Technology, Organizations and Innovation: Towards 'real virtuality'? Ian McLoughlin,David Preece,Patrick Dawson,2000 An authoritative collection of leading critical and contemporary writings published in the field of technology and organizations The set spans a 50 year time period taking the reader from the first and most influential papers from the early 1950s through to some recent publications which address contemporary and emerging debates in the field at the dawn of the 21st century Each of the 4 volumes has a particular focus upon this area of research and scholarship the early debates theories paradigms and concepts critical empirical studies and emerging themes and future debates The editors provide an introduction to and overview of the themes debates perspectives theories and paradigms which characterize this area of organization studies and set out a route map to help guide the reader through the four volumes The International Handbook on Innovation Larisa V Shavinina,2003-10-16 Approx 1200 pagesApprox 1200 pages **Technological Change and the City** Patrick Nicol Troy,1995 This book looks at the complex relationships between cities technology economic factors environmental factors and social factors It points out how the form and structure of today s Australian cities the conditions in our cities and the choices about how we want our cities to be in the future are dependent on the decisions practices activities and investments made yesterday and today Reporting research on the major effects on the city of changes in the retailing industry land use and transport water sewerage and drainage services communications manufacturing and building it describes inter alia how the information age global economics innovation in the production system and environmental considerations are changing not only the way life is lived and business is done in the city but also how urban space is used and organised and how in turn these changes raise important social questions and challenge the very meaning of what constitutes a city **Administrative Reform and National Economic Development** Kuotsai Tom Liou,2024-11-01 This title was first published in 2000 Economic development has become one of the popular public policies in many developing and economic transforming countries for the past few decades Public policy makers and researchers have recognized that an effective administrative system is critical to the success of economic development and administrative reform is necessary to promote economic development This book studies economic development policy by focusing on the relationship between administrative reform and economic development Leadership in Government Andrew Korac-Kakabadse,Nada Korac-Kakabadse,2019-05-23 First published in 1998 this study formed the basis of a report submitted to the Australian Commonwealth Government as an independent piece of research With the onset of large organizations leadership has become increasingly important being viewed both from the perspective of action and from the influence of context The authors examine leadership in the Australian public sector first through an overview of leadership followed by a survey of the APS including the culture of the APS and recommendations for improvements The Rise of the

Network Society Manuel Castells, 2011-08-24 This first book in Castells groundbreaking trilogy with a substantial new preface highlights the economic and social dynamics of the information age and shows how the network society has now fully risen on a global scale Groundbreaking volume on the impact of the age of information on all aspects of society Includes coverage of the influence of the internet and the net economy Describes the accelerating pace of innovation and social transformation Based on research in the USA Asia Latin America and Europe **Thinking about Management** Ian Palmer, Cynthia Hardy, 2000 This radical text presents central management questions that managers and students need to work with and understand Key debates in management theory are taken out of their academic setting and discussed in relation to management experience Exercises examples illustrations and summaries bring the problems and dilemmas alive for the student From people management to organizational culture leadership to learning institutional power to individual innovation the multi faceted territory of management is explored and opened up The New Development Management Sadhvi Dar, Professor Bill Cooke, 2013-07-18 Development management is an idea that blends the seemingly innocuous claims of managerialism with notions of modernity and utopian ideals of third world progress This book views both phenomena as problematic and modernizing interventions In doing so it overturns and reclaims such ideas as participation community governance NGOs and civil society The contributors argue that the practices of development are often threaded together by the language of managerialism reports logframe encounters with the boss yet all of these serve to further development s disengagement from the mundane In voicing such concerns about the way development is going and about the encroachment of managerialism The New Development Management will breathe fresh life into post development debates *Cultural Production of Hallyu in the Digital Platform Era* Dal Yong Jin, 2025-08-04 Cultural Production of Hallyu in the Digital Platform Era explores how histories industry structures and politics interact in the platformization of the Korean Wave Dal Yong Jin argues that while much research centers on the Korean culture takeover and the dominance of Korean products on premier global media platforms Korean cultural industries also experience reshaping and changing depending on the platforms often on the global stage Addressing the increasing significance of digital platforms this work examines the transformative roles of over the top streaming services Netflix Viki and V Live video sharing platforms such as YouTube and social media platforms such as TikTok and Instagram and the power relations between content producers information technology sectors the government creative laborers and audiences in the globalization of Korean culture and media By developing critical cultural industries studies as a new theoretical framework Cultural Production of Hallyu in the Digital Platform Era explores the ever growing Korean Wave phenomenon with the advent of global digital platforms
