 Pestilli,2017-07-05 This volume represents a long overdue reassessment of the Neapolitan painter Paolo de Matteis an artist
 largely overlooked in English language scholarly publications but one who merits our attention for the quality of his work and
 the originality of its iconography as well as for his remarkable ability to respond creatively to his patrons aesthetic ideals and
 agendas Following a meticulous examination of the ways in which posterity s impression of de Matteis has been conditioned
 by a biased biographical and literary tradition Livio Pestilli devotes rich detailed analyses to the artist s most significant
 paintings and drawings More than just a novel approach to de Matteis and the Neapolitan Baroque however the book makes
 a significant contribution to the study and understanding of early eighteenth century European art and cultural history in
 general not only in Naples but in other major European centers including Paris Vienna Genoa and Rome
