V. Blackman,2016-09-04 **Miami and Dade County, Florida; Its Settlement, Progress and Achievement - Primary Source Edition** E. B. 1845 Blackman,2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **Miami and Dade County, Florida** Ethan V. Blackman,2017 All history is necessarily an abridgment the historian being compelled to select his material from a multitude of details In the preparation of this history of Miami and Dade Comity much has doubtless been omitted that might have been of interest but the author has been obliged to confine his text to the more salient points as illustrative of certain phases of local history He provides a thorough account of the settlement progress and achievement of the county as well as individual sketches of representative citizens **Working in the Magic City** Thomas A. Castillo,2022-06-28 In the early twentieth century Miami cultivated an image of itself as a destination for leisure and sunshine free from labor strife Thomas A Castillo unpacks this idea of class harmony and the language that articulated its presence by delving into the conflicts repression and progressive grassroots politics of the time Castillo pays particular attention to how class and race relations reflected and reinforced the nature of power in Miami Class harmony argued against the existence of labor conflict but in reality obscured how workers struggled within the city s service oriented seasonal economy Castillo shows how and why such an ideal thrived in Miami s atmosphere of growth and boosterism and amidst the political economy of tourism His analysis also presents class harmony as a

theoretical framework that broadens our definitions of class conflict and class consciousness

Soil Survey of Dade County Area, Florida Chris V. Noble, Robert W. Drew, James D. Slabaugh, 1996

The Book Lover's Guide to Florida Kevin M. McCarthy, 1992 Here is the book lover's literary tour of Florida an exhaustive survey of writers books and literary sites in every part of the state The state is divided into ten areas and each one is described from a literary point of view You will learn what authors lived in or wrote about a place which books describe the place what important movies were made there even the literary trivia which the true Florida book lover will want to know You can use the book as a travel guide to a new way to see the state as an armchair guide to a better understanding of our literary heritage or as a guide to what to read next time you head to a bookstore or library Publisher

Tropic of Hopes Knight, Henry, 2013-09-17 Just after the Civil War two states prominently laid claim to being America's paradise destinations Private companies state agencies and journalists all lent a hand in creating a seductive expansionist imagery that promoted semitropical California and Florida and helped sell Americans on the idea of an attainable paradise within the United States In *Tropic of Hopes* Henry Knight examines the promotion of California and Florida from the end of the Civil War to the eve of the Great Depression a period when both states were transformed from remote sparsely populated locales into two of the most publicized and dreamed about destinations in America Using the discussion of climate geography race and environment to link agricultural tourist and urban development in these regions Knight provides a highly original and informative account

The Struggle for Black Freedom in Miami Abigail Cloud, 2014-04-07 In her first collection of poems Abigail Cloud draws inspiration from nineteenth century European Romantic ballets which often portrayed scorned females as mystical spirits such as sylphs shades and wilis Some of these creatures seduced men into dancing until they died punishment for inconstancy or lured them into love For Cloud the dark gravity that holds these enchanters to the earth is the same as our own and thus these demons are as everyday as air Sylph filters our world through the lenses of dance folklore and history revealing our contemporary lives to be dreamlike and prismatic In the blink the mouse spent to disappear I loved you avows the sylph The cost of her ascension and ours is steep our price speech our forgetting breath Such are the stakes in this complex seductive and stunning debut

A World More Concrete N.D.B. Connolly, 2014-08-25 Many people characterize urban renewal projects and the power of eminent domain as two of the most widely despised and often racist tools for reshaping American cities in the postwar period In *A World More Concrete* N D B Connolly uses the history of South Florida to unearth an older and far more complex story Connolly captures nearly eighty years of political and land transactions to reveal how real estate and redevelopment created and preserved metropolitan growth and racial peace under white supremacy Using a materialist approach he offers a long view of capitalism and the color line following much of the money that made land taking and Jim Crow segregation profitable and preferred approaches to governing cities throughout the twentieth century *A World More Concrete* argues that black and white landlords entrepreneurs and even liberal community leaders used tenements and

repeated land dispossession to take advantage of the poor and generate remarkable wealth Through a political culture built on real estate South Florida's landlords and homeowners advanced property rights and white property rights especially at the expense of more inclusive visions of equality For black people and many of their white allies uses of eminent domain helped to harden class and color lines Yet for many reformers confiscating certain kinds of real estate through eminent domain also promised to help improve housing conditions to undermine the neighborhood influence of powerful slumlords and to open new opportunities for suburban life for black Floridians Concerned more with winners and losers than with heroes and villains *A World More Concrete* offers a sober assessment of money and power in Jim Crow America It shows how negotiations between powerful real estate interests on both sides of the color line gave racial segregation a remarkable capacity to evolve revealing property owners power to reshape American cities in ways that can still be seen and felt today

The Struggle for Black Freedom in Miami Chanelle Nyree Rose, 2015-05-18 Offering new insights into Florida's position within the cultural legacy of the South *The Struggle for Black Freedom in Miami* explores the long fight for civil rights in one of the country's most popular tourist destinations Chanelle N Rose examines how the sustained tourism and rapid demographic changes that characterized Miami for much of the twentieth century undermined constructions of blackness and whiteness that remained more firmly entrenched in other parts of the South The convergence of cultural practices in Miami from the American South and North the Caribbean and Latin America created a border community that never fit comfortably within the paradigm of the Deep South experience As white civic elites scrambled to secure the city's burgeoning reputation as the Gateway to the Americas an influx of Spanish speaking migrants and tourists had a transformative effect on conventional notions of blackness Business owners and city boosters resisted arbitrary racial distinctions and even permitted dark skinned Latinos access to public accommodations that were otherwise off limits to nonwhites in the South At the same time civil rights activists waged a fierce battle against the antiblack discrimination and violence that lay beneath the public image of Miami as a place relatively tolerant of racial diversity In its exploration of regional distinctions transnational forces and the effect of both on the civil rights battle *The Struggle for Black Freedom in Miami* complicates the black white binary and offers a new way of understanding the complexity of racial traditions and white supremacy in southern metropolises like Miami

More than Petticoats: Remarkable Florida Women E. Lynne Wright, 2010-03-02 *More than Petticoats Remarkable Florida Women* 2nd Edition celebrates the women who shaped the Sunshine State Short illuminating biographies and archival photographs and paintings tell the stories of women from across the state who served as teachers writers entrepreneurs and artists *William and Mary Brickell* Beth Brickell, 2011-12-13 Beyond the streets and buildings that now bear the name Brickell is the rich history of William and Mary Brickell who worked alongside Julia Tuttle and Henry Flagler to found Miami and Fort Lauderdale Hollywood writer and director Beth Brickell has uncovered the history of this dynamic couple from William's origins in Ohio to his adventures in the California and Australian

gold rushes and marriage to Mary This never before told story reveals both disappointment and triumph as these two pioneers clashed with Flagler and John D Rockefeller during the robber baron days of the oil industry and finally tamed the wilderness of South Florida

Florida's Past Gene Burnett,1996-06 Virtually every month for fourteen years Gene Burnett wrote a history piece under the title Florida's Past for Florida Trend Florida's respected magazine of business and finance This first volume of collected essays from that series proved so popular among book readers that two more volumes have been published Pineapple Press is now proud to make them available in paperback Burnett's easygoing style and his sometimes surprising choice of topics make history good reading Each volume divides Florida's people and events into Achievers and Pioneers Villains and Characters Heroes and Heroines War and Peace and Calamities and Social Turbulence Read a chapter and you'll find you've gone on to read more Read this volume and you'll find yourself looking for the next two Next in series See all of the books in this series

They Dared to Dream Doris Weatherford,2015-05-26 While many works chronicle the various facets of Florida's history few have revealed the myriad contributions of the state's pioneering women Doris Weatherford presents a comprehensive narrative of the leading ladies who shaped Florida from prehistoric times to the present

White Sand Black Beach Bush, Gregory W,2016-07-20 Florida Historical Society Harry T and Harriette V Moore Award Florida Book Awards Silver Medal for Florida Nonfiction In May 1945 activists staged a wade in at a whites only beach in Miami protesting the Jim Crow era laws that denied blacks access to recreational waterfront areas Pressured by protestors in this first postwar civil rights demonstration the Dade County Commission ultimately designated the difficult to access Virginia Key as a beach for African Americans The beach became vitally important to the community offering a place to congregate with family and friends and to enjoy the natural wonders of the area It was also a tangible victory in the continuing struggle for civil rights in public space As Florida beaches were later desegregated many viewed Virginia Key as symbolic of an oppressive past and ceased to patronize it At the same time white leaders responded to desegregation by decreasing attention to and funding for public spaces in general The beach was largely ignored and eventually shut down In White Sand Black Beach historian and longtime Miami activist Gregory Bush recounts this unique story and the current state of the public waterfront in Miami Recently environmentalists community leaders and civil rights activists have come together to revitalize the beach and Bush highlights the potential to stimulate civic engagement in public planning processes While local governments defer to booster and lobbying interests pushing for destination casinos and boat shows Bush calls for a land ethic that connects people to the local environment He seeks to shift the local political divisions beyond established interest groups and neoliberalism to a broader vision that simplifies human needs and reconnects people to fundamental values such as health A place of fellowship relaxation and interaction with nature this beach Bush argues offers a common ground of hope for a better future
