Reworking China's Proletariat Sally Sargeson, 1999 China's workers have been transformed by the transition to capitalism This study offers a theoretical analysis of the impact of capitalism and state power on social identities employment conditions and workplace organization The author draws upon empirical research from case studies of the labour market and employment conditions in Hangzhou the capital of Zhejiang province The book will interest students of Chinese political economy socialist transition working class formation and the representation of collective identity *The Political Economy of Reforms and the Remaking of the Proletarian Class in China, 1980s-2010s* Shan Shanne

Huang, 2023-01-19 This book comprehensively investigates the position of China's working class between the 1980s and 2010s and considers the consequences of economic reforms in historical perspective It argues the case that far from the illusion during the Maoist period that a new society had been established where the working classes held greater political and economic autonomy economic reforms in the post Mao era have led to the return of traditional Marxist proletariats in China The book demonstrates how the reforms of Deng Xiaoping have led to increased economic efficiency at the expense of economic equality through an extensive case study of an SOE state owned enterprise in Sichuan Province as well as wider discussions of the emergence of state capitalism on both a micro and macroeconomic level The book also discusses workers protests during these periods of economic reform to reflect the reformation of class consciousness in post Mao China drawing on Marx's concept of a transition from a class in itself to a class for itself It will be valuable reading for students and scholars of Chinese economic and social history as well as political economy sociology and politics **Chinese Women -**

Living and Working Anne McLaren, 2005-08-05 Experts in gender politics media studies and anthropology discuss the impact of economic reform and globalization on Chinese women in family businesses management the professions the prostitution industry and domestic service *Law and Fair Work in China* Sean Cooney, Sarah Biddulph, Ying Zhu, 2013

China's economic reforms have brought the country both major international clout and widespread domestic prosperity At the same time the reforms have led to significant social upheaval particularly manifest in labour relations Each year several thousand disputes break out over working conditions many of them violent and the Chinese state has responded with both legal and political strategies This book investigates how Chinese governments have used law and other forms of regulation to govern working conditions and combat labour disputes Starting from the early years of the Republican period the book traces

the evolution of the law of work in modern China right up to the reforms of the present day It considers the structure of Chinese work law drawing on both Chinese and Western scholarship to provide new insights into its unique features and assess where the law is innovative and where it is stagnant and unresponsive The authors explore the various legal and extra legal techniques successive Chinese governments have adopted to enforce work law and the responses of firms workers and organizations to these practices **The SAGE Handbook of Contemporary China** Weiping Wu, Mark Frazier, 2018-07-09

The study of contemporary China constitutes a fascinating yet challenging area of scholarly inquiry Recent decades have brought dramatic changes to China's economy society and governance Analyzing such changes in the context of multiple disciplinary perspectives offers opportunities as well as challenges for scholars in the field known as contemporary China Studies The SAGE Handbook of Contemporary China is a two volume exploration of the transformations of contemporary China firmly grounded in the both disciplinary and China specific contexts Drawing on a range of scholarly approaches found in the social sciences and history an international team of contributors engage with the question of what a rapidly changing China means for the broader field of contemporary China studies and identify areas of promising future research Part 1 Context History Economy and the Environment Part 2 Economic Transformations Part 3 Politics and Government Part 4 China on the Global Stage Part 5 China's Foreign Policy Part 6 National and Nested Identities Part 7 Urbanization and Spatial Development Part 8 Poverty and Inequality Part 9 Social Change Part 10 Future Directions for Contemporary China Studies Workers and Change in China Manfred Elfstrom, 2021-01-21 Rising labour unrest is changing Chinese

governance from below Elfstrom shows that this is occurring in unexpected and contradictory ways Chinese Migrant Workers and Employer Domination Kaxton Siu, 2019-11-05 This book explores three major changes in the circumstances of the migrant working class in south China over the past three decades from historical and comparative perspectives It examines the rise of a male migrant working population in the export industries a shift in material and social lives of migrant workers and the emergence of a new non coercive factory regime in the industries By conducting on site fieldwork regarding Hong Kong invested garment factories in south China Hong Kong and Vietnam alongside factory gate surveys in China and Vietnam this book examines how and why the circumstances of workers in these localities are dissimilar even when under the same type of factory ownership In analyzing workers lives within and outside factories and the expansion of global capitalism in East and Southeast Asia the book contributes to research on production politics and everyday life practice and an understanding of how global and local forces interact **Migrant Labor in China** Pun Ngai, 2016-04-22 Long known as the

world's factory China is the largest manufacturing economy ever seen accounting for more than 10% of global exports China is also of course home to the largest workforce on the planet the crucial element behind its staggering economic success But who are China's workers who keep the machine running and how is the labor process changing under economic reform Pun Ngai a leading expert in factory labor in China charts the rise of China as a world workshop and the emergence of a new

labor force in the context of the post socialist transformations of the last three decades The book analyzes the role of the state and transnational interests in creating a new migrant workforce deprived of many rights and social protection As China increases its output of high value high tech products particularly for its own growing domestic market of middle class consumers workers are increasingly voicing their discontent through strikes and protest creating new challenges for the Party State and the global division of labor Blending theory politics and real world examples this book will be an invaluable guide for upper level students and non specialists interested in Chinas economy and Chinese politics and society *China's Transition to a Global Economy* Michael Webber, 2002-12-13 How has China approached the global economy Webber Wang and Zhu attempt to answer this question through analysis of the concepts of globalization transition and regionalization China s approach has been experimental stressing the liberalization of trade and investment flows and the development of a market economy By these indexes globalization in China has been gradual and uneven Integrating Western social science and Chinese research this book assesses the nature and effect of globalization in China and its implications
