Charles Ross

Richard III Loyalty Lordship And Law:

Richard III P. W. Hammond,2000 **Richard III and his Rivals** Michael Hicks,1991-07-01 Richard III is undoubtedly the dominant personality in this collection of essays but not in his capacity as king of England Richard was Duke of Gloucester far longer than he was king For most of his career he was a subject not a monarch the equal of the great nobility He is seen here in the company of his fellows Warwick the Kingmaker Clarence Northumberland Somerset Hastings a the Wydevilles His relations with these rivals all of whom submitted to him or were crushed show him in different moods and from various vantage points *Richard III: The Maligned King* Annette Carson,2017-04-13 Richard III King of England from 1483 to 1485 made good laws that still protect ordinary people today Yet history concentrates on the fictional hunchback as depicted by Shakespeare the wicked uncle who stole the throne and killed his nephews in the Tower of London Voices have protested during the intervening years some of them eminent and scholarly urging a more reasoned view to replace the traditional black portrait But historians whether as authors or presenters of popular TV history still trot out the old pronouncements about ruthless ambition usurpation and murder After centuries of misinformation the truth about Richard III has been overdue a fair hearing Annette Carson seeks to redress the balance by examining the events of his reign as they actually happened based on reports in the original sources She traces the actions and activities of the principal characters investigating facts and timelines revealed in documentary evidence She also dares to investigate areas where historians fear to tread and raises some controversial questions In 2012 Carson was a member of Philippa Langley s Looking For Richard Project which provided important new answers from the DNA confirmed discovery of the king s remains Her involvement in Langley s Missing Princes Project with its international research initiative on the princes in the Tower has now informed her revelatory extra chapter Richard III Michael Hicks,2019-11-26 The definitive biography and assessment of the wily and formidable prince who unexpectedly became monarch the most infamous king in British history The reign of Richard III the last Yorkist king and the final monarch of the Plantagenet dynasty marked a turning point in British history But despite his lasting legacy Richard only ruled as king for the final two years of his life While much attention has been given to his short reign Michael Hicks explores the whole of Richard s fascinating life and traces the unfolding of his character and career from his early years as the son of a duke to his violent death at the battle of Bosworth Hicks explores how Richard villainized for his imprisonment and probable killing of the princes applied his experience to overcome numerous setbacks and adversaries Richard proves a complex conflicted individual whose Machiavellian tact and strategic foresight won him a kingdom He was a reformer who planned big changes but lost the opportunity to fulfill them and to retain his crown Provided by publisher

Richard III Chris Skidmore,2018-04-24 From acclaimed historian Chris Skidmore comes the authoritative biography of Richard III England s most controversial king a man alternately praised as a saint and cursed as a villain Richard III is one of English history s best known and least understood monarchs Immortalized by Shakespeare as a hunchbacked murderer the

discovery in 2012 of his skeleton in a Leicester parking lot re ignited debate over the true character of England's most controversial king Richard was born into an age of brutality when civil war gripped the land and the Yorkist dynasty clung to the crown with their fingertips Was he really a power crazed monster who killed his nephews or the victim of the first political smear campaign conducted by the Tudors In the first full biography of Richard III for fifty years Chris Skidmore draws on new manuscript evidence to reassess Richard's life and times Richard III examines in intense detail Richard's inner nature and his complex relations with those around him to unravel the mystery of the last English monarch to die on the battlefield

Richard III's 'Beloved Cousyn' John Ashdown-Hill, 2012-05-30 In 1455 John Howard was an untitled and relatively obscure Suffolk gentleman Thirty years later at the time of his death at the Battle of Bosworth Field he was Earl Marshal Duke of Norfolk Lord Admiral and a very rich man and his direct descendant is Duke of Norfolk today How had Howard attained these elevations Through his service to the House of York and in particular to King Richard III during the setting aside of Edward V John Ashdown Hill examines why Howard chose to support Richard even ultimately at the cost of his life what secrets he knew about Edward IV what he had to do with the fate of the Princes in the Tower and what naval innovations hitherto ascribed to the Tudors he promoted Based on original research and containing previously unpublished material Richard III's Beloved Cousyn is an important contribution to Ricardian scholarship

Richard III and the Murder in the Tower Peter A Hancock, 2011-08-26 Richard III is accused of murdering his nephews the Princes in the Tower in order to usurp the throne of England Since Tudor times he has been painted as the black legend the murderous uncle However the truth is much more complicated and interesting Rather than looking at all the killings Richard III did not commit this book focuses on the one execution for which we know that he was responsible On Friday 13 June 1483 William Lord Hastings was hustled from a meeting of the Royal Council and summarily executed on Tower Green within the confines of the Tower of London Peter A Hancock sheds light on the mystery of this precipitate and unadvised action by the then Duke of Gloucester and reveals the key role of William Catesby in Richard's ascent to the throne of England It explains his curious actions during that tumultuous summer of three kings and provides an explanation for the fate of the Princes in the Tower

Richard III Charles Ross, 2011-05-28 Richard III ruled England for a mere twenty six months yet few English monarchs remain as compulsively fascinating and none has been more persistently vilified In his absorbing and universally praised account Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign why and how Richard Plantagenet usurped the throne the belief that he ordered the murder of the Princes in the Tower the events leading to the battle of Bosworth in 1485 and the death of the Yorkist dynasty with Richard himself In a new foreword Professor Richard A Griffiths identifies the attributes that have made Ross's account the leading biography in the field and assesses the impact of the research published since the book first appeared in 1981 A fascinating study on a perennially fascinating topic the base against which will be measured any future research Times Higher Education Supplement

Kingship, Lordship and Sanctity in Medieval Britain Steven Boardman, David Ditchburn, 2022 Essays reconsidering key topics in the history of late medieval Scotland and northern England The volume celebrates the career of the influential historian of late medieval Scotland and northern England Dr Alexander Sandy Grant Its contributors engage with the profound shift in thinking about this society in the light of his scholarship and the development of the New Orthodoxy both attending to the legacy of this discourse and offering new research with which to challenge or amend our understanding of late medieval Scotland and northern England Dr Grant's famously wide and diverse historical interests are here reflected through three main foci kingship lordship and identity The volume includes significant reassessments of the reputations of two kings Alexander I of Scotland and Henry V of England an examination of Richard III's relationship to the lordship of Pontefract and a study of the development of royal pardon in late medieval Scotland Further chapters consider the social influence and legal and tenurial rights vested in aristocratic lineages regional gentry communities and the leaders of burghal corporations Finally the relationship between saints cults piety and regnal and regional identity in medieval Scotland is scrutinised in chapters on St Margaret and St Ninian

Richard III: From Contemporary Chronicles, Letters and Records Keith Dockray, P. W. Hammond, 2014-03-26 No English king has suffered wider fluctuations of reputation than Richard III perhaps the most controversial ruler England has ever had Vilified by critics as a ruthless master of intrigue and a callous murderer he has been no less extravagantly praised by defenders of his reputation against Tudor and Shakespearian charges of tyranny Richard III From Contemporary Chronicles Letters and Records by its presentation of contemporary and near contemporary sources enables the reader to get behind the mythology and gain a more realistic picture of the king An invaluable collection of the primary sources presented clearly and concisely it demonstrates just why Richard has remained an enigma for so long Established as an essential part of the literature on Richard III since its first publication under the title Richard III A Reader in History this new edition has been completely revised and considerably expanded to offer an indispensable source book for historians students and the general reader Also this up to date edition includes a chapter in relation to the exciting discovery of Richard III's skeleton that was found under a car park in Leicester The Genesis of this book came from a summary guide produced by Keith Dockray for all of his second year undergraduate students Upon this foundation has been built an accessible and enjoyable history of this fascinating king as seen by those who knew him at the time or who were living shortly after his untimely death at Bosworth Field

Embark on a transformative journey with is captivating work, Discover the Magic in **Richard Iii Loyalty Lordship And Law** . This enlightening ebook, available for download in a convenient PDF format PDF Size: , invites you to explore a world of boundless knowledge.
