longhorn cattle brought with it an assortment of rustlers hustlers gamblers and freelance lawmen who carried a trigger happy honor culture into a widening gyre a veritable blood meridian When the first newspapermen and audiences discovered what good copy this all was the flywheel of mythmaking started spinning It s never stopped The Gunfighters brilliantly sifts the lies from the truth giving both elements their due And the truth is sufficiently wild for any but the most unhinged tastes All the legendary figures are here and their escapades are told with great flair good bad and ugly Like all great stories this one has a rousing end as the railroads and the settlers close off the open spaces for good the last of the breed Butch Cassidy and the Sundance Kid really do get on a boat for South America ending their era in a blaze of glory Burrough knits these histories together into something much deeper and more provocative than simply the sum of its parts To understand the truth of the Wild West is to understand a crucial dimension of the American story **A Gunfighter's Gold** Cheyenne West,2013-09-17 Straight laced Emily is building a new life for herself breeding horses with her father on his cattle ranch in Jackson California However shes angry and hiding dark secrets about her failed marriage When she finds herself in gunfighter Garrett Stones arms shes even angrier Garrett Stone rode into town with a saddlebag of secrets he is hiding from everyone in Jackson As far as everyone knows hes a famous gunfighter hired to guard Gold shipments for the Kennedy Mine and has a desire to play Poker However when Garrett is forced to take in his late sisters two children he and Emily are just barely on speaking terms Garrett unknowingly by reputation foils a kidnapping attempt and in turn is ambushed by six of Kennedys men Emilys father Jed Thomas decides to hide Garrett at their vast cattle ranch forcing both of them to face their physical attraction and desire for one another Jed has also been keeping a secret from his two children for some time now and when it is revealed it could blow the family apart Gunfighters Gold is a true western romance with an Old South Flare set in the Gold Rush town of Jackson Ca in the 1860s This book will have you laughing one moment crying the next with plenty of intrigue action and romance to keep you turning the pages Ride the Frontier Flavia Brizio-Skov,2021-02-17 With fresh appraisals of popular Westerns this book examines the history of the genre with a focus on definitional aspects of canon adaptation and hybridity The author covers a range of largely unexplored topics including the role of heroines in a supposedly male oriented system of film production the function of the celluloid Indians the transcultural and transnational history of the first spaghetti Western the construction of femininity and masculinity in the hybrid Westerns of the 1950s and the new paths of the Western in the 21st century *Catalog of Copyright Entries.
