Woody Guthrie's Modern World Blues Will Kaufman, 2017-10-12 Mention Woody Guthrie and people who know the name are likely to think of the Okie Bard dust storms behind him riding a boxcar or walking a red dirt road a battered guitar strapped to his back But unlock Guthrie from the confines of rural folk and Hollywood mythology as Will Kaufman does here and you'll find an abstract painter and sculptor who wrote about atomic energy and Ingrid Bergman and developed advanced theories of dialectical materialism and human engineering in short a folk singer who was deeply engaged with the art ideas and issues of his time Guthrie may have been born in the Oklahoma hills but his most productive years were spent in the metropolitan centers of Los Angeles and New York Machines and their physics were among his favorite metaphors fast cars were his passion and airplanes and even flying saucers were his frequent subjects His career long immersion in radio recording and film inspired trenchant observations concerning mass media and communication and he contributed to modern art as a prolific abstract painter graphic artist and sculptor This book explores how through multiple artistic forms Guthrie thought and felt about the scientific method atomic power and war technology as well as the shifting dynamics of gender and race Drawing on previously unpublished archival sources Kaufman brings to the fore what Guthrie's insistently folksy popular image obscures the essays visual art letters verse fiction and voluminous notebook entries that reveal his profoundly modern sensibilities Woody Guthrie emerges from these pages as a figure whose immense artistic output reflects the nation's conflicted engagement with modernity Capturing the breathtaking social and technological changes that took place during his extraordinarily productive career Woody Guthrie's *Modern World Blues* offers a unique and much needed new perspective on a musical icon

This Land that I Love John Shaw, 2013-11-05 February 1940 After a decade of worldwide depression World War II had begun in Europe and Asia With Germany on the march and Japan at war with China the global crisis was in a crescendo America's top songwriter Irving Berlin had captured the nation's mood a little more than a year before with his patriotic hymn *God Bless America* Woody Guthrie was having none of it Near starving and penniless he was traveling from Texas to New York to make a new start As he eked his way across the country by bus and by thumb he couldn't avoid Berlin's song Some people say that it was when he was freezing by the side of the road in a Pennsylvania snowstorm that he conceived of a rebuttal It would encompass the dark realities of the Dust Bowl and Great Depression and it would begin with the lines This land is your land this land is my land In *This Land That I Love* John Shaw writes the dual biography of these beloved American songs Examining the lives of their authors he finds that Guthrie and Berlin had more in common than either could have guessed Though Guthrie's image was defined by train hopping Irving Berlin had also risen from homelessness having worked his way up from the streets of New York At the same time *This Land That I Love* sheds new light on our patriotic musical heritage from *Yankee Doodle* and *The Star Spangled Banner* to Martin Luther King's recitation from *My Country 'Tis of Thee* on the steps of the Lincoln Memorial in August 1963 Delving into the deeper history of war

songs minstrelsy ragtime country music folk music and African American spirituals Shaw unearths a rich vein of half forgotten musical traditions With the aid of archival research he uncovers new details about the songs including a never before printed verse for This Land Is Your Land The result is a fascinating narrative that refracts and re envisions America s tumultuous history through the prism of two unforgettable anthems
