**"1812"** Vasiliĭ Vasil'evich Vereshchagin,1899 The following pages are not offered to the reader as a history of the invasion of Russia by Napoleon They are but the statement of the basis of observation on which M Verestchagin has founded his great series of pictures illustrative of the campaign These pictures are now to be exhibited in this country and the painter has naturally desired to show us from what point of view he has approached the study of his subject one of the greatest subjects in the whole range of history especially for a Russian artist The point of view is inevitably in his case that of the Realist and this consideration gives unity to the conception of his whole career and endeavour He has ever painted war as it is and therefore in its horrors as one of its effects though not necessarily as an effect sought in and for itself He has tried to be true in all his representations of the battle field His work may thus be said to constitute a powerful plea in support of the Tsar s Rescript to the Nations in favour of peace My meaning will be best illustrated by a short sketch of M Verestchagin and his work as painter as soldier and as traveller     **Death in the Amazon** Ann Livesay,1998 Investigator Barry Ross leads a motley crew on a canoe trip down the Orteguala River only to have their journey take an alarming turn when one of the passengers is murdered     **The Religion of Love** Pafe Thomas Pafe,Thomas Pafe,2009-12 The Religion of Love is written
