Machinists Bedside Reader:

The Machinist's Third Bedside Reader Guy Lautard, 1993-01-01 **The Machinist's Second Bedside Reader** Guy Lautard, 1988 **The Machinist's Bedside Reader** Guy Lautard, 1986 **The Machinist's Bedside Reader: Projects, Hints, Tips and Anecdotes of the Trade** Guy Lautard, 2023-01-03

The 3 books in The Machinist's Bedside Reader series are among the most popular books ever written for machinists. Written in a relaxed style you'll actually enjoy reading technical information. The subtitle of the first book says it all: Projects, hints, tips, and anecdotes of the trade. These books include detailed instructions and fully dimensioned working drawings for numerous tools and accessories you will want to make for use in your shop. Even if you're a novice you'll find the instructions easy to follow and very detailed. They also contain much useful and timesaving shop know-how, some of which is extremely difficult if not impossible to find elsewhere. The information in these books has been gleaned from many and varied sources including experienced machinists and home shop guys who are willing to share what they know. This first book includes fully dimensioned working drawings and detailed instructions for several interesting projects including 15 practical machinists' tools and lathe accessories such as a finger plate flat vise, a caliper type knurling tool, a jig for sharpening small drills, 1/8 to 60/3 accessory lathe faceplates, a handsome box latch that will mystify your friends, a shop-made sling swivel base. PLUS you'll learn much useful shop know-how to help you get things done faster and easier in your shop: how to sharpen a center punch properly, what lube to use for tapping and machining copper, how to design and fit split cotters, how to hold thin work in the lathe chuck. You'll also enjoy the several machine shop anecdotes and the fascinating account of a little lathe made from nothing in a Japanese POW camp. And you'll learn The Secret of the Old Master in a heartwarming story by Lucian Cary. One machinist reported that he got a pay raise as a direct result of using a tip from these books because he had enabled his employer to do a job for a profit instead of a loss.

The Anvil's Ring, 1990 **Canadiana**, 1988-09 *Publishers Directory*, 1994 *Monthly Journal of the International Association of Machinists*, 1899 Vols 42-57, 1930-45 include separately paged reports of secretary, treasurer, auditor, roster of officials and other documents dealing with the activities of the association. **The Machinist**, 1983 Strike While the Iron Is Hot Guy Lautard, 2022-04-22. This is the story of John Kelly, a widowed machinist, and Ellen MacIntyre, a draftsman of unexpected talents. A chance encounter on a Vancouver bus is just the prelude to an adventure at an open pit mining operation in British Columbia. Back in print after many years, fans of Guy's other fiction, *The Rebirth of Morgan Ranch*, *The Bullseye Mixture*, and well-known non-fiction books including *The Machinist's Bedside Reader* series will enjoy this story which is peppered with machining tips, moose hunting, an underwater salvage, and even a recipe or two. Guy Lautard, age 75, was born and raised in British Columbia and has travelled in almost every area of his native province across Canada and in various parts of the United States. An agriculturist by training in the early 1970s, he was in charge of researching revegetation at an open pit copper mine in west central B.C. where much of this story takes place. He then worked as an

agricultural consultant for forestry and engineering firms and as Regional Agricultural Specialist for the Department of Indian Affairs Since the late 1970 s he has been self employed writing and developing plans for various tools primarily for machinists and model engineers Feminist History in Canada Catherine Carstairs,Nancy Janovicek,2013-11-25 In the late 1970s feminist historians urged us to rethink Canada by placing women s experiences at the centre of historical analysis Forty years later feminism continues to inform history writing and has inspired historians to look beyond the nation and adopt a more global perspective This exciting new volume of original essays opens with a discussion of the themes and methodological approaches that have preoccupied historians over the past twenty years The chapters that follow showcase the work of new and established scholars who draw on critical race theory postcolonial theory and transnational history to re examine familiar topics such as biography and oral history paid and unpaid work marriage and family and women s political action Whether they focus on the marriage of Governor James Douglas and his Metis wife Amelia or on the experiences of Qu b cois domestic workers in the 1970s the contributors demonstrate the continued relevance of history informed by feminist perspectives and open a much needed dialogue between francophone and anglophone historians in Canada **Book Chat**,1888 The New Jerusalem Messenger ,1873 *The Electrical Engineer* ,1887 The Manufacturer and Builder ,1889 **Electrical Engineer** ,1887 Wallace's Farm and Dairy ,1908 **The Electrician and Electrical Engineer** ,1887 **Outlook** Alfred Emanuel Smith,Francis Walton,1880 **Directions** ,1979
