Peter Schrag

Made In California Art Image And Identity 1900 2000:

MADE IN CALIFORNIA. Stephanie Barron, Sheri Bernstein, Ilene Susan Fort, 2000 **Reading California**, 2000

Gallery Guide for Exhibition Made in California Los Angeles County Museum of Art, 2000 **California Design, 1930-1965** Wendy Kaplan, 2011-09-16 The first comprehensive examination of California's mid century modern design generously illustrated In 1951 designer Greta Magnusson Grossman observed that California design was not a superimposed style but an answer to present conditions It has developed out of our own preferences for living in a modern way California design influenced the material culture of the entire country in everything from architecture to fashion This generously illustrated book which accompanies a major exhibition at the Los Angeles County Museum of Art is the first comprehensive examination of California's mid century modern design It begins by tracing the origins of a distinctively California modernism in the 1930s by such European migrants as Richard Neutra Rudolph Schindler and Kem Weber it finds other specific design influences and innovations in solid color commercial ceramics inspirations from Mexico and Asia new schools for design training new concepts about leisure and the conversion of wartime technologies to peacetime use exemplified by Charles and Ray Eames's plywood and fiberglass furniture The heart of California Design is the modern California home famously characterized by open plans conducive to outdoor living The layouts of modernist homes by Pierre Koenig Craig Ellwood and Raphael Soriano for example were intended to blur the distinction between indoors and out Homes were furnished with products from Heath Ceramics Van Keppel Green and Architectural Pottery as well as other previously unheralded companies and designers Many objects were designed to be multifunctional pool and patio furniture that was equally suitable indoors lighting that was both task and ambient bookshelves that served as room dividers and bathing suits that would turn into ensembles appropriate for indoor entertainment California Design includes 350 images most in color of furniture ceramics metalwork architecture graphic and industrial design film textiles and fashion and ten incisive essays that trace the rise of the California design aesthetic *A Companion to California History* William Deverell, David Igler, 2014-01-28 This volume of original essays by leading scholars is an innovative thorough introduction to the history and culture of California Includes 30 essays by leading scholars in the field Essays range widely across perspectives including political social economic and environmental history Essays with similar approaches are paired and grouped to work as individual pieces and as companions to each other throughout the text Produced in association with the Huntington USC Institute on California and the West **Chicana Art** Laura E. Pérez, 2007-08-09 The first full length survey of contemporary Chicana artists *A Companion to Los Angeles* William Deverell, Greg Hise, 2014-01-28 This Companion contains 25 original essays by writers and scholars who present an expert assessment of the best and most important work to date on the complex history of Los Angeles The first Companion providing a historical survey of Los Angeles incorporating critical multi disciplinary themes and innovative scholarship Features essays from a range of disciplines including history political science cultural studies and

geography Photo essays and contemporary voice sections combine with traditional historiographic essays to provide a multi dimensional view of this vibrant and diverse city Essays cover the key topics in the field within a thematic structure including demography social unrest politics popular culture architecture and urban studies *Group F.64 Mary Street*

Alinder,2014-11-04 Chronicles the lives and careers of the members of the West Coast photography movement including such famous names as Ansel Adams Imogen Cunningham Dorothea Lange Willard Van Dyke and Edward Weston **Handbook of Cultural Geography** Kay Anderson,2003 The editors of this genuinely brilliant book seem to dare the reader to argue with them from the first page I would encourage everyone interested in cultural geography or in the cultural turn within a whole set of human geographies to do likewise ANNALS OF THE ASSOCIATION OF AMERICAN GEOGRAPHERS A richly plural and impassioned re presentation of cultural geography that eschews everything in the way of boundary drawing and fixity A re visioning of the field as a set of engagements with the world it contains a vibrant atlas of ever shifting possibilities Throbbing with commitment and undisciplined in the most positive sense of that term it is exactly what a handbook ought to be Professor Allan Pred Department of Geography University of California at Berkeley Ten sections with a detailed editorial introduction the Handbook of Cultural Geography presents a comprehensive statement of the relation between the cultural imagination and the geographical imagination Emphasising the intellectual diversity of the discipline the Handbook is a textured overview that presents a state of the art assessment of the key questions informing cultural geography while also looking at resonances between cultural geography and other disciplines *Crossing Lines* Marc Coronado,2003 Crossing Lines addresses the issues of race and mixed race at the turn of the 21st century Representing multiple academic disciplines the volume invites readers to consider the many ways that identity community and collectivity are formed while addressing the challenges that multiracial identity poses to our understanding of race and ethnicity **California Pop** Dorian MacDougall,2019-01-27 In 1542 Spanish explorers landed upon the shores of Southern California expecting to find a terrestrial paradise and instead found only a burnt over desert But during a four hundred year long metamorphosis carried out by thousands of dissimilar individuals of far flung imagination and fixed purpose Southern California was transformed into the nation s most promised land a tangible symbol of all the best life had to offer in mid twentieth century America And at that glorious pinnacle of middle class suburban grace it would remain no more than twenty years But to this very day it is those few years that continue to define the image and culture of Southern California in the imaginations of people from all around the world California Pop tells the tale of how this once reviled region became one of the most celebrated slivers of coastline on the planet *Reclaiming the Americas* Tatiana Reinoza,2023-04-18 Tatiana Reinoza examines how geography immigration and art all converged as deepening interests for Latinx graphic artists specifically those working in different forms of printmaking By highlighting the work of four artists based out of four distinct studios in East LA Tempe Austin and East Harlem she is able to uncover how their work these past three decades has transcended the more defined lines of

scholarship that focus on specific ethnic groups Chicano Puerto Rican etc She makes a case for how spatial projects allow for a more collective critique of anti immigrant discourse visualize immigrant lives and articulate the ways in which printmaking has been historically complicit in the colonizing of the Americas **Poetry Los Angeles** Laurence Goldstein,2014-03-12 A

look at the poetry of one of America s most populous and fascinating cities with poems spanning from 1942 to 2012 **Art in California** Jenni Sorkin,2021-09-16 An introduction to the rich and diverse art of California this book highlights its distinctive role in the history of American art from early 20th century photography to Chicanx mural painting the Fiber Art Movement and beyond Shaped by a compelling network of geopolitical influences including waves of migration and exchange from the Pacific Rim and Mexico the influx of African Americans immediately after World War II and global immigration after quotas were lifted in the 1960s California is a centre of artistic activity whose influence extends far beyond its physical boundaries Furthermore California was at the forefront of radical developments in artistic culture most notably conceptual art and feminism and its education system continues to nurture and encourage avant garde creativity Organized chronologically and thematically with illustrations throughout this attractive study stands as an important reassessment of Californias contribution to modern and contemporary art in the United States and globally **“From Faraway California”** Ali Dehdarirad ,2023-09-15 Offering a transdisciplinary journey across Thomas Pynchon s California trilogy From Faraway California addresses the representation of city space in the Crying of Lot 49 Vineland and Inherent Vice through geourban lenses Drawing on specific concepts in urban and regional studies the book provides a thorough examination of Pynchon s spatial imaginary where the reader comes to understand how his fiction tackles the socio political and cultural consequences of urban restructuring in the contemporary city and the lives of its citizens Pynchon s depiction of California is further analyzed from mythical and environmental standpoints to shed light on his planetary vision and post postmodernist poetics in the span of nearly half a century More broadly the book s geocritical and urban analyses of Pynchon s fiction indicate what might take place concerning the future of urbanism toward planetary urbanization and the formation of the city region

The Pacific Region Jan Goggans,Aaron DiFranco,2004-12-30 Robert Penn Warren once wrote West is where we all plan to go some day and indeed images of the westernmost United States provide a mythic horizon to American cultural landscape While the five states California Oregon Washington Alaska and Hawai i which touch Pacific waters do share commonalities within the history of westward expansion the peoples who settled the region and the indigenous peoples they encountered have created spheres of culture that defy simple categorization This wide ranging reference volume explores the marvelously eclectic cultures that define the Pacific region From the music and fashion of the Pacific northwest to the film industry and surfing subcultures of southern California from the vast expanses of the Alaskan wilderness to the schisms between native and tourist culture in Hawa ii this unprecedented reference provides a detailed and fascinating look at American regionalism along the Pacific Rim The Greenwood Encyclopedia of American Regional Cultures is the first rigorous reference collection

on the many ways in which American identity has been defined by its regions and its people Each of its eight regional volumes presents thoroughly researched narrative chapters on Architecture Art Ecology Ethnicity Fashion Film Folklore Food Language Literature Music Religion and Sports Recreation Each book also includes a volume specific introduction as well as a series foreword by noted regional scholar and former National Endowment for the Humanities Chairman William Ferris who served as consulting editor for this encyclopedia

Situation Aesthetics Kirsi Peltomaki, 2014-02-14 The first book length study of this influential artist s work focusing on the participatory role of the human subject rather than the art object Michael Asher doesn t make typical installations Instead he extracts his art from the institutions in which it is shown culling it from collections histories or museums own walls Since the late 1960s Asher has been creating situations that have not only taught us about the conditions and contexts of contemporary art but have worked to define it In *Situation Aesthetics* Kirsi Peltomaki examines Asher s practice by analyzing the social situations that the artist constructs in his work for viewers participants and institutional representatives including gallery directors curators and other museum staff members Drawing on art criticism the reports of viewers and participants in Asher s projects and the artist s own archives Peltomaki offers a comprehensive account of Asher s work over the past four decades Because of the intensely site specific nature of this work as well as the artist s refusal to reconstruct past works or mount retrospectives many of the projects Peltomaki discusses are described here for the first time By emphasizing the social and psychological sites of art rather than the production of autonomous art objects Peltomaki argues Asher constructs experientially complex situations that profoundly affect those who encounter them bringing about both personal and institutional transformation

Walls of Empowerment Guisela Latorre, 2009-09-17 Exploring three major hubs of muralist activity in California where indigenist imagery is prevalent *Walls of Empowerment* celebrates an aesthetic that seeks to firmly establish Chicana o sociopolitical identity in U S territory Providing readers with a history and genealogy of key muralists productions Guisela Latorre also showcases new material and original research on works and artists never before examined in print An art form often associated with male creative endeavors muralism in fact reflects significant contributions by Chicana artists Encompassing these and other aspects of contemporary dialogues including the often tense relationship between graffiti and muralism *Walls of Empowerment* is a comprehensive study that unlike many previous endeavors does not privilege non public Latina o art In addition Latorre introduces readers to the role of new media including performance sculpture and digital technology in shaping the muralist s canvas Drawing on nearly a decade of fieldwork this timely endeavor highlights the ways in which California s Mexican American communities have used images of indigenous peoples to raise awareness of the region s original citizens Latorre also casts murals as a radical force for decolonization and liberation and she provides a stirring description of the decades particularly the late 1960s through 1980s that saw California s rise as the epicenter of mural production Blending the perspectives of art history and sociology with firsthand accounts drawn from artists interviews *Walls of Empowerment*

represents a crucial turning point in the study of these iconographic artifacts **California** Peter Schrag,2007-12-05 Peter Schrag takes on the big issues immigration globalization and the impact of California s politics on its quality of life in this dynamic account of the Golden State s struggle to recapture the American dream In the past half century California has been both model and anti model for the nation and often the world first for its high level of government and public services schools universities highways and latterly for its dysfunctional government deteriorating services and sometimes regressive public policies California explains how many current solutions exacerbate the very problems they re supposed to solve and analyzes a variety of possible state and federal policy alternatives to restore government accountability and a vital democracy to the nation s most populous state and the world s fifth largest economy **Ruth Asawa** Tamara H. Schenkenberg,2019-01-01 Bringing together works from across Asawa s career this expansive and beautifully illustrated volume examines her output both as an artist and as a passionate advocate for arts education
