Rhythms And Cycles Human Basics According To World Religions:

Encyclopedia of Love in World Religions Yudit Kornberg Greenberg, 2007-11-15 This is the first comprehensive resource on the subject of love in the teachings of the world's major religions, cultures and philosophies. Encyclopedia of Love in World Religions is the first reference work to offer a comprehensive portrait of love in the context of the classic and contemporary literature of Judaism, Christianity, Islam, Buddhism and Hinduism, as well as other cultures and philosophies. Like no volume published to date, it reveals the full richness of religious teachings on love in all its many forms, exploring an extensive range of topics that offer philosophical, psychological and religious perspectives to guide the quest for the meaning of love. Encyclopedia of Love in World Religions features approximately 300 subject entries as well as insightful biographic sketches of preeminent thinkers, all written by a multidisciplinary team of some of the foremost scholars on the subject. Entries examine both general and culture-specific interpretations of love, not just the dichotomy of spiritual and physical love, but the full emotional spectrum of love in relationships and practices. Collectively, they encompass love's integral and sometimes conflicting role in shaping beliefs and behavior in a vastly diverse world. **Myth and Religion in Mircea Eliade** Douglas Allen, 2002 This is an interesting study with a great deal of information on Eliade's main themes and a detailed account of his understanding of myth.
