The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Volume 5 Hughes Oliphant Old, 2004. *The Reading and Preaching of the Scriptures in the Worship of the Christian Church* is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times. In Volume 1, *The Biblical Period*, Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel. Rhetoric of Blair, Campbell, and Whately James L. Golden, 1980. **The SAGE Handbook of Rhetorical Studies** Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29. *The SAGE Handbook of Rhetorical Studies* surveys the latest advances in rhetorical scholarship, synthesizing theories and practices across major areas of study in the field and pointing the way for future studies. Edited by Andrea A. Lunsford and Associate Editors Kirt H. Wilson and Rosa A. Eberly, the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field.

Key Features: Brings together scholars from across the disciplines of Speech, Communication, English, and Writing Studies. While rhetoric is by definition interdisciplinary, self-identified scholars in the field are most often institutionally separated from one another. This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature, status, definition, and scope of rhetoric today. Offers a thoroughgoing overview of rhetorical studies today. Organized in four sections: Historical Studies in Rhetoric; Rhetoric Across the Disciplines; Rhetoric and Pedagogy; and Rhetoric and Public Discourse. The volume provides a single resource for engaging rhetorical studies. Underscores the importance of rhetoric to education across a wide range of disciplines, as well as to effective participation in public arenas. Thus, the volume connects rhetoric's long teaching tradition to an activist agenda for informed civic engagement. Addresses methodological and theoretical difficulties and offers means of negotiating them. Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics.
