

Made In The Middle Ages

Jennifer Olmsted

Made In The Middle Ages:

Made in the Middle Ages Christine Price,1962 **Made in the Middle Ages** ,1973 Text and illustrations examine the clothing weapons household goods and religious articles made and used between 1000 and 1500 A D Artists of the Middle Ages Leslie D. Ross,2003-06-30 In the first volume of the Artists of an Era series Leslie Ross examines the identities of artists attributed to the most famous and influential works of medieval art These works are much discussed within the realm of art history yet the identities of medieval artists fall victim to incomplete historical records and often remain enigmatic In ten narrative chapters Ross examines this significant area of the art world including architecture iconography metalwork scribework sculpture even medieval art instruction and summarizes the lives and work of that genre s leading artist or artists Students will learn not only what is factually known of an artist s life as well as what is purely speculative but also the processes used to gather the information and fuel speculation Readers will also gain unique insights into the practices and traditions of medieval art and the role it played within medieval society A timeline chapter bibliographies a list of further resources on medieval art and an index offer additional tools to students of medieval art and art history

Growing Up in the Middle Ages Paul B. Newman,2015-03-21 Dangerous and difficult for both mother and child what was the birth experience like in the Middle Ages Dependent in part on social class what pastimes did children enjoy What games did they play With often uncomfortable and even harsh living conditions what kind of care did children receive in the home on a daily basis These are just a few of the questions this work addresses about the day to day childhood experiences during the Middle Ages Focusing on all social classes of children the topics are wide ranging Chapters cover birth and baptism early childhood playing clothing care and discipline formal education university education career training for peasants craftsmen merchants clergy and nobility and coming of age In addition three appendices are included Appendix I provides information on the humoral theory of medicine Appendix II offers examples of medieval math problems Appendix III covers a unique episode in medieval history known as The Children s Crusade Instructors considering this book for use in a course may request an examination copy here *The Middle Ages* Frank N. Magill,2012-11-12 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography The Middle Ages A. D. Deyermond,1971 **Art of the Middle Ages** Jennifer Olmsted,2006-06-23 Explains the origins materials and meaning of medieval European art and describes developments in architecture manuscript illumination and other media Middle Ages Fiona MacDonald,2004-12 Presents full color

illustrations and photographs depicting the art and artifacts of the Middle Ages between 500 and 1500 AD and includes information on how the people lived worked played and fought **Children and Games in the Middle Ages** Lynne Elliott,2004 Discusses the roles and activities of children of all ages in the Middle Ages **Made in the Middle Ages. Written and Illustrated by Christine Price** Christine Price,1962 *The Complete Idiot's Guide to the Middle Ages* Timothy C. Hall M.A.,2009-02-03 Shed some light on one of history s darkest periods The Complete Idiot s Guide to the Middle Ages gives readers the beginning middle and end of the era starting with the fall of the Roman Empire in the year 550 and ending with the Renaissance in 1500 and covers some uncomfortable similarities between the so called Dark Ages and today s modern world A fascinating fact filled book that delivers more than a thousand years of history in easy to understand chapters Many AP European History students are urged to read an overview of medieval Europe to aid in their understanding of modern Europe and a number of high schools have adopted elective courses in medieval history Complete with a timeline a who s who and guides to further reading and the Middle Ages in film *The Middle Ages* Mary Quigley,2003-01-01 This series introduces readers to the lives of ancient peoples including their social economic political and cultural lives

Beer in the Middle Ages and the Renaissance Richard W. Unger,2013-05-22 The beer of today brewed from malted grain and hops manufactured by large and often multinational corporations frequently associated with young adults sports and drunkenness is largely the result of scientific and industrial developments of the nineteenth century Modern beer however has little in common with the drink that carried that name through the Middle Ages and Renaissance Looking at a time when beer was often a nutritional necessity was sometimes used as medicine could be flavored with everything from the bark of fir trees to thyme and fresh eggs and was consumed by men women and children alike Beer in the Middle Ages and the Renaissance presents an extraordinarily detailed history of the business art and governance of brewing During the medieval and early modern periods beer was as much a daily necessity as a source of inebriation and amusement It was the beverage of choice of urban populations that lacked access to secure sources of potable water a commodity of economic as well as social importance a safe drink for daily consumption that was less expensive than wine and a major source of tax revenue for the state In Beer in the Middle Ages and the Renaissance Richard W Unger has written an encompassing study of beer as both a product and an economic force in Europe Drawing from archives in the Low Countries and England to assemble an impressively complete history Unger describes the transformation of the industry from small scale production that was a basic part of housewifery to a highly regulated commercial enterprise dominated by the wealthy and overseen by government authorities Looking at the intersecting technological economic cultural and political changes that influenced the transformation of brewing over centuries he traces how improvements in technology and in the distribution of information combined to standardize quality showing how the process of urbanization created the concentrated markets essential for commercial production Weaving together the stories of prosperous businessmen skilled brewmasters and small producers

this impressively researched overview of the social and cultural practices that surrounded the beer industry is rich in implication for the history of the period as a whole Why the Middle Ages Matter Celia Chazelle, Simon Doubleday, Felice Lifshitz, Amy G. Remensnyder, 2012-02-20 The word medieval is often used in a negative way when talking about contemporary issues Why the Middle Ages Matter refreshes our thinking about this historical era and our own by looking at some pressing concerns from today's world asking how these issues were really handled in the medieval period and showing why the past matters now The contributors here cover topics such as torture marriage sexuality imprisonment refugees poverty work the status of women disability race political leadership and end of life care They focus on a variety of regions from North Africa and the Middle East through Western and Central Europe to the British Isles This collection challenges many negative stereotypes of medieval people revealing a world from which for instance much could be learned about looking after the spiritual needs of the dying and about integrating prisoners into the wider community through an emphasis on reconciliation between victim and criminal It represents a new level of engagement with issues of social justice by medievalists and provides a highly engaging way into studying the middle ages All the essays are written so as to be accessible to students and each is accompanied by a list of further readings Middle Ages Walter A. Hazen, 2005-09 Being a knight in the Middle Ages wasn't as fun as you might think Knights and jousts castles and moats the bubonic plague and the Crusades this book covers it all Easy to read anecdotal narratives keep students engaged and the cross curricular activities and puzzles that follow each chapter enhance language arts math and critical thinking skills Grades 6-8 Illustrated Good Year Books 96 pages Eleven fascinating historical articles four or five pages long and reproducible for easy distribution summarize main points and deliver colorful memorable details about history Following each illustrated article three or four reproducible worksheets test comprehension and spark deeper engagement through creative writing arts and crafts projects research starters critical thinking questions what if scenarios and other activities Grades 4-8 Suggested readings Answer keys

Whose Middle Ages? Andrew Albin, Mary C. Erler, Thomas O'Donnell, Nicholas L. Paul, Nina Rowe, 2019-10-15 An ethical and accessible introduction to a historical period often implicated in racist narratives of nationalism and imperialism Sierra Lomuto Assistant Professor of Global Medieval Literature Rowan University A collection of twenty-two essays Whose Middle Ages gives nonspecialists access to the richness of our historical knowledge while debunking damaging misconceptions about the medieval past Myths about the medieval period are especially beloved among the globally resurgent far right from crusading emblems on the shields borne by alt-right demonstrators to the on-screen image of a purely white European populace defended from actors of color by Internet trolls This collection attacks these myths directly by insisting that readers encounter the relics of the Middle Ages on their own terms Each essay uses its author's academic research as a point of entry and takes care to explain how the author knows what she or he knows and what kinds of tools bodies of evidence and theoretical lenses allow scholars to write with certainty about elements of the past to a level of detail that might seem

unattainable By demystifying the methods of scholarly inquiry Whose Middle Ages serves as an antidote not only to the far right s errors of fact and interpretation but also to its assault on scholarship and expertise as valid means for the acquisition of knowledge In example after example the authors show how people shape the Middle Ages to reflect their fears and dreams for themselves and for society The results range from the amusing to the horrifying from video games to genocide Whose Middle Ages Everyone s but not everyone s in the same way Michelle R Warren author of Creole Medievalism **The Harp in the Middle Ages** Martin van Schaik,2021-08-04 Family Life in The Middle Ages Linda E. Mitchell,2007-08-30 Mitchell takes a regional approach in exploring the lives of families in the Middle Ages Starting with the late Roman families the first five chapters explore the roles of family members defined by tradition and law what constituted a legal marriage and a family to whom the children belonged and who was included in the extended family The remaining chapters delve into daily family life homes of various social classes and the division of labor both maintaining the home and family based labor such as agriculture banking manufacturing of goods and mercantile activity Religious cultures of the medieval world varied but all often included oblation of children to monasteries religious ceremonies for life stages and family obligations in the religious culture Birth death and inheritance all affected the family and new families were often formed from previous generations and defunct family lines Non traditional families included family structures advocated by heretical groups the Cathars and the Beguines families created without marriage concubinage relationships and those that developed as a result of social and environmental stresses the Black Death war and natural disasters Perfect for students studying the Middle Ages and medieval life this work provides a clear and engaging narrative on the day to day lives of the family Reference resources include a timeline sources for further reading photographs and an index Volumes in the Family Life Through History series focus on the day to day lives and roles of families The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of the term family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life *Trade, Travel, and Exploration in the Middle Ages* John Block Friedman,Kristen Mossler Figg,2013-07-04 Trade Travel and Exploration An Encyclopedia is a reference book that covers the peoples places technologies and intellectual concepts that contributed to trade travel and exploration during the Middle Ages from the years A D 525 to 1492 *Medieval Science, Technology, and Medicine* Thomas F. Glick,Steven John Livesey,Faith Wallis,2005 Demonstrates that the millennium from the fall of the Roman Empire to the flowering of the Renaissance was a period of great intellectual and practical achievement and innovation This reference work will be useful to scholars students and general readers researching topics in many fields of study including medieval studies

and world history
