only some of

the topics covered This challenging selection of essays comparing Scottish and French enlightenment views of natural history jurisprudence moral philosophy history and art history complicates and enriches the notion of Enlightenment and will inaugurate a new field of Franco Scottish studies Anthropology and the German Enlightenment Katherine M. Faull, 1995 What was the role of anthropology in the German Enlightenment Why did this discipline emerge as one of the most popular modes of inquiry in the eighteenth century permeating fields as disparate as aesthetics medicine and law As the essays in this volume show the body of Enlightenment knowledge was by no means universal During the German Enlightenment the study of nature humanity and everything that humanity created was the topic of the day But the period that defined moral reason as the sovereign human faculty also applied its scrutiny to the body that such a mind inhabited What did it look like Could moral superiority be deduced from physiognomy In the massive effort to educate the German populace on what were seen to be the fundamental a priori differences physical and moral between the sexes and the races the European bourgeois man was considered to embody all human virtues and talents and stem from the only race and sex capable of ruling itself democratically and rationally To examine the role of anthropology in this enterprise contributors to this volume were asked to investigate what constitutes the German Enlightenment s interaction between its self proclaimed rationalism and the pervasive presence of the non rational that is the corporeal BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
