Rhetoric In An Antifoundational World Language Culture And Pedagogy:

Rhetoric in an Antifoundational World Professor Michael F Bernard-Donals, Michael F. Bernard-Donals, Richard R. Glejzer, 1998-01-01 In this brilliant collection literary scholars philosophers and teachers inquire into the connections between antifoundational philosophy and the rhetorical tradition What happens to literary studies and theory when traditional philosophical foundations are disavowed What happens to the study of teaching and writing when antifoundationalism is accepted What strategies for human understanding are possible when the weaknesses of antifoundationalism are identified This volume offers answers in classic essays by such thinkers as Richard Rorty Terry Eagleton and Stanley Fish and in many new essays never published before The contributors to this book explore the nexus of antifoundationalism and rhetoric critique that nexus and suggest a number of pedagogical and theoretical alternatives The editors place these statements into a context that is both critical and evaluative and they provide for voices that dissent from the antifoundational perspective and that connect specific practical pedagogies to the broader philosophical statements For those with an interest in rhetoric philosophy comparative literature or the teaching of composition this book sets forth a wealth of thought provoking ideas I have nothing but praise for this work a masterful treatment of the question What positive intellectual projects are possible within a world that radically questions the existence of philosophical foundations Steven Mailloux University of California Irvine

Propaganda and Rhetoric in Democracy Gae Lyn Henderson, M. J. Braun, 2016-10-05 The study of propaganda's uses in modern democracy highlights important theoretical questions about normative rhetorical practices Edited by Gae Lyn Henderson and M J Braun Propaganda and Rhetoric in Democracy History Theory Analysis advances our understanding of propaganda and rhetoric Essays focus on historical figures examining the development of the theory of propaganda during the rise of industrialism and the later changes of a mass mediated society Propaganda and Rhetoric in Democracy offers new perspectives on the history of propaganda explores how it has evolved during the twentieth and twenty first centuries and advances a much more nuanced understanding of what it means to call discourse propaganda

Sourcebook on Rhetoric James Jasinski, 2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest

Activism and Rhetoric JongHwa Lee, Seth Kahn, 2010-10-18 This volume examines the role of rhetoric in today's culture of democratic activism The volume takes on two of the most significant challenges currently facing contemporary rhetorical

studies 1 the contested meanings and practices of democracy and civic engagement in global context and 2 the central role of rhetoric in democratic activist practices In presenting a variety of political and rhetorical struggles in their specific contexts editors Seth Kahn and JongHwa Lee allow contributors to reflect on and elaborate possibilities for both activist approaches to rhetorical studies and rhetorical approaches to activist projects facilitating better understanding the socio political consequences of this work With contributors from widely known scholars in communication and composition studies the collection offers practical cases that highlight how rhetoric mediates constitutes and or intervenes in democratic principles and practices It also considers theoretical questions that acknowledge profound voids in the rhetorical tradition e g Western neo Aristotelian liberal and expand the horizon of traditional rhetorical perspectives It advocates new knowledge and practices that further promote civic engagement social change and democracy in the global context Activism and Rhetoric will be appropriate for scholars and students across disciplines including rhetoric composition communication studies political science cultural studies and women s studies

Rhetoric, Through Everyday Things Scot Barnett, Casey Boyle, 2016-09-06 Rhetoric Through Everyday Things is the first book length collection of essays that explore the vibrant materiality of everyday objects in rhetorical theory practice and writing It examines how things such as food bicycles and typewriters can influence history and sociality

Rhetoric for a Democracy in Crisis Víctor Alonso-Rocafort, 2025-09-26 This book offers a response to the democratic crisis of our time Drawing on the rich rhetorical tradition it recovers a distinct Mediterranean current shaped by figures such as Isocrates Quintilian and Giambattista Vico that provides compelling theoretical alternatives Contemporary democracy the book argues can be significantly enriched by this legacy It explores its connections to the political theory that challenged the positivist political science its resistance to the propaganda typical of tyrannies and its inclusive ethos grounded in a reverence for difference resonating with Hannah Arendt s notion of freedom of movement both in the world and in thought The rhetorical perspective developed here contributes to rethinking the political as envisioned by Arendt and Sheldon Wolin in opposition to the Schmittian conception recently revived by populism In doing so the book demonstrates the potential of rhetorical thought to renew the principles of radical democracy in the face of contemporary challenges

The Present State of Scholarship in the History of Rhetoric Lynée Lewis Gaillet, Winifred Bryan Horner, 2010-03-15 Through two previous editions The Present State of Scholarship in Historical and Contemporary Rhetoric has not only introduced new scholars to interdisciplinary research but also become a standard research tool in a number of fields and pointed the way toward future study Adopting research methodologies of revision and recovery this latest edition includes all new material while still following the format of the original and is constructed around bibliographical surveys of both primary and secondary works addressing the Classical Medieval Renaissance and eighteenth through twentieth century periods within the history of rhetoric The Present State of Scholarship in the History of Rhetoric doesn t simply update but rather recasts study in the history of rhetoric The authors experienced and well known scholars in

their respective fields redefine existing strands of rhetorical study within the periods expand the scope of rhetorical engagement and include additional figures and their works The globalization and expansion of rhetoric are demonstrated in each of these parts and seen clearly in the inclusion of more female rhetors discussions of historical and contemporary electronic resources and examinations of rhetorical practices falling outside the academy and the traditional canon New to this edition is a cumulative review of twentieth century rhetoric along with a thematic index designed to facilitate interdisciplinary or specialized study and scholarly research across the traditional historical periods As programs incorporating rhetorical studies continue to expand at the university level students and researchers are in need of up to date bibliographical resources No other work matches the scope and approach of The Present State of Scholarship in the History of Rhetoric which carries scholarship on rhetoric into the twenty first century **Women and Comedy** Peter

Dickinson, Anne Higgins, Paul Matthew St. Pierre, Diana Solomon, Sean Zwagerman, 2014-03-27 Women and Comedy History Theory Practice presents the most current international scholarship on the complexity and subversive potential of women s comedic speech literature and performance Earlier comedy theorists such as Freud and Bergson did not envision women as either the agents or audiences of comedy only as its targets Only more recently have scholarly studies of comedy begun to recognize and historicize women s contributions to and political uses of comedy The essays collected here demonstrate the breadth of current scholarship on gender and comedy spanning centuries of literature and a diversity of methodologies Through a reconsideration of literary theatrical and mass media texts from the Classical period to the present Women and Comedy History Theory Practice responds to the historical marginalization and or trivialization of both women and comedy The essays collected in this volume assert the importance of recognizing the role of women and comedy in order to understand these texts their historical contexts and their possibilities and limits as models for social engagement In the spirit of comedy itself these analyses allow for opportunities to challenge and reevaluate the theoretical approaches themselves

Writing Center Research Paula Gillespie, Alice Gillam, Lady Falls Brown, Byron Stay, 2001-12 Original essays by writing center researchers directly address current concerns about writing ctr research through detailed accounts of research and use of diversity of research methodologies available to both veteran novice writing ctr professionals Critical Realism and Composition Theory Donald Judd, 2005-07-05 The field of composition theory has emerged as part of the intellectual turmoil and set of pedagogical debates which have beset higher education for the last four decades and is now revolutionizing the theory and praxis of higher education This volume examines three of the dominant pedagogical theories within composition theory expressivist cognitivist and social constructivist and builds its critique on the fact that much of modern composition theory has focused on epistemological concerns while neglecting the ontological foundations of that which is being discussed Critical Realism and Composition Theory offers an alternative approach to teaching composition This problem oriented alternative is designed to lead students beyond the abstract contemplative description of a problem to an expanded

understanding that shows that concerns for justice cannot be addressed intellectually without at the same time confronting the practical constraints that limiting powers of social institutions play in both defining a problem and its social solution
