Culver, 2023-12-31 *Democratizing Luxury* explores the interplay between advertising and consumption in modern Japan by investigating how Japanese companies at key historical moments assigned value or luxury to mass produced products as an important business model Japanese name brand luxury evolved alongside a consumer society emerging in the late nineteenth century with iconic companies whose names became associated with quality and style At the same time

Western ideas of modernity merged with earlier artisanal ideals to create Japanese connotations of luxury for readily accessible products. Businesses manufactured items at all price points to increase consumer attainability while starkly curtailing production for limited editions to augment desirability. Between the late nineteenth and twenty-first centuries, control over family disposable income transformed Japanese middle-class women into an important market. Growth of purchasing power among women corresponded with Japanese goods diffusing throughout the empire and globally after the Asia Pacific war 1931-1945. This book offers case studies that examine affordable luxury consumer items often advertised to women including drinks, beauty products, fashion, and timepieces. Japanese companies have capitalized on affordable luxury since a flourishing domestic mercantile economy began in the Tokugawa period 1603-1868, showcasing brand-name shops, renowned artisans, and mass-produced woodblock prints by famous artists. In the late nineteenth century, personalized service expanded within department stores like Mitsukoshi, Shiseido cosmetic counters, and designer boutiques. Shiseido now globally markets invented traditions of *omotenashi*, Japanese values of hospitality expressed in purchasing and consuming its products. In postwar times, when a thriving democracy and middle class were tied to greater disposable income and consumerism, companies rebuilt a growing consumer base among cautious shoppers, democratizing luxury at reasonable prices and maintaining business patterns of accessibility, high quality, and exemplary service. Nationalism amid economic success soon blended with myths of unique Japanese identity in a mass consumer society suffused by commodity fetishism with widely available brand names. As the first comprehensive history of iconic Japanese name brands and their unique connotations of luxury and accessibility in modern Japan and elsewhere, *Democratizing Luxury* explores company histories and reveals strategies that lead customers to consume these alluring commodities. *Things I Wish My Mother Had Told Me* Lucia van der Post, 2008-10-21. From one of Britain's most renowned style arbiters comes an essential handbook for women everywhere which explores how elegance and glamour can enhance every aspect of their lives. *The Perfume Lover* Denyse Beaulieu, 2013-03-19. *The Perfume Lover* is a candid personal account of the process of composing a fragrance filled with sensual scent descriptions, sexy tidbits, and historical vignettes. What if the most beautiful night in your life inspired a perfume? When Denyse Beaulieu was growing up near Montreal, perfume was forbidden in her house, spurring a childhood curiosity that became an intellectual and sensual passion. It is this passion she pursued all the way to Paris, where she now lives, and which led her to become a respected fragrance writer. But little did she know that it would also lead her to achieve a perfume lover's wildest dream. When Denyse tells famous perfumer Bertrand Duchaufour at L'Artisan Parfumeur of a sensual night spent in Seville under a blossoming orange tree, wrapped in the arms of a beautiful man, the story stirs his imagination, and together they create a scent that captures the essence of that night. As their unique creative collaboration unfolds, the perfume in progress conjures intimate memories, leading Beaulieu to make sense of her life through scents. Throughout the book, she weaves the evocative history of perfumery into her personal journey in an intensely passionate voice. The masters

and the masterpieces the myths and the myth busting down to the molecular mysteries that weld our flesh to flowers Now just to set your nostrils aquiver S ville l aube is an orange blossom oriental with zesty green and balsamic effects with notes of petitgrain petitgrain citronnier orange blossom beeswax incense and lavender and is now available at fragrance outlets in the U S

The Emperor of Scent Chandler Burr, 2003-01-21 For as long as anyone can remember a man named Luca Turin has had an uncanny relationship with smells He has been compared to the hero of Patrick S. Skind's novel *Perfume* but his story is in fact stranger because it is true It concerns how he made use of his powerful gifts to solve one of the last great mysteries of the human body how our noses work Luca Turin can distinguish the components of just about any smell from the world's most refined perfumes to the air in a subway car on the Paris metro A distinguished scientist he once worked in an unrelated field though he made a hobby of collecting fragrances But when as a lark he published a collection of his reviews of the world's perfumes the book hit the small insular business of perfume makers like a thunderclap Who is this man Luca Turin they demanded and how does he know so much The closed community of scent creation opened up to Luca Turin and he discovered a fact that astonished him no one in this world knew how smell worked Billions and billions of dollars were spent creating scents in a manner amounting to glorified trial and error The solution to the mystery of every other human sense has led to the Nobel Prize if not vast riches Why Luca Turin thought should smell be any different So he gave his life to this great

puzzle And in the end incredibly it would seem that he solved it But when enormously powerful interests are threatened and great reputations are at stake Luca Turin learned nothing is quite what it seems Acclaimed writer Chandler Burr has spent four years chronicling Luca Turin's quest to unravel the mystery of how our sense of smell works What has emerged is an enthralling magical book that changes the way we think about that area between our mouth and our eyes and its profound secret hold on our lives *100 of the Best Perfumes of All Time* Alex Trost, Vadim Kravetsky, 2014-06-13
