Rhodesian Press The History Of The Rhode

Darlington Mutanda

Rhodesian Press The History Of The Rhode:

The Rhodesian Air Force in Zimbabwe's War of Liberation, 1966-1980 Darlington Mutanda, 2016-11-22 This book evaluates the development of the Rhodesian Air Force during the Second Chimurenga or Bush War 1966-1980. Airpower in irregular conflict is effective at the tactical level because guerrilla warfare is not a purely military conflict. The Rhodesian Air Force was deployed in a war-winning versus a supporting role as a result of the shortage of manpower to deal with insurgency and almost all units of the Rhodesian Security Forces depended on its tactical effectiveness. Technical challenges faced by the Air Force combined with the rate of guerrilla infiltration and the misuse of airpower to bomb guerrilla bases in neighboring countries largely negated the success of airpower.

Southern Rhodesia-South Africa Relations, 1923-1953 Abraham Mlombo, 2020-09-07 This book provides the first comprehensive study of the special relationship between Southern Rhodesia and South Africa. While most studies approach this from the history of British and South African relations or the history of South African territorial expansion, this book offers new insights by examining Southern Rhodesia's relations with South Africa from the former's perspective. Exploring relations through the lens of settler colonialism, the book argues that settler colonialism in the region was marked by a competitive and antagonistic relationship between settler communities, particularly Afrikaner and English communities. The book explores the connections between these countries by examining high politics, economic links, and social and cultural ties, highlighting both instances of competition and cooperation. Above all, it argues that economic ties were the cornerstone of the relationship and that these shaped the rest of the ties between the two countries. Drawing on archival records from Britain, South Africa, and Zimbabwe, as well as a number of secondary sources, it offers a much more nuanced perspective of this relationship than has been previously offered.

Rhodesia's Unilateral Declaration of Independence Hugh Pattenden, Carl P. Watts, Sue Onslow, 2025-10-30 60 years on from Rhodesia's Unilateral Declaration of Independence in 1965, this book brings together many important themes to examine its consequences and offer the most comprehensive overview to date. Situating the UDI in its local, regional, international, and transnational context, this collection offers a range of historical approaches: political, economic, social, cultural, international, and transnational, to provide a richer and deeper understanding of the emergence of contemporary Zimbabwe. Based on an array of rich archival and oral history sources, this book brings together new ways of understanding the multiple and complex dimensions of Rhodesia's UDI and highlights its importance to wider African and World history.

Report on Northern Rhodesia for the Year ... Great Britain. Colonial Office, 1953 *Area Handbook for Southern Rhodesia* Harold D. Nelson, 1975 Rhodes and Rhodesia Arthur Keppel-Jones, 1983 This volume deals with the conquest and colonization of Zimbabwe and the establishment of Southern Rhodesia from the beginnings of British involvement in Bechuanaland to the death of Cecil Rhodes. Its emphasis is on the white invaders and its chief concern is white individuals, their motives, actions, and influence on events. The British South Africa Company and the irregularity of its financial and

political operations are dealt with in detail Keppel Jones also discusses the development in the midst of the indigenous population of an alien white society and state from their crude beginnings to their emergence in a form still recognizable today The reader is led to conclude that by 1902 Southern Rhodesia was already set on the road that would lead to the upheavals of the second half of the twentieth century The author examines the racial consciousness and prejudice of the white society and addresses an important question why did the imperial government grant a royal charter to the BSA Company The facts show conclusively that the imperial government had little interest in Central Africa or care for its fate except when foreign competition appeared Keppel Jones also reveals the important role played by black troops employed by the Company in suppressing the rebellions of 1896 7 For opposite reasons neither blacks nor whites have been willing to recognize this on the other hand the habit of the men on the spot of making and carrying out decisions without regard to their superiors in London is a commonplace of imperial history One of the main themes of the book is the tension between the unofficial imperialists straining at the leash and the Colonial Office struggling to hold them back Rhodes and Rhodesia is based on extensive use of public records mainly in the Public Record Office London and the National Archives of Zimbabwe of collections of private papers and of contemporary published works Arthur Keppel Jones is professor emeritus of history at Queen s University

A History of Rhodesia Howard Hensman,1900 **AF Press Clips** ,1979 *The Cold War* Spencer C. Tucker,2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material
