Rhetoric And Philosophy:

Rhetoric and Philosophy in Conflict J.C. IJsseling, 2012-12-06 **Rhetoric and Philosophy** Richard A.

Cherwitz, Henry W. Johnstone Jr., 2014-06-03 This important volume explores alternative ways in which those involved in the field of speech communication have attempted to find a philosophical grounding for rhetoric Recognizing that rhetoric can be supported in a wide variety of ways this text examines eight different philosophies of rhetoric realism relativism rationalism idealism materialism existentialism deconstructionism and pragmatism The value of this book lies in its pluralistic and comparative approach to rhetorical theory Although rhetoric may be the more difficult road to philosophy the fact that it is being traversed by a group of authors largely from speech communication demonstrates important growth in this field Ultimately there is recognition that if different thinkers can have solid reasons to adhere to disparate philosophies serious communication problems can be eliminated Rhetoric and Philosophy will assist scholars in choosing from among the many philosophical starting places for rhetoric

Rhetoric and Philosophy in Conflict Samuel IJsseling, 1976 **The Rhetoric of Philosophy** Shai Frogel, 2005-09-22 The book claims that philosophy can be defined by its distinct rhetoric This rhetoric is shaped by two values humanism and critique Humanism is defined as preferring the individual human deliberation to any external authority or method Self conviction is the touchstone of truth in philosophy Critique is defined as suspecting your beliefs and convictions This is the reason why the book uses Nietzsche's definition of the will to truth the will not to deceive not even myself for explaining the nature of philosophical thinking and argumentation This rhetorical analysis reveals that the danger of self deception is a constitutive yet irresolvable problem of philosophy The subjects of the book are the relations between philosophy and rhetoric the speaker and the addressee of philosophical arguments the subordination of logic to rhetoric in philosophy and the philosophical problem of self deception This work unburdened with philosophers jargon fits well in the current critical debate about the relevance of pragmatic features of the concepts of subjectivity and truth

Rhetoric as Philosophy Ernesto Grassi, 2000-12-31 By going back to the Italian humanist tradition and aspects of earlier Greek and Latin thought Ernesto Grassi develops a conception of rhetoric as the basis of philosophy Grassi explores the sense in which the first principles of rational thought come from the metaphorical power of the word He finds the basis for his conception in the last great thinker of the Italian humanist tradition Giambattista Vico 1668 1744 He concentrates on Vico's understanding of imagination and the sense of human ingenuity contained in metaphor For Grassi rhetorical activity is the essence and inner life of thought when connected to the metaphorical power of the word Originally published in English in 1980 *Rhetoric as Philosophy* has been out of print for some time In his foreword to this reprint edition Burke scholar Timothy W Crusius rues the lack of concentrated attention to Grassi because what he had to say about rhetoric is at least as significant as for example what Kenneth Burke taught us *Rhetoric, Philosophy, and Literature* Don M. Burks, 1978

Aristotle's Rhetoric Eugene Garver, 1994 In this major contribution to philosophy and rhetoric Eugene Garver shows

how Aristotle integrates logic and virtue in the Rhetoric Garver raises and answers a central question can there be a civic art of rhetoric an art that forms the character of citizens By demonstrating the importance of the Rhetoric for understanding current philosophical problems of practical reason virtue and character Garver has written the first work to treat the Rhetoric as philosophy and to connect its themes with parallel problems in Aristotle's Ethics and Politics This groundbreaking study will help put rhetoric at the center of investigations of practice and practical reason Page 4 of cover

Reason and Rhetoric in the Philosophy of Hobbes Quentin Skinner, 1996-02-22 An outstanding new interpretation of Hobbes one of the most difficult and challenging of political philosophers *The Critical Turn* Ian H. Angus, Lenore Langsdorf, 1993 Concerned with criticizing representational theories of knowledge by developing alternative concepts of knowing and communicating Ian Angus and Lenore Langsdorf bring together eight essays that are united by a common theme the convergence of philosophy and rhetoric In the first chapter Angus and Langsdorf illustrate the centrality of critical reasoning to the nature of questioning itself arguing that human inquiry has entered a new situation where the convictions and orientations that have traditionally marked the separation of rhetoric and philosophy the concern for truth and the focus on persuasion have begun to converge on a new space that can be defined through the central term discourse In these essays this convergence of rhetoric and philosophy is addressed as it presents itself to a variety of interests that transcend the traditional boundaries of these fields The two editors Raymie E McKerrow Michael J Hyde and Craig R Smith James W Hinks and Kenneth S Zagacki Calvin O Schrag and David James Miller and Richard L Lanigan map this new space recognizing that such mapping simultaneously constitutes the territory mapped **Deep Rhetoric** James Crosswhite, 2013-04 Chapter by chapter Deep Rhetoric develops an understanding of rhetoric not only in its philosophical dimension but also as a means of guiding and conducting conflicts achieving justice and understanding the human condition
