Mad Minute:

Arithmetic Counts! Paul Shoecraft, 2025-01-24 Dr Shoecraft may be the only mathematician since the New Math in the 1960s to seriously analyze the lowly subject of arithmetic and how to teach it His breakthrough came when he experimented with teaching what needs to be understood instead of known memorized like teaching why addition problems until the algorithm they are using supposedly becomes cemented in their brains By teaching the essence of arithmetic in sensible ways and appealing to children's love of games songs and movement he's proven that virtually ALL children can learn arithmetic the foundation of algebra higher mathematics science technology and more even music When children understand arithmetic they own it It's no longer just their teacher's math It's their math America's children are being held back in math because of how arithmetic is drug out in elementary school Virtually every textbook based elementary school math program in use today is mind numbing in its repetitiveness from grade to grade The reason for the redundancy is to slow down the teaching of arithmetic so it can be memorized Research shows that the human brain is not designed to remember things learned by rote when no longer practiced That's acknowledged in the use it or lose it aphorism that states the obvious that we remember what we use and forget what we don't You know that to be true if you've ever forgotten things you once knew as well as your own name things like an old address or a license plate number Every child can understand base ten numeration when taught hands on with arithmetic blocks Thereby every child can understand base ten arithmetic And every child can learn how to count out the number facts like 5 7 12 17 8 9 6 X 7 42 and 56 7 8 and if they forget one never have to guess and risk ridicule and bad grades if they guess wrong What matters in teaching arithmetic is not how much a child can remember but how much they can figure out if when they forget

Me Sergeant Rock Dan Rodgers,2013-06 Sergeant Rock evolves from a native baseball playing church going Christian and skinny college kid to a well trained killing machine in Vietnam Leaving California to take part in the Tet Offensive in 1968 he finds the culture shock between the two overwhelming Thrust into war and killing he finds his approach to life and death must change quickly but he holds fast to his beliefs Though he saves others his attitude toward killing and death changes for the worse while his approach toward life improves Sergeant Rock is a much better person for the choices he makes In the course of a single Tet Offensive battle his company loses all but 13 men as 126 soldiers die in two hours His faith increases

when he meets his guardian angel during the battle Sergeant Rock pushes his squad to their limits because he knows that death may lie just beyond the next bush He may be only 20 but he thinks like an old veteran With the body count in his mind he wonders if he can ever be around normal people again He experiences many horrors and watches friend after friend die as heroes The hardships his squad must face such as going without fresh water or clothes for 57 days being shot down in a chopper and just trying to stay alive are overwhelming How much can our minds take before they crack Sergeant Rock believes divine intervention is the only reason he is alive to tell his story **Fire Base Illingworth** Philip Keith,2013-10-29 Philip Keith s Fire Base Illingworth is an epic never before told true story of a North Vietnamese Army attack and how the men of this nearly overrun Fire Base survived In the early morning hours of April 1 1970 more than four hundred North Vietnamese soldiers charged out into the open and tried to over run FSB Illingworth The battle went on mostly in the dark for hours Exposed ammunition canisters were hit and blew up causing a thunderous explosion inside the FSB that left dust so thick it jammed the hand held weapons of the GIs Much of the combat was hand to hand In all twenty four Americans lost their lives and another fifty four were wounded Nearly one hundred enemy bodies were recovered It was one of the most vicious small unit firefights in the history of U S forces in Vietnam As in his acclaimed book Blackhorse Riders a finalist for the prestigious Colby Award Phil Keith uncovers a harrowing true story of bravery and sacrifice by the men who fought valiantly to hold FSB Illingworth a tale never before told and one that will not be soon forgotten **On War and Leadership** Owen Connelly,2002 It is also worthwhile reading for anyone from any walk of life who makes executive decisions **BOOK JACKET** The Battlin' Bastards of Bravo Melissa Ziobro,2025-04-15 The Battlin Bastards of B Company 1st Battalion 506th Infantry Regiment 101st Airborne Division share their harrowing Vietnam experiences highlighting brotherhood resilience and the lasting impact of war on their lives The Battlin Bastards of B Company 1st Battalion 506th Infantry Regiment 101st Airborne Division fought daily against a well trained and determined enemy during their tours in Vietnam 1968 71 Before the war these men were brothers sons sweethearts husbands and fathers Some were athletes some musicians Some were just out of high school some in established careers There is no monolithic Battlin Bastard but when they joined the 101st Airborne Division one of the most highly decorated divisions in the United States Army in Vietnam they united fighting for each other and fighting to return safely home It was difficult to put their experiences behind them As Bravo veteran Terry Taylor recalled I learned at the age of 18 that you don t have to die to go to hell Vietnam was hell on earth And yet despite the obstacles many of these men built successful lives post war Decades after returning from the war when the men were ready to cautiously revisit their experiences the Bastards started stateside reunions From these reunions came the wish to share their stories with the world to honor to educate and to inspire The result is this book written from interviews and diligent archival research in which the surviving Battlin Bastards tell their stories of combat in their own words and honor those who sacrificed for their country and their unit Ways of Assessing Children and Curriculum Celia
