Richard Boone A Knight Without Armor In A Savage Land:

Richard Boone David Rothel,2000-02 **Outlaw Heroes as Liminal Figures of Film and Television** Rebecca A. Umland,2016-04-20 Unlike such romanticized renegades as Robin Hood and Jesse James there is another kind of outlaw hero one who lives between the law and his own personal code In times of crisis when the law proves inadequate the liminal outlaw negotiates between the social imperatives of the community and his innate sense of right and wrong While society requires his services he necessarily remains apart from it in self preservation The modern outlaw hero of film and television is rooted in the knight errant whose violent exploits are tempered by his solitude and devotion to a higher ideal In Hollywood classics such as *Casablanca* 1942 and *Shane* 1953 and in early series like *The Lone Ranger* 1949 1957 and *Have Gun Will Travel* 1957 1963 the outlaw hero reconciles for audiences the conflicting impulses of individual freedom versus serving a larger cause Urban westerns like the *Dirty Harry* and *Death Wish* franchises as well as iconic action figures like *Rambo* and *Batman* testify to his enduring popularity This book examines the liminal hero s origins in medieval romance his survival in the mythology of the Hollywood western and his incarnations in the urban western and modern action film *Have Gun—Will Travel* Gaylyn Studlar,2015-05-04 Fans of the show as well as scholars of TV history and the Western genre will enjoy this insightful volume **The Complete Idiot's Guide to Classic Movies** Lee Pfeiffer,2006-11-07 Sit back grab some popcorn and let the credits roll The Complete Idiot s Guide to Classic Movies provides comprehensive information on the best classic films from the silent era up through 1969 cross referenced several different ways for easy access Also contains fun insider trivia and facts about the movies the stars and factors that influenced the movie or the audience at the time of the movie s release Written by a recognized name in the industry who has written books on movies and film for decades Features only the best movies 3 and 4 stars from the silent era up through 1969 Offers several indexes which are cross referenced alphabetically by actor and director in addition to the main text being indexed by film name and genre Includes appendices that provide information on the top 100 films of all time the greatest movie quotes Academy Award winners and Internet references for locating hard to find films **Focus On: 100 Most Popular Deaths from Pneumonia** Wikipedia contributors, **Art and Politics in *Have Gun--Will Travel*** Kathleen L. Spencer,2014-09-17 From 1955 to 1964 American television was awash in adult Westerns as much as one quarter of all prime time programming During its six seasons 1957 1963 *Have Gun Will Travel* was recognized as one of the best shows on television politically the most liberal and intellectually and aesthetically the most sophisticated largely because of Richard Boone This work places the series in its larger historical context exploring why the Western was so popular at the time and examines how the early history of television affected the shows A brief biography of Boone is included revealing how his values and experiences shaped the series Behind the scenes life on the show is compared with that of its most popular competitors *Gunsmoke* *Wagon Train* and *Bonanza* Major themes and patterns of the shows are compared in particular the figures of the lawman the gunfighter and the outlaw racial and

ethnic minorities and women Classic Movie Fight Scenes Gene Freese, 2017-09-11 Both brawls and elaborate martial arts have kept movie audiences on the edges of their seats since cinema began But the filming of fight scenes has changed significantly through the years mainly for the safety of the combatants from improvised scuffles in the Silent Era to exquisitely choreographed and edited sequences involving actors stuntmen and technical experts Camera angles prevented many a broken nose Examining more than 300 films from *The Spoilers* 1914 to *Road House* 1989 the author provides behind the scenes details on memorable melees starring such iconic tough guys as John Wayne Randolph Scott Robert Mitchum Lee Marvin Charles Bronson Clint Eastwood Bruce Lee Chuck Norris and Jackie Chan Hollywood's West John E. O'Connor, Peter Rollins, 2005-11-11 Hollywood's West examines popular perceptions of the frontier as a defining feature of American identity and history Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO's 1931 classic *Cimarron* to Turner Network Television's recent made for TV movies Covering topics such as the portrayal of race women myth and nostalgia Hollywood's West makes a significant contribution to the understanding of how Westerns have shaped our nation's opinions and beliefs often using the frontier as metaphor for contemporary issues The Invisible Hand in Popular Culture Paul A. Cantor, 2012-11-30 Analyzes how ideas about economics and political philosophy find their way into everything from *Star Trek* to *Malcolm in the Middle* Wall Street Journal Popular culture often champions freedom as the fundamentally American way of life and celebrates the virtues of independence and self reliance But film and television have also explored the tension between freedom and other core values such as order and political stability What may look like healthy productive and creative freedom from one point of view may look like chaos anarchy and a source of destructive conflict from another Film and television continually pose the question Can Americans deal with their problems on their own or must they rely on political elites to manage their lives In this groundbreaking work Paul A Cantor whose previous book *Gilligan Unbound* was named one of the best nonfiction books of the year by the Los Angeles Times explores the ways in which television shows such as *Star Trek* *The X Files* *South Park* and *Deadwood* and films such as *The Aviator* and *Mars Attacks* have portrayed both top down and bottom up models of order Drawing on the works of John Locke Adam Smith Alexis de Tocqueville and other proponents of freedom Cantor contrasts the classical liberal vision of America particularly its emphasis on the virtues of spontaneous order with the Marxist understanding of the culture industry and the Hobbesian model of absolute state control *The Invisible Hand in Popular Culture* concludes with a discussion of the impact of 9 11 on film and television and the new anxieties emerging in contemporary alien invasion narratives the fear of a global technocracy that seeks to destroy the nuclear family religious faith local government and other traditional bulwarks against the absolute state **Shooting Stars of the Small Screen**

Douglas Brode, 2010-01-01 Since the beginning of television Westerns have been playing on the small screen. From the mid 1950s until the early 1960s they were one of TV's most popular genres with millions of viewers tuning in to such popular shows as *Rawhide*, *Gunsmoke*, and Disney's *Davy Crockett*. Though the cultural revolution of the later 1960s contributed to the demise of traditional Western programs, the Western never actually disappeared from TV. Instead it took on new forms such as the highly popular *Lonesome Dove* and *Deadwood* while exploring the lives of characters who never before had a starring role, including anti-heroes, mountain men, farmers, Native and African Americans, Latinos, and women. *Shooting Stars of the Small Screen* is a comprehensive encyclopedia of more than 450 actors who received star billing or played a recurring character role in a TV Western series or a made-for-TV Western movie or miniseries from the late 1940s up to 2008. Douglas Brode covers the highlights of each actor's career, including Western movie work if significant, to give a full sense of the actor's screen persona. Within the entries are discussions of scores of popular Western TV shows that explore how these programs both reflected and impacted the social world in which they aired. Brode opens the encyclopedia with a fascinating history of the TV Western that traces its roots in B Western movies while also showing how TV Westerns developed their own unique storytelling conventions.
