Richard Nixon And His America:

Richard Nixon and His America Herbert S. Parmet, 1990 Attempts to depict the former president's complex personality and assesses his influence on American history One of Us Tom Wicker, 1995 From his seemingly poor boy makes good childhood to his college years this piercing perceptive examination of the people places and events that shaped the character of Richard Nixon gives the reader a rare and a fair glimpse of the forces that shaped him **Richard Nixon** John A. Farrell, 2017-03-28 PULITZER PRIZE FINALIST From a prize winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age We live today John A Farrell shows in a world Richard Nixon made At the end of WWII navy lieutenant Nick Nixon returned from the Pacific and set his cap at Congress an idealistic dreamer seeking to build a better world Yet amid the turns of that now legendary 1946 campaign Nixon's finer attributes gave way to unapologetic ruthlessness The story of that transformation is the stunning overture to John A Farrell's magisterial biography of the president who came to embody postwar American resentment and division Within four years of his first victory Nixon was a U S senator in six the vice president of the United States of America Few came so far so fast and so alone Farrell writes Nixon's sins as a candidate were legion and in one unlawful secret plot as Farrell reveals here Nixon acted to prolong the Vietnam War for his own political purposes Finally elected president in 1969 Nixon packed his staff with bright young men who devised forward thinking reforms addressing health care welfare civil rights and protection of the environment It was a fine legacy but Nixon cared little for it He aspired to make his mark on the world stage instead and his 1972 opening to China was the first great crack in the Cold War Nixon had another legacy too an America divided and polarized He was elected to end the war in Vietnam but his bombing of Cambodia and Laos enraged the antiwar movement It was Nixon who launched the McCarthy era who played white against black with a southern strategy and spurred the Silent Majority to despise and distrust the country's elites Ever insecure and increasingly paranoid he persuaded Americans to gnaw as he did on grievances and to look at one another as enemies Finally in August 1974 after two years of the mesmerizing intrigue and scandal of Watergate Nixon became the only president to resign in disgrace Richard Nixon is a gripping and unsparing portrayal of our darkest president Meticulously researched brilliantly crafted and offering fresh revelations it will be hailed as a master work **In The Arena** Richard Nixon, 2013-01-08 Eloquent of the man and of the history he made The New York Times In the Arena is the most personal profound and revealing memoir ever written by a major political figure It is Richard Nixon's frankest most outspoken book which includes the inside story of his resignation from the Presidency and its aftermath President Nixon's previous books have brilliantly chronicled his public career and examined America's strategic role in the world Now for the first time he shares his private thoughts and feelings on his long career other great leaders at home and abroad his own family the state of the world the arts of politics and diplomacy and much more expanding on his 1978 Memoirs and documenting his role as America's Elder Statesman It's a personal statement
