**Mad as Hell** Dave Itzkoff, 2014-02-18 The behind the scenes story of the making of the iconic movie *Network* which transformed the way we think about television and the way television thinks about us I m mad as hell and I m not going to take this anymore Those words spoken by an unhinged anchorman named Howard

Beale the mad prophet of the airwaves took America by storm in 1976 when *Network* became a sensation. With a superb cast including Faye Dunaway, William Holden, Peter Finch, and Robert Duvall, directed by Sidney Lumet, the film won four Academy Awards and indelibly shaped how we think about corporate and media power. In *Mad As Hell*, Dave Itzkoff of The New York Times recounts the surprising and dramatic story of how *Network* made it to the screen. Such a movie rarely gets made any more: one man's vision of the world independent of studio testing or market research. And that man was Paddy Chayefsky, the tough-driven Oscar-winning screenwriter whose vision outlandish for its time is all too real today. Itzkoff uses interviews with the cast and crew as well as Chayefsky's notes, letters, and drafts to re-create the action in front of and behind the camera at a time of swirling cultural turmoil. The result is a riveting account that enriches our appreciation of this prophetic and still startling film. Itzkoff also speaks with today's leading broadcasters and filmmakers to assess *Network*'s lasting impact on television and popular culture. They testify to the enduring genius of Paddy Chayefsky, who foresaw the future and whose life offers an unforgettable lesson about the true cost of self-expression.

**Extremism in America** George Michael, 2013-12-10

The American Republic was born in revolt against the British crown and ever since political extremism has had a long tradition in the United States. To some observers the continued presence of extremist groups and the escalation of their activities portends the fragmentation of the country, while others believe such is the way American pluralism works. The word extremism often carries negative connotations, yet in 1964 Barry Goldwater famously said, "Extremism in the defense of liberty is no vice." Extremism in America is a sweeping overview and assessment of the various brands of bigotry, prejudice, zealotry, dogmatism, and partisanship found in the United States, including the extreme right, the antiglobalization movement, Black Nationalism, Chicano separatism, militant Islam, Jewish extremism, eco-extremism, the radical antiabortion movement, and extremist terrorism. Many of these forms of single-minded intolerance are repressed by both the state and society at large, but others receive significant support from their constituencies and enjoy a level of respectability in some quarters of the mainstream. The essays in this volume, written by area specialists, examine the relationship between these movements and the larger society, dissect the arguments of contemporary American anarchist activists, look at recent trends in political extremism, and suggest how and why such arguments resonate with a considerable number of people.

Network Lee Hall, 2017-11-30

I'm as mad as hell and I'm not going to take this anymore. Howard Beale, news anchorman, isn't pulling in the viewers. In his final broadcast, he unravels live on screen. But when the ratings soar, the network seizes on their newfound populist prophet, and Howard becomes the biggest thing on TV. Adapted for the stage by Lee Hall from the Paddy Chayefsky film *Network*, premiered at the National Theatre, London, in November 2017.

**Mad as Hell** Dominic Sandbrook, 2011-02-15

I'm mad as hell and I'm not going to take it anymore. The words of Howard Beale, the fictional anchorman in the 1970s hit film *Network*, struck a chord with a generation of Americans. From the disgrace of Watergate to the humiliation of the Iran hostage crisis, the American Dream seemed to be falling apart. In this magisterial new history, Dominic Sandbrook re-creates

the schizophrenic atmosphere of the 1970s the world of Henry Kissinger and Edward Kennedy Anita Bryant and Jerry Falwell Bruce Springsteen and Tom Landry He takes us back to an age when feminists were on the march and the Communists seemed to be winning the Cold War but also when a new kind of right wing populism was transforming American politics from the ground up Those years gave us organic food disco music gas lines and gay rights but they also gave us Proposition 13 the neoconservative movement and the rise of Ronald Reagan From the killing fields of Vietnam to the mean streets of Manhattan this is a richly compelling picture of the turbulent age in which our modern day populist politics was born For those who remember the days when you could buy a new Ford Mustang II but had to wait hours to fill the tank this could hardly be a more vivid book And for those born later it is the perfect guide to a tortured landscape that shaped our present from the financial boardroom to the suburban bedroom the extraordinary world of 1970s America **God is a**
