Rewriting Moses:

Rewriting Moses Brian Britt, 2004-08-01 Exalted for centuries as a hero and author of the Bible Moses is inseparable from biblical tradition itself Moses is also an inherently ambiguous figure and a perennial focus of controversy from ancient disputes of priestly rivalry to modern issues of class gender and race In *Rewriting Moses* Brian Britt analyses elements of polemic and ideology in the Moses of the Bible of film novel visual art and scholarship He argues that the biblical Moses lives within writing while the post biblical Moses lives more often in biography Yet later rewritings of Moses refract biblical traditions of writing in surprising ways *Rewriting Moses* provides an original account of the Freudian insight that traditions preserve what they repress This is volume 14 in the *Gender Culture Theory* series and is volume 402 in the *Journal for the Study of the Old Testament Supplements* series

Rewriting Maimonides Igor H. De Souza, 2018-09-10 Maimonideanism the intellectual culture inspired by Maimonides writings has received much recent attention Yet a central aspect of Maimonideanism has been overlooked the formal reception of the *Guide of the Perplexed* through commentary In *Rewriting Maimonides* Igor H De Souza offers a comprehensive analysis of six early philosophical commentaries written in Italy Spain and France by some of Maimonides most loyal followers The early commentaries represent the most creative period of exegesis of the *Guide* De Souza's analysis dispels the notion that the tradition of commentary on the *Guide* is monolithic Rather De Souza's study illuminates how each commentator offers distinctive readings Challenging the hierarchy of text and commentary *Rewriting Maimonides* studies commentaries on the *Guide* as texts in their own right De Souza approaches the form of commentary as a multifaceted cultural practice Employing historical philosophical and literary methods this publication fills a lacuna in the history of the *Guide* through a global perspective on commentary

Moses Anthony Rees, 2023-05-30 Utilizing the theory of hegemonic masculinity and homosociality *Moses Man Among Men* explores the relationships that Moses shares with other male characters While the dynamic nature of hegemonic masculinity is recognized Anthony Rees builds on the categories of masculinity already well established within the existing literature on masculinity in Old Testament characterization The author argues that almost uniformly Moses is presented in ways which elevate him at the expense of these other male characters Recognizing the social dimension of gender performance and in particular the homosocial nature of masculine identity this book also pays attention to the social nature of these relationships in particular those of Moses family members

Deconstruction and the Possibility of Justice Drucilla Cornell, Michel Rosenfeld, David Gray Carlson, 2016-05-13 The purpose of this volume is to rethink the questions posed by Derrida's writings and his unique philosophical positioning without reference to the catch phrases that have supposedly summed up deconstruction

The Prophetic Body Anthea E. Portier-Young, 2024 Modern study of biblical prophecy frequently defines prophecy as a message from God and has focused almost exclusively on prophets words But prophecy was always also embodied Anthea E Portier Young insists on the synergy of word and body in biblical prophecy Prophets did more than

reveal knowledge the prophetic body connected God and people making them present to one another channeling divine power traveling between realms Drawing insights from disciplines ranging from neurobiology to cultural studies the author examines stories of prophetic commissioning bodily transformation asceticism and ecstasy mobility and immobility affect and emotion revealing the body's centrality to prophetic mediation *Movies and Midrash* Wendy I. Zierler, 2017-08-15 Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council *Movies and Midrash* uses cinema as a springboard to discuss central Jewish texts and matters of belief A number of books have drawn on films to explicate Christian theology and belief but Wendy I Zierler is the first to do so from a Jewish perspective exploring what Jewish tradition text and theology have to say about the lessons and themes arising from influential and compelling films The book uses the method of inverted midrash while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal parable as a means of further explication Zierler turns that process around beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought Films covered include *The Truman Show* truth *Memento* memory *Crimes and Misdemeanors* sin *Magnolia* confession and redemption *The Descendants* birthright *Forrest Gump* cleverness and simplicity and *The Hunger Games* creation of humanity in God's image among others

Interpretation Des Heiligen Martin Kriele, 1999 The hermeneutic path involved in the interpretation of law as well as in the interpretation of sacred texts though peculiar seems as Emilio Betti pointed out to share several things most importantly the normative nature of interpretation The 1999 issue of the Yearbook *Ars Interpretandi* accounts for the several and disparate relationships between these two important regional hermeneutics *The Broken Body* Sarah Coakley, 2024-05-06 A fascinating collection of essays exploring a fresh contemporary approach to the person and doctrine of Jesus Christ How should Christians think about the person of Jesus Christ today In this volume Sarah Coakley argues that this question has to be broken open in new and unexpected ways by an awareness of the deep spiritual demands of the christological task and its strikingly apophatic dimensions by a probing of the paradoxical ways in which Judaism and Christianity are drawn together in Christ even by those issues which seem to break them most decisively apart and by an exploration of the mode of Christ's presence in the eucharist with its intensification breaking and re-gathering of human desires In this sequel to her celebrated earlier volume of essays *Powers and Submissions* Coakley returns to its unifying theme of divine power and contemplative submission and weaves a new web of christological outcomes which remain replete with controversial implications for gender spirituality and ethics *The Broken Body* will be of interest to those working in the fields of systematic theology philosophy of religion early Christian studies Jewish Christian relations and feminist and gender theory Fusing biblical and patristic theology analytic philosophy and spiritual tradition Sarah Coakley has produced a fascinating inspiring and compelling account of Christ's identity and its importance for questions of life Professor Mark Wynn University of Oxford Coakley argues

that good Christology arises only from intellectual and spiritual postures learnt by encountering Christ openly This volume subtly and powerfully facilitates such encounter with God and in him with our neighbours especially the Jewish people Professor Judith Wolfe University of St Andrews Everything we have come to expect from Sarah Coakley is here in this extraordinary collection wonderful clarity startling and fruitful comparisons within and beyond the theological canon a brisk defiance of feminist conventions that in turn sharpens and deepens feminist analysis a resistance to cheap theological certainties and an abiding faithfulness anchored in Christ borne aloft by the Spirit Christology is here shown to embrace abjection and jouissance to advocate sacrifice that is itself the end of patriarchal violence and to demand a eucharistic sharing that is incomplete without solidarity to the outcast and the poor themselves the face of the living Christ In these essays Coakley exemplifies the semiotic richness of priest and scholar a breaking open of the theological reserves that will transgress startle renew instruct This is sacrifice re made Professor Katherine Sonderegger Virginia Theological Seminary

The Ways That Often Parted Lori Baron, Jill Hicks-Keeton, Matthew Thiessen, 2018-11-09 Focused studies on the historical interactions and formations of Judaism and Christianity This volume of essays from an internationally renowned group of scholars challenges popular ways of understanding how Judaism and Christianity came to be separate religions in antiquity Essays in the volume reject the belief that there was one parting at an early point in time and contest the argument that there was no parting until a very late date The resulting volume presents a complex account of the numerous ways partings occurred across the ancient Mediterranean spanning the first four centuries CE Features Case studies that explore how Jews and Christians engaged in interaction conflict and collaboration Examinations of the gospels Paul's letters the book of James as well as rabbinic and noncanonical Christian texts New evidence for historical reconstructions of how Christianity came on the world scene

Land of Our Fathers Francesca Stavrakopoulou, 2011-04-17 The biblical motif of a land divinely promised and given to Abraham and his descendants is argued to be an ideological reflex of post monarchic territorial disputes between competing socio religious groups The important biblical motif of a Promised Land is founded upon the ancient Near Eastern concept of ancestral land hereditary space upon which families lived worked died and were buried An essential element of concept of ancestral land was the belief in the post mortem existence of the ancestors who were venerated with grave offerings mortuary feasts bone rituals and standing stones The Hebrew Bible is littered with stories concerning these practices and beliefs yet the specific correlation of ancestor veneration and certain biblical land claims has gone unrecognized The book remedies this in presenting evidence for the vital and persistent impact of ancestor veneration upon land claims It proposes that ancestor veneration which formed a common ground in the experiences of various socio religious groups in ancient Israel became in the Hebrew Bible an ideological battlefield upon which claims to the land were won and lost
