Gale, 1969 Relates all the major events of Dana s life and gives a detailed

evaluation of his writings      *The Know-Nothing Party in Massachusetts* John R. Mulkern, 1990      **Richard Henry Dana**  
Charles Francis Adams, 1890      *Law and Letters in American Culture* Robert A. Ferguson, 1984 The role of religion in early  
American literature has been endlessly studied the role of the law has been virtually ignored Robert A Ferguson s book seeks  
to correct this imbalance With the Revolution Ferguson demonstrates the lawyer replaced the clergyman as the dominant  
intellectual force in the new nation Lawyers wrote the first important plays novels and poems as gentlemen of letters they  
controlled many of the journals and literary societies and their education in the law led to a controlling aesthetic that shaped  
both the civic and the imaginative literature of the early republic An awareness of this aesthetic enables us to see works as  
diverse as Jefferson s Notes on the State of Virginia and Irving s burlesque History of New York as unified texts products of  
the legal mind of the time The Declaration of Independence the Constitution and the great political orations were written by  
lawyers and so too were the literary works of Trumbull Tyler Brackenridge Charles Brockden Brown William Cullen Bryant  
Richard Henry Dana Jr and a dozen other important writers To recover the original meaning and context of these writings is  
to gain new understanding of a whole era of American culture The nexus of law and letters persisted for more than a half  
century Ferguson explores a range of factors that contributed to its gradual dissolution the yielding of neoclassicism to  
romanticism the changing role of the writer the shift in the lawyer s stance from generalist to specialist and from ideological  
spokesman to tactician of compromise the onslaught of Jacksonian democracy and the problems of a country torn by  
sectional strife At the same time he demonstrates continuities with the American Renaissance And in Abraham Lincoln he  
sees a memorable late flowering of the earlier tradition
