New York Magazine, 1989-10-02 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Madeline's Problem Alexandra Livesay, 2021-01-12 Serious Mental Illness Homelessness Drug and Alcohol Addiction and the role of the family begin to speak of the journey of a thousand drinks and drug fests found inside this book. Some could be solved with a single choice. Some would haunt forever. Read this harrowing tale to find out the dreaded story of one woman's journey through all of it.

Madeline's House Ludwig Bemelmans, 1989-08 In celebration of fifty years of *Madeline*, a collection of three of her most popular adventures is contained with carrying handle in a replica of the famous Paris boarding school.

Madeline Alexandra Livesay, 2016-10-29 *Madeline* is a story of one woman's journey from the depths of hell to recovery. Much of Madeline's life was usual and untouched. Madeline went to college, owned her own art gallery, and had a home of her own. However, part of her life was quite messy. Madeline would spend too much money on binges of eating, then not eating at all, and struggle with bouts of self-mutilation. Madeline had a mental illness. She was diagnosed in her midtwenties. This is her story of how it all happened—from hospitals and medications to days of great triumph and how she got it all back. Her life is in this story. This book is a fictional adaptation of Alexandra's own life and how she has overcome her own demons to find light and life once again.

Grit-Tempered Nancy Marie White, Lynne P. Sullivan, Rochelle A. Marrinan, 2023-12-12 This volume documents the lives and work of pioneering women archaeologists in the southeastern United States from the 1920s through the 1960s. A landmark portrayal of pioneering women in science, reissued on its 25th anniversary. Praise for the first edition: Highly recommended for any archaeologist interested in the history of the discipline. Choice: An important addition to the history of southeastern archaeology, bringing to light the often undervalued or forgotten contributions of the many women who helped to make archaeology what it is today. Bulletin of the History of Archaeology: This is a needed history providing details both mundane and critical, personal and professional. Feminist and Archaeological Journal of the History of the Behavioral Sciences: Demonstrates that each woman, regardless of how, when, or why she came to Southeastern archaeology, has made significant contributions to the field, clearing the path for women today to pursue successful careers in archaeology. North American Archaeologist: The regional focus lends an intimate and immediate quality to this series of biographical/historical narratives. It is heartening to know that some among us have thought to capture these women's stories for others to tell in the future and to provide a basis for better understanding how our roles and histories influence our work as archaeologists. Journal of Anthropological Research: These fascinating brief portraits, variously based on documents, interviews, or autobiographical statements, reveal much of the changing

circumstances in the context of which women's work must be understood National Women's Studies Association Journal A
 readable book that provides a lot of interesting material on the history of Southeastern archaeology Journal of Alabama
