Rhetoric Retold:

Rhetoric Retold Cheryl Glenn, 1997 After explaining how and why women have been excluded from the rhetorical tradition from antiquity through the Renaissance Cheryl Glenn provides the opportunity for Sappho Aspasia Diotima Hortensia Fulvia Julian of Norwich Margery Kempe Margaret More Roper Anne Askew and Elizabeth I to speak with equal authority and as eloquently as Plato Aristotle Cicero and Augustine Her aim is nothing less than regendering and changing forever the history of rhetoric To that end Glenn locates women's contributions to and participation in the rhetorical tradition and writes them into an expanded inclusive tradition She regenders the tradition by designating those terms of identity that have promoted and supported men's control of public persuasive discourse the culturally constructed social relations between the appropriate roles for and the subjective identities of women and men Glenn is the first scholar to contextualize analyze and follow the migration of women's rhetorical accomplishments systematically To locate these women she follows the migration of the Western intellectual tradition from its inception in classical antiquity and its confrontation with and ultimate appropriation by evangelical Christianity to its force in the medieval Church and in Tudor arts and politics *The SAGE Handbook of Rhetorical Studies* Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field [The Present State of Scholarship in the History of Rhetoric](#) Lynée Lewis Gaillet, Winifred Bryan Horner, 2010-03-15 Through two previous editions *The Present State of Scholarship in Historical and Contemporary Rhetoric* has not only introduced new scholars to interdisciplinary research but also become a standard research tool in a number of fields and pointed the way toward future study Adopting research methodologies of revision and recovery this latest edition includes all new material while still following the format of the original and is constructed around bibliographical surveys of both primary and secondary works addressing the Classical Medieval Renaissance and eighteenth through twentieth century periods within the history of rhetoric *The Present State of Scholarship in the History of Rhetoric* doesn't simply update but rather recasts study in the history of rhetoric The authors experienced and well known scholars in their respective fields redefine existing strands of rhetorical study within the periods expand the scope of rhetorical engagement and include additional figures and their works The globalization and expansion of rhetoric are demonstrated in each of these parts and seen clearly in the inclusion of more female rhetors discussions of historical and contemporary electronic resources and examinations of rhetorical practices falling outside the academy and the traditional canon New to this edition is a cumulative review of twentieth century rhetoric along with a thematic index designed to facilitate interdisciplinary or specialized study and scholarly research across the traditional historical periods As

programs incorporating rhetorical studies continue to expand at the university level students and researchers are in need of up to date bibliographical resources No other work matches the scope and approach of *The Present State of Scholarship in the History of Rhetoric* which carries scholarship on rhetoric into the twenty first century *Theorizing Histories of Rhetoric* Michelle Ballif, 2013-02-25 During the decades of the 1980s and 1990s historians of rhetoric composition and communication vociferously theorized historiographical motivations and methodologies for writing histories in their fields After this fertile period of rich contested and impassioned theorization scholars busily undertook the composition of numerous historical works complicating master narratives and recovering silenced voices and rhetorical practices Yet though historians in these fields have gone about the business of writing histories the discussion of theorization has been quiet In this welcome volume fifteen scholars consider once again the theory of historiography asking difficult questions about the purposes and methodologies of writing histories of rhetoric broadly defined and questioning what it means what it should mean what it could mean to write histories of rhetoric composition and communication The topics addressed include the privileging of the literary and the textual over material artifacts as prime sources of evidence in the study of classical rhetoric the use of rhetorical hermeneutics as a methodology for interpreting past practices the investigation of feminist methodologies that do not fit into the dominant modes of feminist historiographical work and the examination of archives with a queer eye to better construct nondiscriminatory narratives Contributors also explore the value of approaching historiography through the lenses of jazz improvisation and complexity theory and the historiographical method of writing the future in ways that refigure our relationships to time and to ourselves Consistently thoughtful and carefully argued these essays successfully revive the discussion of historiography in rhetoric inspiring fresh avenues of exploration in the field

The Ethical Fantasy of Rhetorical Theory Ira Allen, 2018-07-10 Despite its centrality to its field there is no consensus regarding what rhetorical theory is and why it matters *The Ethical Fantasy of Rhetorical Theory* presents a critical examination of rhetorical theory throughout history in order to develop a unifying vision for the field Demonstrating that theorists have always been skeptical of yet committed to truth however fantastic Ira Allen develops rigorous notions of truth and of a troubled freedom that spring from rhetoric's depths In a sweeping analysis from the sophists Aristotle and Cicero through Kenneth Burke Cha m Perelman and Lucie Olbrechts Tyceta and contemporary scholars in English communication and rhetoric's other disciplinary homes Allen offers a novel definition of rhetorical theory as the self consciously ethical study of how humans and other symbolic animals negotiate constraints Language and Power on the Rhetorical Stage Fiona Harris Ramsby, 2020-12-29 Through a fusion of narrative and analysis *Language and Power on the Rhetorical Stage* examines how theater can enact critical discourse analysis and how micro instances of iniquitous language use have been politically and historically reiterated to oppress and deny equal rights to marginalized groups of people Drawing from Aristophanes rhetorical plays as a template for rhetoric in action the author poses the stage as a rhetorical site whereby we can observe

see and feel 20th century rhetorical theories of the body Using critical discourse analysis and Judith Butler's theories of the performative body as a methodological and analytical lens the book explores how a handful of American plays in the latter part of the 20th century the works of Tony Kushner Suzan Lori Parks and John Cameron Mitchell among others use rhetoric in order to perform and challenge marginalizing language about groups that are not offered center stage in public and political spheres This innovative study initiates a conversation long overdue between scholars in rhetorical and performance studies as such it will be essential reading for academic researchers and graduate students in the areas of rhetorical studies performance studies theater studies and critical discourse analysis

Rhetoric, Ethic, and Moral Persuasion in Biblical Discourse Thomas H. Olbricht, Anders Eriksson, 2005-10-27 A collection of essays from the Heidelberg conference on rhetoric and the New Testament

Classical Greek Rhetorical Theory and the Disciplining of Discourse David M. Timmerman, Edward Schiappa, 2010-03-22 This book contributes to the history of classical rhetoric by focusing on how key terms helped to conceptualize and organize the study and teaching of oratory David Timmerman and Edward Schiappa demonstrate that the intellectual and political history of Greek rhetorical theory can be enhanced by a better understanding of the emergence of terms of art in texts about persuasive speaking and argumentation The authors provide a series of studies to support their argument They describe Plato's disciplining of *dialgesthai* into the Art of Dialectic Socrates' alternative vision of *philosophia* and Aristotle's account of *demegoria* and *symboule* as terms for political deliberation The authors also revisit competing receptions of the Rhetoric to Alexander Additionally they examine the argument over when the different parts of oration were formalized in rhetorical theory illustrating how an old school focus on vocabulary can provide fresh perspectives on persistent questions

Walking and Talking Feminist Rhetorics Lindal Buchanan, Kathleen J. Ryan, 2010-01-12 *Walking and Talking Feminist Rhetorics Landmark Essays and Controversies* gathers significant oft cited scholarship about feminism and rhetoric into one convenient volume Essays examine the formation of the vibrant and growing field of feminist rhetoric feminist historiographic research methods and methodologies and women's distinct sites genres and styles of rhetoric The book's most innovative and pedagogically useful feature is its presentation of controversies in the form of case studies each consisting of exchanges between or among scholars about significant questions

The Oxford Handbook of Rhetorical Studies Michael John MacDonald, 2017 Featuring roughly sixty specially commissioned essays by an international cast of leading rhetoric experts from North America Europe and Great Britain the Handbook will offer readers a comprehensive topical and historical survey of the theory and practice of rhetoric from ancient Greece and Rome through the Middle Ages and Enlightenment up to the present day
