Rhetoric Made Plain:

Rhetoric Made Plain Anthony C. Winkler, Jo Ray McCuen, 1988-02-01 **The Rhetoric of Empire** David Spurr, 1993

The white man's burden, darkest Africa, the seduction of the primitive: such phrases were widespread in the language Western empires used to talk about their colonial enterprises. How this language itself served imperial purposes and how it survives today in writing about the Third World are the subject of David Spurr's book, a revealing account of the rhetorical strategies that have defined Western thinking about the non-Western world. Despite historical differences among British, French, and American versions of colonialism, their rhetoric had much in common. *The Rhetoric of Empire* identifies these shared features, images, figures of speech, and characteristic lines of argument and explores them in a wide variety of sources. A former correspondent for the *United Press International*, the author is equally at home with journalism or critical theory, travel writing or official documents, and his discussion is remarkably comprehensive. Ranging from T. E. Lawrence and Isak Dinesen to Hemingway and Naipaul, from *Time* and the *New Yorker* to the *National Geographic* and *Le Monde*, from journalists such as Joan Didion and Susan Sontag to colonial administrators such as Frederick Lugard and Albert Sarraut, this analysis suggests the degree to which certain rhetorical tactics penetrate the popular as well as official colonial and postcolonial discourse. Finally, Spurr considers the question: Can the language itself, and with it Western forms of interpretation, be freed of the exercise of colonial power? This ambitious book is an answer of sorts. By exposing the rhetoric of empire, Spurr begins to loosen its hold over discourse about and between different cultures.

Rhetoric Michael Hawcroft, 1999. Setting out the principles of rhetoric with a wide range of illustrative examples in the first chapter, the author then explores rhetoric at work in different genres via a close reading of texts.

Speak Like a President Simon Maier, 2010-10-15. For some people, making presentations of any type can be a trial; others relish the opportunity to speak to others but are they really inspiring and engaging their audience with what they say rather than catering to their own ego? In this book, Simon Maier offers an essential guide to the power of rhetoric and oratory for executives, managers, consultants, sales professionals, or anyone in fact who needs to get their message across powerfully and convincingly. Covering key issues such as understanding what makes a great speaker, how to find your voice, how to choose the best speech style, and pitfalls to avoid, *Speak Like a President* will help you speak with passion, confidence, and influence whatever your topic or audience.

Rhetoric and Courtliness in Early Modern Literature Jennifer Richards, 2003-05-22. *Rhetoric and Courtliness in Early Modern Literature* explores the early modern interest in conversation as a newly identified art. Conversation was widely accepted to have been inspired by the republican philosopher Cicero. Recognizing his influence on courtesy literature, the main source for civil conversation, Jennifer Richards uncovers alternative ways of thinking about

humanism as a project of linguistic and social reform She argues that humanists explored styles of conversation to reform the manner of association between male associates teachers and students buyers and sellers and settlers and colonial others They reconsidered the meaning of honesty in social interchange in an attempt to represent the tension between self interest and social duty Richards explores the interest in civil conversation among mid Tudor humanists John Cheke Thomas Smith and Roger Ascham as well as their self styled successors Gabriel Harvey and Edmund Spenser
