Richard Bowman Richard Bowman,1986-01-01 **Canvases and Careers** Harrison C. White,Cynthia A. White,1965 In the nineteenth century the Acad mie des Beaux Arts and institution of central importance to the artistic life of France for over two hundred years yielded much of its power to the present system of art distribution which is dependent upon critics dealers and small exhibitions In *Canvases and Careers* Harrison and Cynthia White examine in scrupulous and fascinating detail how and why this shift occurred Assimilating a wide range of historical and sociological data the authors argue convincingly that the Academy by neglecting to address the social and economic conditions of its time undermined its own ability to maintain authority and control Originally published in 1965 this ground breaking work is a classic piece of empirical research in the sociology of art In this edition Harrison C White s new Foreword compares the marketing approaches of two contemporary painters while Cynthia A White s new Afterword reviews recent scholarship in the field **Careers And Creativity** Harrison C. White,2019-04-11 How much does art provide escape from everyday life and how much does it aid in controlling life How are art worlds built and maintained Are new styles the creations of whim or genius Or are stylistic changes the product of the social and political world in which the artist lives How does art itself shape these worlds How are art worlds built **Subject Guide to Books in Print** ,1991 *Art in America* Frank Jewett Mather,Frederic Fairchild Sherman,1987-05 **Bulletin of the Art Institute of Chicago** ,1945 **Abstract Expressionism** Jeffrey Wechsler,1989
