E. Hartink, 1998-01      Pistol and Revolver Shooting Abraham Lincoln Artman Himmelwright, 1915      **The Modern American Pistol and Revolver** Arthur Corbin Gould, 1888      **Pistols and Revolvers** Martin J Dougherty, 2017-04-20 From a Thirty Years War wheel lock to the Luger and the latest Ruger Pistols Revolvers offers a narrative history of the classics among these firearms Illustrated with more than 250 artworks and photographs Collector s Guides Pistols Revolvers is an expertly written account of the history of sporting and military firearms      *The Pistol And Revolver* Anon, 2020-07-14 Originally published in 1928 Detailed and practical information on the subject treated in a clear and concise manner The illustrated contents include Historical Military Target and Pocket Arms Ammunition Sights Positions Target Shooting Revolver practice for the Police Shooting for Ladies Clubs and Ranges Cleaning and Care Reloading Ammunition Selection of Arms Target Practice etc Many of the earliest shooting books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Home Farm Books are republishing many of these classic works in affordable high quality modern editions using the original text and artwork      *Percussion Pistols and Revolvers* Mike Cumpston, Johnny Bates, 2005-07 In the early transition from the long lived flintlock system handgun development closely paralleled that of the long arms With the advent of the revolving pistols however came patents that

created monopolies in revolver production and the through bored cylinder necessary for self contained metallic cartridges. The caplock revolvers took on a separate evolution and remained state of the art long after the widespread appearance of cartridge firing rifles and shotguns. They rode in the holsters of explorers and adventurers across the world and granted safe conduct in the back alleys of the Industrial West right up until the last quarter of the 19th Century. Handguns possess a mystique distinctly different from that of other firearms. They are tools of personal empowerment chosen by their owners to provide independence and freedom of movement. In the ambitious optimistic early years of western industrial civilization they were the emblem of liberty and equality and the bane of repressive governments and social movements. Largely because of the traditions that emerged in the time of the caplock pistols and revolvers they remain so in the early years of the 21st Century.

Pistols and Revolvers and Their Use Julian Sommerville Hatcher, 1927      **Firearms State Laws and Published Ordinances**, 2005. This publication spells out both Federal and State firearm laws including the provisions of the Gun Control Act of 1968.
