Confronting / Defining the Self John A. McCarthy, 2024-07-01 Early 20th century literary critics Joseph Collins Hermann Hesse and Percy Lubbock concluded that the pages of a book present a succession of moments that the reader visualizes and reinterprets They feared that few would actually commit themselves to memory and that most were likely to soon disappear As you turn these pages you will re-discover the value of the literary canon through the Self My objective is to examine how the Self is formed lost and regained through creative strategies that confront and define its shapes and distortions on nearly every page of a canonical work You can consider *Confronting Defining the Self Formation and Dissolution of the I* from La Fayette to Grass as offering an apology for the study of literature and the humanities in an era when technology and commerce dominate our consciousness drive our daily expectations and shape our career goals *Anthologie française du XIXe siècle* Armand Pîtres, 1888 **Textual Practice** Terence Hawkes, Jean Howard, 2005-08-05 First published in 1994 Routledge is an imprint of Taylor Francis an information company *A Gustave Flaubert Encyclopedia* Laurence M. Porter, 2001-03-30 Gustave Flaubert is probably the most famous novelist of nineteenth century France and his best known work *Madame Bovary* is read in numerous comparative literature and French courses His fiction set the standard to which other authors turned to learn their craft and his cult of art and his unrelenting search for stylistic perfection inspired many later writers such as Maupassant Proust Conrad Faulkner and Joyce His denunciation of materialistic corrupt society his fascination with altered states of consciousness his oscillation between metaphysical longings and a radical nihilism and his deep seated mistrust of the adequacy of words themselves anticipate the works of contemporary authors This reference is a convenient guide to his life and writings Included in this volume are several hundred alphabetically arranged entries on Flaubert's individual works and major characters historical persons and events that shaped his life the themes that run throughout his writings the critical approaches employed by scholars studying his works and related topics of interest Each entry is written by an expert contributor and most close with a brief bibliography All of his major works are treated at length and the volume mentions nearly every unpublished project of his that has a title The book concludes with a selected general bibliography of major studies **Madame Bovary** Gustave Flaubert, 1969
