Pedley,2023-07-13 Tracing the experiences of women who were designated insane by judicial processes from 1850 to 1900 this book considers the ideas and purposes of incarceration in three dedicated facilities Bethlem Fisherton House and Broadmoor The majority of these patients had murdered or attempted to murder their own children but were not necessarily condemned as incurably evil by medical and legal authorities nor by general society Alison C Pedley explores how insanity gave the Victorians an acceptable explanation for these dreadful crimes and as a result how admission to a dedicated asylum was viewed as the safest and most human solution for the madwomen as well as for society as a whole *Mothers Criminal Insanity and the Asylum in Victorian England* considers the experiences treatments and regimes women underwent in an attempt to redeem and rehabilitate them and return them to into a patriarchal society It shows how society s views of the institutions and insanity were not necessarily negative or coloured by fear and revulsion and highlights the changes in attitudes to female criminal lunacy in the second half of the 19th century Through extensive and detailed research into the three asylums archives and in legal governmental press and genealogical records this book sheds new light on the views of the patients themselves and contributes to the historiography of Victorian criminal lunatic asylums conceptualising them as places of recovery rehabilitation and restitution      *A History of Infanticide in Britain, c. 1600 to the Present* A. Marland, 2022-03-10 The first historical study to offer an in depth exploration of the complex relationship between the prison and mental breakdown

**Sex and Death in Eighteenth-Century Literature** Jolene Zigarovich, 2013-05-02 This book discusses

sex and death in the eighteenth century an era that among other forms produced the Gothic novel commencing the prolific examination of the century's shifting attitudes toward death and uncovering literary moments in which sexuality and death often conjoined By bringing together various viewpoints and historical relations the volume contributes to an emerging field of study and provides new perspectives on the ways in which the century approached an increasingly modern sense of sexuality and mortality It not only provides part of the needed discussion of the relationship between sex death history and eighteenth century culture but is a forum in which the ideas of several well respected critics converge producing a breadth of knowledge and a diversity of perspectives and methodologies previously unseen As the contributors demonstrate eighteenth century anxieties over mortality the body the soul and the corpse inspired many writers of the time to both implicitly and explicitly embed mortality and sexuality within their works By depicting the necrophilic tendencies of libertines and rapacious villains the fetishizing of death and mourning by virtuous heroines or the fantasy of preserving the body these authors demonstrate not only the tragic results of sexual play but the persistent fantasy of necro erotica This book shows that within the eighteenth century culture of profound modern change underworkings of death and mourning are often eroticized that sex is often equated with death as punishment or loss of the self and that the sex death dialectic lies at the discursive center of normative conceptions of gender desire and social power

**The Electric Chair** Craig Brandon, 2016-03-03 This book provides a history of the electric chair and analyzes its features its development and the manner of its use Chapters cover the early conceptual stages as a humane alternative to hanging and the rivalry between Edison and Westinghouse that was one of the main forces in the chair's adoption as a mode of execution Also presented are an account of the terrible first execution and a number of the subsequent gruesome employments of the chair The text explores the changing attitudes toward the chair as state after state replaced it with lethal injection

**Notorious New Jersey** Jon Blackwell, 2007-10-29

Notorious New Jersey is the definitive guide to murder mayhem the mob and corruption in the Garden State With tabloid punch Jon Blackwell tells riveting accounts of Alexander Hamilton falling mortally wounded on the dueling grounds of Weehawken Dutch Schultz getting pumped full of lead in the men's room of the Palace Chop House in Newark and a gang of Islamic terrorists in Jersey City mixing the witch's brew of explosives that became the first bomb to rock the World Trade Center Along with these dramatic stories are tales of lesser known oddities such as the nineteenth century murderer whose skin was turned into leather souvenirs and the state senator from Jersey City who faked his death in a scuba accident in the 1970s in an effort to avoid prison Blackwell also sheds light on some historical whodunits was Bruno Hauptmann really guilty of kidnapping the Lindbergh baby Who was behind the anthrax attacks of 2001 Not forgotten either are notorious characters

who may actually be innocent including Rubin Hurricane Carter and those who have never been convicted of wrongdoing although they left office in scandal including Robert Torricelli and James McGreevey Through 100 historic true crime tales that span over 300 years of history Blackwell shows readers a side of New Jersey that would make even the Sopranos shudder **Murder in Parisian Streets** Thomas Cragin,2006 In *Murder in Parisian Streets* Thomas Cragin provides an in depth study of the production sale and content of the canards He demonstrates their significance to nineteenth century culture even their role in determining the emerging tabloid s success Cragin explores the incremental creation of textual meaning in the canards authorship production distribution and consumption He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature The canards challenge our assumptions about the nineteenth century s revolution in print and reorient our understanding of cultural creation through textual construction Jacket

*Remembrance of Patients Past* Geoffrey Reaume,2000-12-15 In *Remembrance of Patients Past* historian Geoffrey Reaume remembers previously forgotten psychiatric patients by examining in rich detail their daily life at the Toronto Hospital for the Insane now called the Centre for Addiction and Mental Health CAMH from 1870 1940 Psychiatric patients endured abuse and could lead monotonous lives inside the asylum s walls yet these same women and men worked hard at unpaid institutional jobs for years and decades on end created their own entertainment even in some cases made their own clothes while forming meaningful relationships with other patients and some staff Using first person accounts by and about patients including letters written by inmates which were confiscated by hospital staff Reaume weaves together a tapestry of stories about the daily lives of people confined behind brick walls that patients themselves built **Modern Murders** Lee Michael-Berger,2023-05-03 *Modern Murders* is the first comprehensive study of murder representations during the turn of the century drawing on previously neglected archival material to explore the intellectual cultural and artistic contexts of the period Most studies view the abundance of murder representations throughout the nineteenth century as an indicator of a supposedly typical Victorian appetite for sensation and melodrama *Modern Murders* however demonstrates the turn of the century s backlash against melodramatic and sensational representations of murder and reads them as an important component in the struggles for better aesthetic standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research areas as well as general readers interested in the role of murder as a central trope in modern art and culture **The Peculiar Institution and the Making of Modern Psychiatry, 1840-1880** Wendy Gonaver,2019-02-07 Though the origins of asylums can be traced to Europe the systematic segregation of the mentally ill into specialized institutions occurred in the United States only after 1800 just as the struggle to end slavery took hold In this book

Wendy Gonaver examines the relationship between these two historical developments showing how slavery and ideas about race shaped early mental health treatment in the United States especially in the South She reveals these connections through the histories of two asylums in Virginia the Eastern Lunatic Asylum in Williamsburg the first in the nation and the Central Lunatic Asylum in Petersburg the first created specifically for African Americans Eastern Lunatic Asylum was the only institution to accept both slaves and free blacks as patients and to employ slaves as attendants Drawing from these institutions untapped archives Gonaver reveals how slavery influenced ideas about patient liberty about the proper relationship between caregiver and patient about what constituted healthy religious belief and unhealthy fanaticism and about gender This early form of psychiatric care acted as a precursor to public health policy for generations and Gonaver s book fills an important gap in the historiography of mental health and race in the nineteenth century *Out of his mind* Amy Milne-Smith,2022-04-26 *Out of His Mind* interrogates how Victorians made sense of the madman as both a social reality and a cultural representation Even at the height of enthusiasm for the curative powers of nineteenth century psychiatry to be certified as a lunatic meant a loss of one s freedom and in many ways one s identify Because men had the most power and authority in Victorian Britain this also meant they had the most to lose The madman was often a marginal figure confined in private homes hospitals and asylums Yet as a cultural phenomenon he loomed large tapping into broader social anxieties about respectability masculine self control and fears of degeneration Using a wealth of case notes press accounts literature medical and government reports this text provides a rich window into public understandings and personal experiences of men s insanity *Madness in the Family* C. Coleborne,2009-11-18 *Madness in the Family* explores how colonial families coped with insanity through a trans colonial study of the relationships between families and public colonial hospitals for the insane in New South Wales Victoria Queensland and New Zealand between 1860 and 1914 **The Death of Things** Sarah Wasserman,2020-10-20 A comprehensive study of ephemera in twentieth century literature and its relevance to the twenty first century Nothing ever really disappears from the internet has become a common warning of the digital age But the twentieth century was filled with ephemera items that were designed to disappear forever and these objects played crucial roles in some of that century s greatest works of literature In *The Death of Things* author Sarah Wasserman delivers the first comprehensive study addressing the role ephemera played in twentieth century fiction and its relevance to contemporary digital culture Representing the experience of perpetual change and loss ephemera was central to great works by major novelists like Don DeLillo Ralph Ellison and Marilynne Robinson Following the lives and deaths of objects Wasserman imagines new uses of urban space new forms of visibility for marginalized groups and new conceptions of the marginal itself She also inquires into present day conundrums our fascination with the durable our concerns with the digital and our curiosity about what new fictional narratives have to say about deletion and preservation *The Death of Things* offers readers fascinating original angles on how objects shape our world Creating an alternate literary history of the twentieth century

Wasserman delivers an insightful and idiosyncratic journey through objects that were once vital but are now forgotten

**Crime and Punishment in America** David B. Wolcott, Tom Head, 2010 From the first incident of petty theft to modern media piracy crime and punishment have been a part of every society However the structure and values of a particular society shape both the incidences of crime and the punishment of criminals When the United States became an independent nation politicians and civilians began the process of deciding which systems of punishment were appropriate for dealing with crime a process that continues to this day Crime and Punishment in America examines the development of crime and punishment in the United States from the criminal justice practices of American Indians and the influence of colonists to the mistreatment of slaves as well as such current criminal issues as the response to international terrorism Genocidal Nightmares Abdelwahab El-Affendi, 2016-07-28 This book offers a novel and productive explanation of why ordinary people can be moved to engage in destructive mass violence or terrorism and the abuse of rights often in large numbers and in unexpected ways Its argument is that narratives of insecurity powerful horror stories people tell and believe about their world and others can easily make extreme acts appear acceptable even necessary and heroic As in action or horror movies the script dictates how the hero acts The book provides theoretical justifications for this analysis building on earlier studies but going beyond them in what amount to a breakthrough in mapping the context of mass violence It backs its argument with a large number of case studies covering four continents written by prominent scholars from the relevant countries or with deep knowledge of them A substantial introduction by the UN's Special Advisor on the Prevention of Genocide demonstrates the policy relevance of this path breaking work
