preservation of information In The Early Information Society the authors argue for an earlier incarnation of the information age focusing upon the period 1900 1960 In support of this they examine the history and traditions in Britain of two separate but related information rich occupations information management and information science repositioning their origins before the age of the computer and identifying the forces driving their early development The Early Information Society offers an historical account which questions the novelty of the current information society It will be essential reading for students researchers and practitioners in the library and information science field and for sociologists and historians interested in the information society *Trübner's bibliographical guide to American literature; being a classified list of books publ. in the United States of America during the last 40 years.
