Rhetoric Of The People Is There Any Better Or Equal Hope In The World:

Rhetoric of the People ,2023-12-18 **Landmark Essays on Rhetorical Criticism** Thomas W. Benson,2020-08-18

This book is an anthology of landmark essays in rhetorical criticism In historical usage a landmark marks a path or a boundary as a metaphor in social and intellectual history landmark signifies some act or event that marks a significant achievement or turning point in the progress or decline of human effort In the history of an academic discipline the historically established senses of landmark are mixed together jostling to set out and protect the turfmarkers of academic specialization aligning footnotes to signify the beacons that have guided thought and against these conservative tendencies attempting to contribute fresh insights that tempt others along new trails The editor has chosen essays for this collection that give some sense of the history of rhetorical criticism in this century especially as it has been practiced in the discipline of speech communication He also emphasizes materials that may illustrate where the discipline conceives itself to be going how it has marked its boundaries how it has established beacons to invite safety or warn us from the rocks and how it has sought to preserve a tradition by subjecting it to constant revision and struggle In the hope of providing some coherence the scope of this collection is limited to rhetorical criticism as it has been practiced and understood within the discipline of speech communication in North America in this century *Barack Obama and the Rhetoric of Hope* Mark S. Ferrara,2013-07-20

The historical and literary antecedents of the President s campaign rhetoric can be traced to the utopian traditions of the Western world The rhetoric of hope is a form of political discourse characterized by a forward looking vision of social progress brought about by collective effort and adherence to shared values including discipline temperance a strong work ethic self reliance and service to the community By combining his own personal story as the biracial son of a white mother from Kansas and a black father from Kenya with national mythologies like the American Dream Obama creates a persona that embodies the moral values and cultural mythos of his implied audience In doing so he draws upon the Classical world Judeo Christianity the European Enlightenment the U S Constitution and Bill of Rights the presidencies of Jefferson Lincoln and FDR slave narratives the Black church the civil rights movement and even popular culture *Milton and the Literary Satan*

Frank S. Kastor,2025-01-27 **Manual of Composition and Rhetoric** John Hays Gardiner,George Lyman Kittredge,Sarah Louise Arnold,1907 *A Poetics of Augustan Elegy* Donald C. Mell,2024-09-02 *Thinking Confederates* Dan R. Frost,2000

Dan Frost shows how inspired by the idea of progress these men set about transforming Southern higher education Recognizing the north s superiority in industry and technology they turned their own schools from a classical orientation to a new emphasis on science and engineering These educators came to define the Southern idea of progress and passed it on to their students thus helping to create and perpetuate an expectation for the arrival of the New South BOOK JACKET

Enduring Legacy W. Stuart Towns,2012-01-09 Explores the crucial role of rhetoric and oratory in creating and propagating a Lost Cause public memory of the American South *Enduring Legacy* explores the vital place of ceremonial

oratory in the oral tradition in the South and analyses how rituals such as Confederate Memorial Day Confederate veteran reunions and dedication of Confederate monuments have contributed to creating and sustaining a Lost Cause paradigm for Southern identity Towns studies in detail secessionist and Civil War speeches and how they laid the groundwork for future generations including Southern responses to the civil rights movement and beyond The Lost Cause orators that came after the Civil War Towns argues helped to shape a lasting mythology of the brave Confederate martyr and the Southern positions for why the Confederacy lost and who was to blame Innumerable words were spent in commemorative speeches newspaper editorials and statehouse oratory condemning the evils of Reconstruction redemption reconciliation and the new and future South Towns concludes with an analysis of how Lost Cause myths still influence Southern and national perceptions of the region today as evidenced in debates over the continued deployment of the Confederate flag and the popularity of Civil War reenactments
