Rick Santorum:

It Takes a Family Rick Santorum, 2012-10-03 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum. In *It Takes a Family: Conservatism and the Common Good*, Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just. An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism. Moreover, Santorum demonstrates how such an approach to political, social, and economic problems offers the most promise for those on the margin of life: the poor, the vulnerable, and minorities who have often been excluded from opportunity in America. Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance. But what do we inherit as Americans? And how can we be good stewards of that inheritance? Building on Robert Putnam's discussion of social capital, the habits of association and trust that are the preconditions of any decent society, Santorum assesses how well in the past generation Americans have cared for the fabric of society. He explores in detail various dimensions of social and cultural connection that are the foundation of the common good. And he presents innovative policy proposals for the renewal of American society at all levels. Throughout his book, Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good. With a sustained argument touching on first principles throughout, this ambitious and original book is a major contribution to contemporary political debate. *It Takes a Family* further establishes Santorum as the leader of reform-minded civic conservatives in America.

Know Your Congressman: Rick Santorum Deena Shanker, 2012-04-28 ABOUT THE BOOK On April 10, 2012, when Rick Santorum announced he was stepping out of the race to become the Republican candidate for President of the United States, he answered a question many have been asking for several months now: when is this guy gonna just give up? But although his bid for the presidency may have never stood a chance, he was being outspent by Romney on a margin of 10:1. He made it longer and further than anyone ever predicted and played an interesting and significant role in the shaping of the coming national election. The primary elections unfolded this year in an unusual pattern. Though it began with a sense of inevitability that Mitt Romney, Santorum's multi-millionaire rival, would win the nomination, each candidate had his or her fifteen minutes in the frontrunner position. Yet with each possible Romney alternative, closer inspection always revealed some deal-breaking discovery. Herman Cain was alleged to be a repeat sexual harasser; questions about Rick Perry's intelligence kept surfacing; and Michele Bachmann continued making unsupported statements about the HPV vaccine causing mental retardation.

MEET THE AUTHOR Deena Shanker is a writer living in San Francisco. After moving to the west coast from New York City in the fall, she is loving San Francisco's beautiful weather, colorful architecture, and never-ending vegetarian food options. She loves visiting the beach with her dog Barley and eating cheese, also sometimes with Barley. She is a graduate of the University of Pennsylvania Law School and Barnard College.

EXCERPT FROM THE BOOK

Though to many Americans the economy is the most important challenge facing our country Santorum did not focus on it much on the campaign trail On March 19 Politico noted that on the economy Rick Santorum these days has very little to say His focus had shifted to what he called a campaign for freedom He even stated I dont care what the unemployment rates going to be My campaign doesnt hinge on unemployment rates and growth rates Its something more foundational going on Yet according to Santorums campaign website he does have an economic plan Dubbed Made In America it is based on the recognition that to have a strong national economy we must have strong families His vision for American is to restore Americas greatness through the promotion of faith family and freedom Beyond these platitudes Santorum provides a number of specific plans including eliminating the estate tax what Republicans have named the Death Tax cutting the corporate income tax rate in half from 35% to 17.5% and getting rid of all Obama era regulations with economic impact over 100 million
