Wellhausen and Kaufmann Aly Elrefaei,2016-01-15 The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study While Wellhausen s hypothesis introduces a synthesis of the religious development of ancient Israel Kaufmann s work emphasizes the singularity of the Israelite religion Their respective works which represent the methodologies presuppositions and the ideologies of their times remain an impetus to further inquiry into the history of ancient Israel and its religion Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text This book illustrates the real clash between Wellhausen and Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles As becomes clear in this study Wellhausen reconstructed the religion of Israel in the framework of its history Kaufmann by contrast proposed that monotheism emerged in Israel as a new creation of the spirit of Israel
