Richard Wagner Die Meistersinger Von Nrnberg:

The sources and text of Richard Wagner's Opera "Die Meistersinger von Nürnberg" Anna Bowen,1897 *Die Meistersinger von Nürnberg* Richard Wagner,1904 Richard Wagner: Die Meistersinger Von Nürnberg John Warrack,1994-09-08 Die Meistersinger von N rnberg is Wagner s only mature comedy and one of the richest and most profound in the history of music This book presents an informative and stimulating study of an opera that occupies a particular place in music lovers affections yet always has more to reveal John Warrack traces the evolution of the work from plans for a light comic opera through all the drafts and the literary influences on them into the eventual comedy and he then studies the music in depth He also gives an account of what Wagner found in the historical Mastersingers and their music Lucy Beckett explores the influence of Schopenhauer on the work and examines the complexity of its expressive methods Michael Tanner suggests new ways of interpreting the opera s inner and outer worlds There is a history of significant productions by Patrick Carnegy The volume includes a full synopsis bibliography and three appendices Die Meistersinger Von Nürnberg Richard Wagner,1983 The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John the ENO s dramaturg who died tragically in an accident in the Alps Most of the guides are devoted to a single opera which is described in detail with many articles that cover its history and information about the composer and his times The complete libretto is included in both the original language and in a modern singing translation except where the opera was written in English Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated They also contain a bibliography and a discography which is updated at each reprint The ENO guides are widely regarded as the best series of their kind and excellent value Die Meistersinger was enthusiastically received at its premiere in 1868 and was judged to be Wagner s most immediately appealing work Eduard Hanslick wrote after the premiere Dazzling scenes of colour and splendour ensembles full of life and character unfold before the spectator s eyes hardly allowing him the leisure to weigh how much and how little of these effects is of musical origin **Tradition, Community, and Nationhood in Richard Wagner's Die Meistersinger von Nürnberg** Christopher Kimbell,2024-07-02 Since its premiere in 1868 Wagner s Die Meistersinger von N rnberg has defied repeated upheavals in the cultural political landscape of German statehood to retain its unofficial status as the German national opera The work s significance as a touchstone of national culture survived even such troubling episodes as its public endorsement in 1933 as the most German of all German operas by Joseph Goebbels or the rendition in previous years by audiences at Bayreuth of both national and Nazi party anthems at the work s culmination This chequered reception history and apparent propensity for reinterpretation or reclamation has long fuelled debates over the socio political meanings of Wagner s musical narrative On the question of Beckmesser for instance heated arguments have surrounded the existence of antisemitic stereotypes in the work as well as their possible indication of a racial political dimension to Sachs s restoration of

Nuremberg society Through a combination of musical textual analysis with critical theory this book interrogates the ideological underpinnings of Die Meistersinger s narrative In four interconnected studies of the characters of Walther Sachs Beckmesser and Eva the book traces a critical potential within the opera s construction of provincial and national identities and problematizes existing discourse around its depiction of race and gender **Richard Wagner, Die Meistersinger von Nürnberg** Hildegard Krützfeldt-Junker, Rotraud Nesemeyer, 1990 The Sources and Text of Richard Wagner's Opera "Die Meistersinger Von Nürnberg" Anna Maude Bowen, 1977 *The Master-Singers of Nuremberg (Die Meistersinger Von Nurnberg) Opera in Three Acts* Richard Wagner, 2010-03 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork *Wagner's Meistersinger* Nicholas Vazsonyi, 2004 Richard Wagner s Die Meistersinger von N rnberg has been one of the most performed operas ever since its premier in 1868 as it epitomizes themes of Germanness This volume examines the representation of German history in the opera and the way it has functioned in history through political appropriation and staging practice in performance *Richard Wagner, Die Meistersinger von Nürnberg* Laurine Quetin, 2012
