Rhythms of the Inner Life

"In this book I want to explore seven movements of the heart: longing, waiting, trembling, despairing, resting, conversing, and celebrating. These are inward movements, rather than outward disciplines. They are responses to our experience of God, rather than practices of religious devotion. It would be misleading, however, to separate entirely the spiritual disciplines and the movements of the heart, for the disciplines, properly understood, are means that can lead us ever more deeply into these inner realities."

Composed over a period of several hundred years, and now thousands of years old, the Psalms are still fresh and relevant. In *Rhythms of the Inner Life*, Howard Macy turns to these wonderful songs to examine our progression in our spiritual lives. He suggests specific practices that can nurture our responses to God and increase our understanding of His purposes and purposes.
