Rhr Haunted Stories:

The Haunted Heart and Other Tales Jameson Currier, 2009 Haunted or blessed Ghosts or guardian angels Currier presents 12 new stories of gay men and the memories that haunt them blending history and contemporary issues of the gay community with the unexpected of the supernatural

Tales from the Haunted South Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us

Contemporary Women's Ghost Stories Gina Wisker, 2022-06-02 This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century and contemporary female writers including Shirley Jackson Angela Carter Toni Morrison Ali Smith Susan Hill Catherine Lim Kate Mosse Daphne du Maurier Helen Dunmore Michele Roberts and Zheng Cho Through the ghostly body possessions and visitations women's ghost stories expose links between the political and personal genocides and domestic tyrannies providing

unceasing reminders of violence and violations Women like ghosts have historically lurked in the background incarcerated in domestic spaces and roles by familial and hereditary norms They have been disenfranchised legally and politically sold on dreams of romance and domesticity Like unquiet spirits that cannot be silenced women s ghost stories speak the unspeakable revealing these contradictions and oppressions Wisker s book demonstrates that in terms of women s ghost stories there is much to point the spectral finger at and much to speak out about The Routledge Handbook to the Ghost Story Scott Brewster,Luke Thurston,2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives The main task of the volume is to properly situate the genre within historical and contemporary literary cultures across the globe and to explore its significance within wider literary contexts as well as those of the supernatural The Handbook offers the most significant contribution to this new critical field to date assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story *Haunted War Tales* R.C. Bramhall,2024-04-02 Some battlefields such as Gettysburg are known to be haunted This book focuses on multiple tales of truly odd and often bizarre paranormal events on the battlefields of the world Some popular stories are de bunked but most of these reports all documented in one place for the first time in this engaging and informative collection are not easily explained and remain a mystery to be pondered becoming modern canon in the centuries long history of strange and unusual war stories **America's Horror Stories** Kevin Revier,Favian Alejandro Martín,2024-12-31 America s Horror Stories U S History through Dark Tourism conducts a ghost tour ist methodology to explore how slavery and racism are represented in dark tourism via ghost tours The authors travel to key sites of racist U S history including Salem Massachusetts where a witch panic was sparked by accusations of witchcraft by Tituba an enslaved woman practicing Voodoo New Orleans Louisiana which hosts the largest slave trade market the Myrtles Plantation in Francisville Louisiana and to Gettysburg Pennsylvania where the bloodiest battle of the Civil War took place marking a pivotal moment to end slavery in the nation but where Confederate ghosts are said to continue roaming the town and battlefield Acting as research ghost hunters tourists the authors go on walking and bus tours visit historical monuments stay at haunted hotels ponder objects in haunted museums and do some ghost hunting of their own They find that the ghosts conjured by tour guides ghosts of confederate soldiers American citizens and enslaved people tend to whitewash sensationalize and commercialize the horrors of U S history including slavery racism and colonialism They do not discount dark tourism entirely but recommend a ghost tour ist pedagogy that critically considers social issues and structural forms of inequality that haunt us today America s Horror Stories will be of great interest to students and scholars researching and taking part in critical criminology and cultural criminology courses specifically on crime media and culture *Ghost Stories from Around the World* Ginnie Siena-Bivona,Mitchel Whittington,Dorothy McConachie,2003-10 Paranormal

experiences told by the people who lived them are revealed in these three collections of haunting encounters Sceptics will ponder where reality stops and another dimension begins after reading these spine tingling and compelling stories
