Rhetorical Models for Effective Writing J. Karl Nicholas, James R. Nicholl, 1985-01-01 *Rhetorical Models for Effective Writing* James Karl Nicholas, James R. Nicholl, 1985-01-01 Rhetorical Models for Effective Writing Karl J. Nicholas, James R. Nicholl, 1981 Composition and Rhetoric Based on Literary Models Rose Mary, Kavana, Arthur Beatty, 1902 The SAGE Handbook of Writing Development Roger Beard, Debra Myhill, Jeni Riley, Martin Nystrand, 2009-07-09 Writing development is currently the focus of substantial international debate because it is the aspect of literacy education that has been least responsive to central government and state reforms Teaching approaches in writing have been slower to change than those in teaching reading and pupil attainment in writing has increased at a much more modest rate than pupil attainment in reading This handbook critically examines research and theoretical issues that impact on writing development from the early years through to adulthood It provides those researching or teaching literacy with one of the most academically authoritative and comprehensive works in the field With expert contributors from across the world the book represents a detailed and valuable overview of a complex area of study **The Rhetoric of Cool** Jeff Rice, 2007-05-11 The Rhetoric of Cool Composition Studies and New Media offers a historical critique of composition studies rebirth narrative using that critique to propose a new rhetoric for new media work Author Jeff Rice returns to critical moments during the rebirth of composition studies when the discipline chose not to emphasize technology cultural studies and visual writing which are now fundamental to composition studies Rice redefines these moments in order to invent a new electronic practice The Rhetoric of Cool addresses the disciplinary claim that composition studies underwent a rebirth in 1963 At that time three writers reviewed technology cultural studies and visual writing outside composition studies and independently used the word cool to describe each position Starting from these three positions Rice focuses on chora appropriation commutation juxtaposition nonlinearity and imagery rhetorical gestures conducive to new media work to construct the rhetoric of cool An innovative work that approaches computers and writing issues from historical critical theoretical and practical perspectives The Rhetoric of Cool challenges current understandings of writing and new media and proposes a rhetorical rather than an instrumental response for teaching writing in new media contexts African American Rhetoric(s) Elaine B Richardson, Ronald L Jackson, 2007-02-12 African American Rhetoric s Interdisciplinary Perspectives is an introduction to fundamental concepts and a systematic integration of historical and contemporary lines of inquiry in the study of African American rhetorics Edited by Elaine B Richardson and Ronald L Jackson II the volume explores culturally and discursively developed forms of knowledge communicative practices and persuasive strategies rooted in freedom struggles by people of African ancestry in America Outlining African American rhetorics found in literature historical documents and popular culture the collection provides scholars students and teachers with innovative approaches for discussing the epistemologies and realities that foster the inclusion of rhetorical discourse in African American studies In

addition to analyzing African American rhetoric the fourteen contributors project visions for pedagogy in the field and address new areas and renewed avenues of research The result is an exploration of what parameters can be used to begin a more thorough and useful consideration of African Americans in rhetorical space **Transnational Writing Program**

Administration David S. Martins, 2015-03-15 While local conditions remain at the forefront of writing program administration transnational activities are slowly and thoroughly shifting the questions we ask about writing curricula the space and place in which writing happens and the cultural and linguistic issues at the heart of the relationships forged in literacy work Transnational Writing Program Administration challenges taken for granted assumptions regarding program identity curriculum and pedagogical effectiveness logistics and quality assurance faculty and student demographics innovative partnerships and research and the infrastructure needed to support writing instruction in higher education Well known scholars and new voices in the field extend the theoretical underpinnings of writing program administration to consider programs activities and institutions involving students and faculty from two or more countries working together and highlight the situated practices of such efforts The collection brings translingual graduate students at the forefront of writing studies together with established administrators teachers and researchers and intends to enrich the efforts of WPAs by examining the practices and theories that impact our ability to conceive of writing program administration as transnational This collection will enable writing program administrators to take the emerging locations of writing instruction seriously to address the role of language difference in writing and to engage critically with the key notions and approaches to writing program administration that reveal its transnationality [Design Principles for Teaching Effective Writing](#) Raquel Fidalgo

Redondo, Karen Harris, Martine Braaksma, 2017-11-20 This volume presents effective instructional programs focused on two perspectives on writing the teaching and learning of writing as a skill and the use of writing as a learning activity in various school subjects or skills acquisition It is focused on analysing micro design features of the programs such as learning activities supporting materials specific strategies instructional techniques but also macro design rules of intervention programs such as instructional sequence instructional stages based on research evidence provided for previous studies This volume goes beyond a practical volume because it provides additional reflection and discussion about theoretical background and empirically based evidence which support the specific intervention programs described Several chapters in this book include links to an Open Access e book where teacher and student materials for the authors instructional approaches can be found see ToC **PRE/TEXT** Victor J. Vitanza, 2010-11-23 After the first issue of PRE TEXT appeared in 1981 a colleague

told Victor Vitanza the creator editor and publisher of the journal how disgusted she was by it how unreadable it was how devoted to self aggrandizement and how much she enjoyed two articles in it Devoted to exploring and expanding the field of rhetoric and composition by publishing articles considered inappropriate by other journals in the field PRE TEXT has from its inception made people angry Yet it has survived and thrived This collection of essays pays tribute to the first ten years of the

journal and each reprinted article is paired with a short comment by the author Also included is Victor Vitanza's retrospective history of the journal and prospectives for the future
