Remembering Our Spirit:

Remembering Our Oneness Thomas Paul Hansen, 2012-12-13 In his previous metaphysical book *Trying to Remember* Dr Thomas Paul Hansen explored this question and statement Are you a spiritual being having a physical experience or a physical being having an occasional spiritual experience Which one you believe makes all the difference in the world In his new book *Remembering Our Oneness* learn how to live as the spiritual being that you are even while experiencing this illusion of a physical universe Learn how to be in this world but not of this world Learn how to co create a world of peace that will help all of us awaken to our true Godself nature We can take concrete action for peace in the world and at the same time remember that our true spiritual nature is already inside each one of us Did we actually make this physical universe ourselves with our minds Why would we have done so Find out why the old seeing is believing concept should be changed to believing is seeing

The Spiritual Practice of Remembering Margaret Bendroth, 2013-11-11 We often dismiss history as dull or irrelevant but our modern disengagement from the past puts us fundamentally out of step with the long witness of the Christian tradition Yet says Margaret Bendroth the past tense is essential to our language of faith and without it our conversation is limited and thin This accessible beautifully written book presents a new argument for honoring the past The Christian tradition gives us the powerful image of a vast communion of saints all of God s people both living and dead in vital conversation with each other This kind of connection with our ancestors in the faith Bendroth maintains will not happen by wishing or by accident She argues that remembering must become a regular spiritual practice part of the rhythm of our daily lives as we recognize our world to be in many ways a gift from others who have gone before

Our Spiritual Destiny Frederick R. Kipp, 2007-10-22 Our Spiritual Destiny Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence which enable their transformation From Our Journey into

Matter I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms From Remembering Some religious scholars suggest that the essence of all sacred material is somehow buried deep within our being If this is true then helping us remember must be the intent and purpose of all divinely inspired sacred books spiritual literature and cultural myths in the world Somewhere in our Being or Higher Self we already know the purpose of physical life in matter As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose From Spiritual Orientation and Alignment For most of us the physical demands of our daily lives capture our conscious attention and vital energies This happens gradually within our ritualized patterns and daily activities Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives As a result we usually feel and believe we have little left over to devote to our spiritual development From Health and New Body Alignment Most people have grown up with a body centered identity Everything about living in the world seems to condition us to identify with this orientation The realities of physical life throughout history have encouraged us to strengthen build up or perfect our natural body in one way or another This alignment has ensured the survival of our species Even today in our modern world we continue to value the attributes of physical strength fitness and vitality as the ultimate experience of a good life From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary However

perplexing questions about God and life and why our lives are the way they are We know now that God is not working in mysterious ways but has a definitive plan in place for each and every one of us This is a time of our spiritual awakening Your life is more perfect than you know We are all magnificent divine immortal spiritual beings that choose this earthly life for the spiritual growth it offers You are invited to examine and explore the overwhelming evidence **The Good Remembering** Llyn Roberts,2007-03-15 Through the ages spiritual teachers healers and shamans of all traditions have been telling us that there is another world behind this one One of powerful loving energies and beings of light Their voices speak to us and it we are prepared to listen they will change our lives and our planet s future The Good Remembering is an inspired rendering of the collective wisdom of these voices drawing on native wisdom from around the world about wholeness Layman Pascal,2015-04-16 e Wholeness don t leave home without it e A couple of astute characters took that advice as they wandered about wondering about wholeness The result About Wholeness is full of meaning yet entertaining deep but quite a e trip e Enjoy **Our Stories Remember** Joseph Bruchac,2016-12-20 An illuminating look at Native origins and lifeways a treasure for all who value Native wisdom and the stories that keep it alive *Remembering: the Soul of You* Meyrene Cowell,2021-10-27 In 1998 someone asked me to contemplate the question Who am I When I removed all the labels such as daughter wife mother and teacher and then even my name too I realised how vulnerable I was I wondered what was left of me That was the catalyst that began my search for the Greater Me my eternal Spirit self As I searched listened and read I gained new belief systems that were wider than religion and more liberating than my social conditioning The greatest freedom came though when I finally understood the language of symbols especially those used in the ancient Marseilles Tarot Pack I spent almost twenty years exploring the blueprint of the archetypes that are embedded in these cards Each of the 22 major arcana cards took me on a deep souljourney towards consciousness knowledge and a change of heart What I discovered was that I am more than I could ever have imagined and so are you When we become conscious of painful and inhibiting beliefs that no longer serve us we begin a journey into loving acceptance of self and others too **To Be Spirituel** Ashtar Starlight,2025-07-03 It is about the Character Ashtar who lives in a world of his own His own Spirituel Reality Being that he makes references to his own life and how he understand his own Ego And insight in how he does what he do and why This is the First Part of the claims layed within the writting A more Theoretical One follow this one Enough can be said but understandment only comes when read in the Raw edition of all his mistakes as a Writter This Version Ashtar takes You into a world of his mind And how he with his Perspective of Life tries to tell the Reader how to be his way of Being Spirituel He made a Prediction some 12 years ago Where he wrote his Blueprint of what he would explain in the future He called that Writting The Tale of a tapeworm and human evolution Witch is second part of To Be Spirituel There lays 4 different Parts of To Be Spitituel Within this writting The fifth layes as a part of its own Science that might not be for all to understand At current point of evolution According to Ashtar He has a very speciel way of understanding God Devil and

Rebirth or Reincarnation As explained in the writting Even thou Ashtar lives amongst his Family The believe that there is something Wrong with him Being that he has a diagnose as SKizofrenic He tries with this writting To Explain what a Skizofrenic usually do not and can not explain His claim is that he is Spirituel and not Skizofrenic But no one ever ask for an explanation from him He was just deemed Skizofrenic So this is what he does with this writting He gives an insight in how it is to be inside his mindset by provided explanations Like Talking with himself and Hearing Voices He say I do not hear voices I have Thoughts That is an answer within the Collective conscience The language use and his ways of explaining Can at some point be very brute and viel in its use of words and expression Just so You are warned He also provided some sort of explanation on that it has to do about Intentions In what You put in it Understanding his mindset For all the Mistakes he makes like when he do writtings He focus on the message not how it is spelled Do not judge a book by its cover Even with Mistakes in the title A Token for Mariners ... much enlarg'd ... Also the Seaman's Preacher, being a sermon [on Acts xxvii. 18-20] ... and prayers for Seamen on all occasions. [Preface singed J. J. i.e. James Janeway.] J. J.,1708 *Spiritual Life Impact* Peter Tassone,2023-02-23 The purpose of the mind is to create self The purpose of the renewed mind is to create self in the image and likeness of God in both form and function The mind is not in the brain The mind is born in darkness It has to learn everything The mind spirit is a mirror image of the body brain A mind body marriage The mind answers the brain s what when and where questions with the how who and most importantly why answers The mind is a prosecutorial tool always seeking after the truth The mind must have a reason for the behavior of the body Trust is the movement of faith Revelation is experiential knowledge imprinted within our being **The Holiday from Hell** Carole and David McEntee-Taylor,2011-11-19 The Adventure holiday of A lifetime It had been billed as the holiday of a lifetime A destination with everything a holiday maker could possibly want There were towns and cities where they could shop until they dropped and beaches clubs and nightlife with all kinds of exotic food and drink and anything else they might feel like trying There were desserts that stretched into infinity mountains that scaled incredible heights and seas that could challenge even the most jaded pallet For those of a quieter persuasion there was an abundance of gently rolling countryside in which to relax So just where did it all go wrong Just when was it that their dream holiday turned into the Holiday from Hell For many people on our planet this could be said to be an apt description of their journey through life From the pain of individual relationships to the devastation of natural disasters and wars it s no wonder we sometimes question the reasons we are here The Holiday from Hell describes our spiritual journey from the beginning of our holiday on the earth plane to the end of our time in this physical body It argues that if we change our perceptions of why we are here and begin to understand the origins of some of our political and religious conflicts we can at last begin to enjoy our lives
