F. Foster,2008-03-14 Roy Foster is one of Ireland s leading historians the author of the much acclaimed two volume biography of Yeats as well as the definitive history *Modern Ireland* which has been hailed as dazzling New York Times Book Review and elegant erudite wise witty Irish Times Now this brilliant writer offers a short and combative account of Ireland s astonishing transformation over the last three decades Has there really been an economic miracle Where does the explosion of cultural energy in music literature and theater come from Has the power of the Catholic Church really crumbled Focusing largely on contemporary events living people current controversies and popular culture *Luck and the Irish* explores these questions and raises other provocative questions of its own Foster looks at the astonishing volte face undertaken by Sinn Fein eventually taking office in a state they had once fought to destroy He describes how Catholicism once the bedrock of Irish identity has been decisively compromised as evidenced by the exploitation and abuse scandals and the drastic decline in devotions At the same time the position of women in Irish society has been transformed with the growth of feminism a revolution in sexual attitudes far more women in the work force the ascendancy of President Mary Robinson and the movement of women to front rank Cabinet posts all of which have put the position of Irish women ahead of that in many European nations Many old molds have been broken in Irish society over the last 30 years and the immediate results have been breath taking But are these developments really as permanent or even as beneficial as they appear Everyone curious about the recent past the burgeoning present and the unclear future of Ireland will want to read this superbly written and deeply thoughtful book The Irish Story : Telling Tales and Making It Up in Ireland Oxford R. F. Foster Professor of Irish History and a Fellow Hertford College,2002-09-06 Roy Foster is one of the leaders of the iconoclastic generation of Irish historians In this opinionated entertaining book he examines how the Irish have written understood used and misused their history over the past century Foster argues that over the centuries Irish experience itself has been turned into story He examines how and why the key moments of Ireland s past the 1798 Rising the Famine the Celtic Revival Easter 1916 the Troubles have been worked into narratives drawing on Ireland s powerful oral culture on elements of myth folklore ghost stories and romance The result of this constant reinterpretation is a shifting Story of Ireland complete with plot drama suspense and revelation Varied surprising and funny the interlinked essays in *The Irish Story* examine the stories that people tell each other in Ireland and why Foster provides an unsparing view of the way Irish history is manipulated for political ends and that Irish poverty and oppression is sentimentalized and

packaged He offers incisive readings of writers from Standish O Grady to Trollope and Bowen dissects the Irish government's commemoration of the 1798 uprising and bitingly critiques the memoirs of Gerry Adams and Frank McCourt Fittingly as the acclaimed biographer of Yeats Foster explores the poet's complex understanding of the Irish story the mystery play of devils and angels which we call our national history and warns of the dangers of turning Ireland into a historical theme park The Irish Story will be hailed by some attacked by others but for all who care about Irish history and literature it will be essential reading

How Ireland Voted 2011 M. Gallagher, M. Marsh, 2015-12-11 The collapse of the Irish Celtic Tiger economy in the wake of a banking disaster provoked a joint EU IMF rescue plan in late 2010 The election that followed saw Europe's most successful ever party lose more than half of its vote and almost three quarters of its seats This book provides the definitive analysis of an electoral earthquake

The Bankers Shane Ross, 2009-11-05 As recently as 2007 the Irish economy was still booming and the state coffers overflowing by the end of 2008 the state faces an unprecedented crisis The story of the Irish banking collapse is a tawdry tale of collusion back scratching and denial among bankers developers regulators and politicians This is the story Shane Ross independent Senator long time champion of citizens against misbehaving corporations and Journalist of the Year 2009 tells in The Bankers going behind the scenes and the headlines to explain what happened how it happened and who made it happen They're all here Sean FitzPatrick Michael Fingleton and the other bank bosses Patrick Neary and his colleagues in Ireland's failed regulatory apparatus the property developers whose borrowings ruined the banks and many of whom are now personally ruined and the politicians whose policies helped inflate the property bubble and who have allowed the banks to dictate the terms of their bail out Shane Ross knows the stories of these people and what they got up to and in The Bankers he makes sense of a scandal that will haunt Ireland for years to come

Domestic Engineering, 1917 **The Fourth Estate** Mark O'Brien, 2017-01-09 This book examines the history of journalists and journalism in twentieth century Ireland While many media institutions have been subjected to historical scrutiny the professional and organisational development of journalists the changing practices of journalism and the contribution of journalists and journalism to the evolution of modern Ireland have not This book rectifies the deficit by mapping the development of journalism in Ireland from the late 1880s to today Placing the experiences of journalists and the practice of journalism at the heart of its analysis it examines for the first time the work of journalists within the ever changing context of Irish society Based on strong primary research including the previously unconsulted journals and records produced by the many journalistic representative organisations that came and went over the decades and written in an accessible and engaging style The Fourth Estate will appeal to anyone interested in journalism history the media and the development of Ireland as a modern nation

Wasters Nick Webb, Shane Ross, 2010-09-27 During the years when all seemed well with the Irish economy a scandal bloomed in front of our faces but went mostly unnoticed the scandal of public waste Vast overspending on infrastructure including a number of white elephants extravagant use of overpriced consultants

the creation of dozens of quangos whose primary purpose seemed to be jobs for the boys the culture of junketry that took hold in the semi state sector and the Oireachtas these and other dubious practices flourished during the years when the state's coffers were overflowing The insiders benefited the rest of us got ripped off Now as the state scrambles to bail out the banks and to bring order to the shattered public finances by taking money out of the pockets of ordinary working people Shane Ross and Nick Webb tell the story of the wasters the people who perfected and benefited from the culture of cronyism and waste Thanks in large part to Ross and Webb's journalism in the Sunday Independent exposing scandals in FAS and CIE we already know part of this story In Wasters the authors show how wide and how deep the rot runs and they show that every scandal has one thing in common insiders profiting at the expense of ordinary people [Brian Friel](#) A. Roche,2011-05-25 Friel is recognised as Ireland's leading playwright and due to the ability of plays like Translations and Dancing at Lughnasa to translate into other cultures he has made a major impact on world theatre This study draws on the Friel Archive to deepen our understanding of how his plays were developed [We Don't Know Ourselves](#) Fintan O'Toole,2022-03-15 NEW YORK TIMES BESTSELLER NEW YORK TIMES 10 BEST BOOKS OF THE YEAR NATIONAL BESTSELLER The Atlantic 10 Best Books of 2022 Best Books of the Year Washington Post New Yorker Salon Foreign Affairs New Statesman Chicago Public Library Vroman's L like reading a great tragicomic Irish novel James Wood The New Yorker Masterful astonishing Cullen Murphy The Atlantic A landmark history Leavened by the brilliance of O Toole's insights and wit Claire Messud Harper's Winner 2021 An Post Irish Book Award Nonfiction Book of the Year from the judges The most remarkable Irish nonfiction book I've read in the last 10 years A book for the ages A celebrated Irish writer's magisterial brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world Fintan O Toole was born in the year the revolution began It was 1958 and the Irish government in despair because all the young people were leaving opened the country to foreign investment and popular culture So began a decades long ongoing experiment with Irish national identity In We Don't Know Ourselves O Toole one of the Anglophone world's most consummate stylists weaves his own experiences into Irish social cultural and economic change showing how Ireland in just one lifetime has gone from a reactionary backwater to an almost totally open society perhaps the most astonishing national transformation in modern history Born to a working class family in the Dublin suburbs O Toole served as an altar boy and attended a Christian Brothers school much as his forebears did He was enthralled by American Westerns suddenly appearing on Irish television which were not that far from his own experience given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets Yet the Westerns were a sign of what was to come O Toole narrates the once unthinkable collapse of the all powerful Catholic Church brought down by scandal and by the activism of ordinary Irish women in particular He relates the horrific violence of the Troubles in Northern Ireland which led most Irish to reject violent nationalism In O Toole's telling America became a lodestar from John F Kennedy's 1963 visit when the soon to

be martyred American president was welcomed as a native son to the emergence of the Irish technology sector in the late 1990s driven by American corporations which set Ireland on the path toward particular disaster during the 2008 financial crisis A remarkably compassionate yet exacting observer O Toole in coruscating prose captures the peculiar Irish habit of deliberate unknowing which allowed myths of national greatness to persist even as the foundations were crumbling Forty years in the making *We Don't Know Ourselves* is a landmark work a memoir and a national history that ultimately reveals how the two modes are entwined for all of us

Ireland In The 20th Century Tim Pat Coogan,2009-12-01 Ireland's bestselling popular historian tells the story of contemporary Ireland controversial authoritative and highly readable Tim Pat Coogan's biographies of Michael Collins and DeValera and his studies of the IRA the Troubles and the Irish Diaspora have transformed our understanding of contemporary Ireland and all have been massive bestsellers Now he has produced a major history of Ireland in the twentieth century Covering both South and North and dealing with cultural and social history as well as political this enthralling work will become the definitive single volume account of the making of modern Ireland

The Enemy Within Seumas Milne,2014-04-01 Margaret Thatcher branded the leaders of the 1984-85 miners strike the enemy within In this classic account Seumas Milne reveals the astonishing lengths to which her government and its intelligence machine were prepared to go to destroy the power of Britain's miners union In this 30th anniversary edition new material brings the story up to date with further revelations about the secret war against organized labour and political dissent and the devastating price paid for the Thatcher administrations onslaught by communities across Britain

A Failed Political Entity Stephen Kelly,2016-10-10 Charles Haughey maintained one of the most controversial and brilliant careers in the history of Irish politics but for every stage in his mounting success there was one issue that complicated and almost devastated his ambitions to lead Irish politics Northern Ireland In *A Failed Political Entity* Stephen Kelly uncovers the complex motives that underlie Haughey's fervent attitude towards the political and sectarian violence that was raging across the border Early in Haughey's governmental career he took a hard line against the IRA leading many to think he was antipathetic towards the situation in Northern Ireland Then in one of the most defining scandals in the history of modern Ireland The Arms Crisis of 1970 he was accused of attempting to supply northern nationalists with guns and ammunitions Whilst his role in this murky affair almost ended his political career the question of Northern Ireland was ever binding and would deftly serve to bring Haughey back to power as taoiseach in 1979 Through recent access to an astonishing array of classified documents and extensive interviews Stephen Kelly confronts every controversy examining the genesis of Haughey's attitude to Northern Ireland allegations that Haughey played a key part in the formation of the Provisional IRA the Haughey Thatcher relationship and Haughey's leading hand in the early stages of the fledgling Northern Ireland peace process

A Reluctant Memoir Robert Ballagh, 2018-09-20 A fiercely honest and unvarnished autobiography from Ireland's most successful and controversial living artist Making his name as a Pop artist in the late 1960s and 70s Robert Ballagh quickly achieved an international reputation With little formal artistic training he triumphed in his field despite often formidable hostility His work was also strikingly topical and political playing with classic images by Goya or Delacroix to express outrage about the situation in Northern Ireland But it is his series of realistic portraits of writers politicians and fellow artists often searingly inquisitive and moving in equal measure that have won him lasting fame His subjects include Brian Friel Seamus Heaney Samuel Beckett James Watson Francis Crick Harold Pinter and Fidel Castro And his remarkable self portraits unsparingly document the process of his own ageing This memoir is also a story of Ireland over the past sixty years its violence hypocrisy and immobility as well as its creativity and generosity
