captured something of society's relationships with spirituality religion and belief By the start of the 21st century religious beliefs are as varied as the many manifestations of the zombie itself and both themes intersect with various ideological environmental and even post human concerns This book surveys the various modern religious associations in zombie media Some characters believe that the undead are part of God's plan others theorize that the environment might be saving itself or that zombies might be predicting life and hybridity beyond human existence Timely and important this work is a meditation on how faith might not just be a forerunner to the apocalypse but the catalyst to new kinds of life beyond it

The Fiction of Rushdie, Barnes, Winterson and Carter Gregory J. Robinson, 2005-08-24 Literature often reflects societal change but it can also effect change by inspiring people to think in new ways Four authors who encourage readers to question traditional boundaries are Salman Rushdie Julian Barnes Jeanette Winterson and Angela Carter This book takes an in depth look at the works of these authors with specific emphasis on how they challenge religion especially in its fundamentalist forms and its intersections with history politics gender and sexuality The study notes both differences and similarities among the four authors whose writings broadly represent the major themes in contemporary British literature Divided into two primary sections the volume first takes a look at Rushdie and Barnes and their stance regarding historical and political issues The second section concentrates on gender and sexuality in the writings of Winterson and Carter Among the works examined are Rushdie's *The Satanic Verses* and *Midnight's Children* Barnes' *Flaubert's Parrot* and *A History of the World in 10 1/2 Chapters* Winterson's *Boating for Beginners* and *Written on the Body* and Carter's *The Passion of New Eve* and *Heroes and Villains* The final chapter includes a brief survey of other significant figures in postmodern British literature including Martin Amis Ian McEwan D M Thomas Fay Weldon and Emma Tennant

Jimmy's Faith Christopher Hunt, 2024-12-03 A novel approach to understanding the work of James Baldwin and its transformative potential The relationship of James Baldwin's life and work to Black religion is in many ways complex and confounding What is he doing through his literary deployment of religious language and symbols Despite Baldwin's disavowal of Christianity in his youth he continued to engage the symbols and theology of Christianity in works such as *The Amen Corner* *Just Above My Head* and others With *Jimmy's Faith* author Christopher W Hunt shows how Baldwin's usage of those religious symbols both shifted their meaning and served as a way for him to build his own religious and spiritual vision Engaging Jos Esteban Mu oz's theory of disidentification as a queer practice of imagination and survival Hunt demonstrates the ways in which James Baldwin disidentifies with and queers Black Christian language and theology throughout his literary corpus Baldwin's vision is one in which queer sexuality signifies the depth of love's transforming possibilities the arts serve as the religious medium of knitting Black community together an agnostic and affective mysticism undermines Christian theological discourse androgyny troubles the gender binary and the Black child signifies the hope for a world made new In disidentifying with Christian symbols *Jimmy's Faith* reveals how Baldwin imagines both religion and the world otherwise offering a model of how we might do the same for our own

communities and ourselves The Spiritual Life Tyler G. Walton, 2021-12-08 In our modern selfie and soundbite society so many of us struggle with connection and self acceptance We rely on our keyboards and screens and masks that hide who we really are even from ourselves Rather than having character we become characters Rather than being grateful for what we have we feel entitled to all of it and more With this mindset it is easy to fool ourselves into thinking that we are fine the way we are and that they are the problem abdicating any responsibility for our failures or failings and remaining stuck in situations and circumstances that hurt ourselves and everyone around us Whether we re facing the rock bottom of homelessness and drug addiction or simply strained relationships with friends and loved ones an examination of our self defeating beliefs and habits can make a world of difference The Spiritual Life Finding Freedom From Homelessness Hunger and Heroin takes readers on a journey from the depths of despair and dejection to the rejuvenation of a life worth living all through an inward focus that helps nurture and develop a healthier outward look **Profane & Sacred** Bridget A. Kevane, 2008 Profane Sacred examines religious discourse in contemporary Latino a fiction exploring how religion creates mediates or changes Latino culture and identity Much contemporary literary criticism on Latino a literature has focused on the bilingual and bicultural nature of Latino identity history and cultural production But just as the multiplicity of cultures and languages has shaped Latino identity and history so too has religion Studying the religious discourse found in fiction can clearly enrich not only our perception of the diversity within the Hispanic communities but also the diversity between sociologists and creative writers
