Rhetoric Of Dreams:

The Rhetoric of Dreams Bert O. States, 2019-05-15 In this lively and provocative book Bert O States offers a new theory of the nature and function of dreaming in the process challenging the Freudian theory of repression The Rhetoric of Dreams asserts that the dream operates quite differently from the mechanism of repression as it is envisioned by most psychoanalysts Far from censoring unacceptable thought States says the dream is one of the most direct of psychic functions processing experience in patterns of association that contribute to our survival in waking reality He thus regards the dream as a means by which the mind thinks images out of feelings and attitudes and then converts those images into other images along the path of the dream narrative

Reading Dreams Derek S. Dodson, 2009-06-25 Dodson reads the dreams in the Gospel of Matthew 1 18b 25 2 12 13 15 19 21 22 27 19 as the authorial audience This approach requires an understanding of the social and literary character of dreams in the Greco Roman world Dodson describes the social function of dreams noting that dreams constituted one form of divination in the ancient world and looks at the theories and classification of dreams that developed in the ancient world He then moves on to demonstrate the literary dimensions of dreams in Greco Roman literature This exploration of the literary representation of dreams is nuanced by considering the literary form of dreams dreams in the Greco Roman rhetorical tradition the inventiveness of literary dreams and the literary function of dreams The dreams in the Gospel of Matthew are then analyzed in this social and literary context It is demonstrated that Matthew's use of dreams as a literary convention corresponds to the script of dreams in other Greco Roman narratives This correspondence includes the form of the Matthean dreams dreams as a motif of the birth topos 1 18b 25 the association of dreams and prophecy 1 22 23 2 15 23 the use of the double dream report 2 12 and 2 13 15 and dreams as an ominous sign in relation to an individual's death 27 19 An appendix considers the Matthean transfiguration as a dream vision report

Economic Injustice and the Rhetoric of the American Dream Luke Winslow, 2017-07-24 Our economic arrangements require a persuasive story that can explain who is rich who is poor and why This story shapes our attitudes toward what is just and unjust this story dispenses power to some and withholds it from others and the deeply political and paradoxical nature of this story presents a valuable site of rhetorical inquiry *Economic Injustice and the Rhetoric of the American Dream* fills an important scholarly gap by connecting the need to make sense of economic arrangements with the rhetoric of the American Dream Luke Winslow examines how the rhetoric of the American Dream has emerged as a dominant cultural touchstone in oscillation with a widespread shift to individualistic explanations for economic arrangements the arrival of neoliberalism growing levels of inequality and dismal rates of economic mobility By developing the tools of rhetorical and ideological criticism this book explores the American Dream in relation to religious economic educational and political institutions ranging from Prosperity Theology to the candidacy and election of Donald Trump Recommended for scholars in
