Riddles Of Eros Exploring Sex Psyche And Culture:

Riddles of Eros William C. Manson,1994 To find more information on Rowman Littlefield titles please visit us at [www rowmanlittlefield com](http://www.rowmanlittlefield.com) **Gender Ideology and Psychological Reality** Melford E. Spiro,1997-01-01 Why do members of a society espouse culturally constituted beliefs that are at odds with their personal interests and experiences This text answers this question by investigating ideologies of gender and sex relations in Burma **Sex and Love in Intimate Relationships** Robert Firestone,Lisa A. Firestone,Joyce Catlett,2006 In clear language and conceptualization and through the liberal use of case material from therapy sessions the authors show how individuals can be helped to overcome these challenges and become physically and emotionally closer to their partners BOOK JACKET **Journal of the History of Sexuality** ,1994
 Feminist Studies ,1994 **New Literature on Women** ,1995 **Behind God's Back** Gianna Hochstein,2000 About a remote Mexican village that practices institutionalised homosexuality **Affective Competence in Counseling** John Richard Hall,1995-07-25 Subject Guide to Books in Print ,1991 **The Community in Canada** Satadal Dasgupta,1996
This unique book gives readers fresh insight into the study of communities It provides balance by supplying empirical evidence to the discussion of theoretical and methodological issues The author argues that such evidence allows readers to investigate the relation between Canadian communities and theoretical and methodological generalizations found in community studies Readers can then decipher whether or not these generalizations actually apply to Canadian communities The work includes a variety of articles all based on empirical studies The articles cover all community types from rural to small town to suburban to urban and all regions of Canada from Atlantic Canada to western Canada to Ontario to Quebec The writings were carefully chosen according to theoretical relevance their effectiveness in a learning environment and their overall readability Diverse articles and empirical evidence make this book a well rounded examination of a long overlooked area in community studies
